Poor Conditions At 3 Jails Cited In Report By Grand Jury Last Week

Courtroom Changes Recommended; Bonds For Officers Listed

The grand jury serving at last week's term of Superior court in Carthage, with C. H. Bowman of Southern Pines as foreman, found unsatisfactory conditions at three jails in the course of their inspection of public buildings.

The report lists the county jail at Carthage, the Pinehurst jail and the Aberdeen jail as all needing various improvements.

The complete grand jury report follows:

To Honorable J. C. Rudisill, Judge Presiding.

We, the Grand Jury selected for August Term of Superior Court submit the following report.

After careful consideration, we found 7 true bills, 4 not true bills, and continued three bills for lack of sufficient witness.

We examined the surety bonds for County officers and found the following: James W. Tufts, \$5,000; Guy McNeill, \$300; Ralph G. Steed and James F. Steed, \$1,000; Bernice Cameron, \$1,000; Garner Maness, \$300; John Kenneth Sharpe, \$300; Coy Rudolph Frye, \$200; Jerry V. Healy, \$5,000; L. L. Marion, \$5,000; Mrs. Bessie J. Griffin, \$5,000; Miss Maida Jenkins, \$10,000; Charlie McDonald, \$2,000; William T. Huntley, \$10,000; C. C. Kennedy, \$20,000.

Also \$50,000 in Government Bonds securing the bank account of the clerk of court.

All Reports of guardians, administrators, executors and Justice of Peace were reported by the assistant clerk of court as being filed up to date and otherwise in perfect order.

In general, we found the courthouse in good condition. However recommendations are made for Venetian blinds for all offices or certainly new shades. We found all offices poorly lighted with the exception of the Auditors office and strongly recommend a new lighting system of all offices.

There are no drinking water facilities in the basement or the third floor, and think that both floors should be provided with some.

A leaky pipe in the Farmer's Home Administration office should be fixed and a spot in the ceiling of this office where the plastering has fallen down should be fixed.

The floor in the men's rest room could be kept cleaner. Covering for steam pipes in boiler room needed.

County Home: Was found to be in fair condition.

County Jail: Was found to be in bad condition. Four bunks were found broken down. Walls are in bad shape. Floors and walls should be painted. New mattresses and covers are needed. Blank-

Hobson Johnson Dies; Rites Held At Newport News

Hobson Johnson of Newport News, Va., died Tuesday at a hospital there after a short illness, it was learned this week.

He is survived by his wife, the former Daisy Michael of Southern Pines, and one daughter, Bobbie Michael Johnson, of the home.

Funeral and burial were to be at Newport News, but details were lacking in information received by The Pilot.

ets should be laundered. Heating system needs repairing.

Prison Camp: Was found to be in good condition. The yards and premises well kept. Buildings clean. All water and toilet facilities clean and in good working condition. Kitchen and dining room clean and dinner served was very good. Have lots of vegetables for fall canning.

Southern Pines Jail: Not in use and not open for inspection.

Pinehurst Jail: Poor condition. Interior including windows need cleaning and painting. Commode unsanitary.

Robbins Jail: Good condition.

Aberdeen Jail: Bedding dirty and needs cleaning. Floors in bad shape insect infestation. Should be cleaned and painted. All but one commode are not in working condition. This should be corrected. Ventilation consists of one barred window to each cell. Water fountains dirty, need cleaning; no lights on inside—one single light installed on outside over walkway.

School buildings: These were not inspected at this time as most of them are locked up and could not be entered at this time of the year. However, Mr. H. Lee Thomas, County School Superintendent told the Grand Jury that the Schools were now in better condition than ever before. Most of the previous recommendations had been made. They were making improvements as fast as possible.

Inspection is recommended at the January term of Court.

School buses: Were found to be in good condition. All motors have been over-hauled and outside painted. Highway Patrol will make a thorough inspection of buses before the end of August or before the coming school term.

Respectfully submitted,
THE GRAND JURY
By C. H. Bowman, Foreman.

Pat Starnes In 'Mrs. North Carolina' Contest Being Held At Drexel Fair

Mrs. Pat Starnes, 23, wife of Dr. Boyd Starnes of Southern Pines, went to Drexel in Burke county yesterday (Thursday) to take part in the "Mrs. North Carolina" contest now under way at the Drexel Community Fair.

Winner of the "Mrs. North Carolina" title will go to Asbury Park, N. J., to take part in the "Mrs. America" contest with entries from throughout the nation. "Mrs. North Carolina" will get four weeks, expenses paid, at Asbury Park. The "Mrs. America" will receive prizes valued at \$10,000.

Pictured above in dancing costume, Mrs. Starnes has had a studio here for about two years but will not be able to display this talent at the Drexel contest.

She was due to take part in a preliminary contest Thursday night, consisting of an interview in street clothes during which each participant must present something she has sold, canned, cooked

or otherwise prepared as a housewife. Mrs. Starnes planned to present a silk dress she had made.

The interview was to be followed by judging of the contestants as they model bathing suits.

Winners in Thursday night preliminary contests are to take part in finals, with 10 contestants, tonight (Friday).

Miss Dorothy Ann Swisher of Southern Pines who last year took part in the "Miss North Carolina" contest at Winston-Salem, accompanied Mrs. Starnes to Drexel. Mrs. Starnes helped Miss Swisher prepare for the contest last year and went with her as chaperone.

Mrs. Starnes has lived in Southern Pines about four years.

Of the 1,115 persons killed in North Carolina traffic accidents during 1952, 248 were walkers, according to the State Department of Motor Vehicles.

The U. S. Department of Agriculture had purchased nearly 50,000,000 pounds of beef, or the product of about 160,000 head of cattle, from American producers since last spring.
