 W. W. Snyder, president of the North Carolina-Virginia Conference.  
 Prayer by the Rev. Carl Key, State director of the Christian Rural Overseas Program.  
 Offertory solo by Wesley Stoltz.  
 Ceremony of the keys, in which the chairman of the construction committee, Harry H. Pethick, will present the keys to the building to P. P. Pelton, chairman of the board of deacons, who in turn will present them to T. E. Shockley, superintendent of the Church School and to other representatives of the Church School, church organizations and church officials.  
 Appreciation to the church by J. Earl Parker, chairman of the board of trustees.  
 Explanation of the Robert Lee House Memorial Chapel by Amos C. Dawson.  
 Appreciation of the memorial to Dr. House by Mrs. Robert Lee

House and family.  
 Greetings to and introduction of honored guests by Amos C. Dawson.  
 Service of consecration and thanksgiving conducted by the Rev. Oswald W. S. McCall, D. D. Litt. D., interim pastor.  
 Address by Dr. William T. Scott, conference superintendent.  
 Closing prayer and benediction by Dr. T. A. Cheatham.

National Forests in North Carolina cover 1,118,063 acres, the largest amount of land in the State under single administration, as the Pisgah-Croatan and Nantabala forests have been combined into a single group designated as the North Carolina National Forests.

To divide an egg evenly when the recipe calls for only one-half egg, beat the whole egg, two tablespoons of the mixture is equivalent to one-half egg.

DR. SCHWARZMAN

**To Address Pinehurst Forum**

The Atomic Age will come in for a going-over when Dr. Alexander Schwarzman addresses the Pinehurst Forum at the Pinehurst Country Club on Thursday evening, December 3.

Dr. Schwarzman will explain, in layman's language, the modern effects of the atomic age into which the world is passing. He will give a preview of facts of the atomic age in its relation to our lives and futures, according to an announcement of the address.

The speaker has been for 40 years director of research for Spencer Kellogg & Sons of Buffalo, N. Y., and a director and vice-president of the company. A native of Poland, Dr. Schwarzman studied at the State Technological Institute of Burgdorf, Switzerland and attended the Universities of Berne and Grenoble, receiving a degree of Doctor of Sciences from the latter institution.

He has received the Schoellkopf Medal for his research in the processing of vegetable oils, from the American Chemical Society, and the Sigma Xi key and an honorary membership in the American Institute of Chemists. He is described as an engaging speaker who makes scientific subjects come alive for the non-scientific listener.

The Country Club's usual buffet supper will precede the talk.

**SHAW HOUSE**

(Continued from Page 1)  
 the State of North Carolina to one Hardy Sanders. They are all for land lying around this cabin and adjacent to Cabin Creek. One of them names the boundary as the "meanderings of the creek."

These grants date variously from 1835 to 1859. Since Moore County did not exist until 1829 and since such deeds were often delayed for years in being recorded, it seems probable that the Sanders family occupied the site and built the cabin much earlier.

Mrs. McColl was told by Andrew Sanders, a grandson still alive, that Hardy's son, Britain Sanders, occupied the cabin from 1860 on, that it was a "real old cabin" then, and that it is probably nearly 200 years old.

Britain Sanders' son, a second Hardy, and his wife, Spicy Sanders, lived there until it was sold in 1905 to Mrs. Esther M. Beebe. She gave it to her son, Harwood Beebe, who sold it to Mr. Hogan and Mr. Allen along with 500 acres of land.

**SILVER STAR**

(Continued from Page 1)  
 Division commander.

The master sergeant's wife, Mrs. Octavia Woodall, lives at the Vermont Avenue address in an apartment at the home of Mrs. Foy P. Swindell.

Last summer, M|Sgt. Woodall was awarded the commendation ribbon with metal pendant for meritorious achievement in Korea from late in April to early in June of this year.

He lived in Southern Pines while serving as a paratrooper with the 82nd Airborne Division at Fort Bragg.

Mrs. Woodall has a battered flag, sent to her by her husband, that flew atop "Sandbag Castle," the UN position, only about 20 yards from the Chinese lines, mentioned above.

**BLUE KNIGHTS**

(Continued from Page 1)

Don Graham, their star tail-back, is looked upon in the West as one of the best backs in six-man football. The 175 pound senior is a fast and deceptive runner, hard to tackle and harder to bring down.

No doubt much attention has been given by the local team this week to devising ways and means of stopping the aforesaid Mr. Graham. He is Old Town's leading scorer and their brightest hope for a win. But right behind Graham in all around ability is defensive center Cartwright, who also alternates with Graham at the tail-back spot on offense. These two boys can give any team a miserable afternoon.

**Weight Advantage**  
 Southern Pines will have to concede a weight advantage to Old Town, in the line and the backfield. Apart from this, the visitors are undefeated while the locals have dropped a game to Candor High by a one touchdown margin. Opinion here puts Southern Pines in the under dog role but only slightly so.

The Eastern Champs play as a team; there are no stars. But supporters of the locals point out that the Blue Knight pony backfield has done better than five touchdowns a game save the Candor loss. They are quick to concede that Old Town's Graham is a great back; but they also add that Southern Pines' Joe (Little Tank) Smith is up there too. A terrific runner—Smith digs out yardage after he is tackled and plays best when the going is the toughest. He is a great team player.

And so the argument goes on and the interest grows to a fever pitch. Indications now point to a sell out crowd at kick off time 2:30 p. m. Thursday. —JAP
