Swearingen, deceased, late of Moore County, North Carolina, hereby notifies all persons having claims against the estate to present them to the undersigned on or before June 4, 1954, or this notice will be pleaded in bar of their recovery. All persons indebted to the said estate will please make immediate payment to the undersigned.
This 4th day of June, 1953.
BESSIE C. SWEARINGEN,
Administratrix

Farm Plan Should Include Pasture; Order Lime Now

By E. H. GARRISON
County Farm Agent

It is none too early for you to begin thinking about pasture for this fall. Land for pasture should be selected now. Lime orders should be placed as soon as possible. If you will do this now, you stand a much better chance of having this on hand when you are ready to use it. Lime is very essential to the growth of good pasture and particularly the clover.

The only way to determine if the soil needs lime and how much per acre, is to take a soil sample of this land. We shall be glad to get these samples for you, or you may take them yourself. The Soil Conservation Service and vocational teachers have also taken a good many of these samples and I am sure will be glad to continue doing this.

Pasture grasses should be seeded in September and October. The sooner this lime is put on, the better it will be. This could be spread at any time now and turned when the land is broken. Please contact the PMA office if you expect to get assistance on this, and see that this has been put on your farm plan.

We have made a good start on our pasture and livestock program. I am sure that you will find that a good pasture will pay big dividends any time for cattle, hogs, and poultry. This is the way to make some cheap meat. Contact some of us if we can help you with this program.

The average American is eating about 12 percent more food than before World War 2.

Every 15 minutes a barn building burns somewhere in the United States.

Help observe National Farm Safety Week July, 19-25.

THEATRES CAROLINA

Continuing through this Thursday, Friday and Saturday at 8:15 p. m. with a Saturday matinee at 3 o'clock at the Carolina theatre, is the adventure story "Jamaica Run" (not rum) in Technicolor, starring Ray Milland, Arlene Dahl, Wendell Corey and Laura Elliot.

A sense of humor and a bouncing pace make "South Sea Woman" delightful and relaxing entertainment. This merry comedy is coming to the Carolina theatre Sunday through Wednesday, July 5-8, at 8:15 p. m. with matinees Sunday and Tuesday at 3.

Among the assets of this story of two marines and a girl are Burt Lancaster, Virginia Mayo and Church Connors in the leading roles.
Set in the early days of World War II, the story pokes fun at traditional Marine heroes, in recounting the adventure of two leathernecks who inadvertently become stranded on a South Pacific Isle with a beautiful girl.
Starting Thursday night July 9, is the hair-raising adventure picture, "The Beast From 20,000 Fathoms," with Paul Christian, Paula Raymond and Cecil Kellaway—and the Sea Monster.

COMING! Sunday through Wednesday, July 12 - 15, Walt Disney's cartoon classic "Peter Pan," together with Disney's newest true-life adventure short subject, "Bear Country," all in Technicolor.
Please Note: Through necessary agreement with the producer, the admission prices will be raised to 75c for adults and 35c for children at night, and 60c for adults, 25c for children, at the matinees.
