State Will Send \$19,487 To Town

Southern Pines will get \$19,487 in State funds returned to municipalities under the Powell act, it was announced by the State Highway commission this week.

Money for return to towns and cities under the Powell act represents one-half cent of the seven cents per gallon state gasoline tax. The funds are to be used for work on streets that are not part of the state highway system.

This week's announcement included only funds received by cities and towns getting more than \$10,000. Amounts to be received by other municipalities in Moore county will be announced.

Mid-year prospects indicate that the supply of feed concentrates for 1953-54 will be 6 per cent above those of this year and slightly lower than those of 1950-51.

Damage Light In Fire At Ye Olde Barn On Monday

Flooring that caught from an oil burner brought Southern Pines volunteer firemen to Ye Olde Barn, 267 W. Pennsylvania avenue, Monday afternoon at 1:15. Firemen ripped off some boards at the rear of the building and quickly extinguished a small blaze that could have become disastrous in the heavy heart pine plank flooring of the structure which once was a barn and livery stable. It now contains an automatic laundry and apartments.

Ten firemen responded to the call with both the new No. 1 La France truck and the older Ford machine. Only the booster pump on the No. 1 truck was used in fighting the fire. Damage was rated light. The fire was in the ground floor which forms the ceiling for a basement at the rear of the building where the land slopes down. Firemen returned to the station at 1:40 p. m.
