CREOMULSION
FOR CHILDREN
 relieves Coughs, Chest Colds, Acute Bronchitis.

NOTICE OF ADOPTION OF ORDINANCE

Notice is hereby given that, at the regular meeting of the Town Council of the Town of Southern Pines, assembled at the town hall on the 8th day of December, 1953, the following ordinance was adopted:

AN ORDINANCE REGULATING THE COLLECTION OF GARBAGE AND OTHER REFUSE.

Be it ordained by the Town Council of the Town of Southern Pines:

Section 1. Definitions: Garbage, as the term is used in this chapter, shall be held to mean and include all refuse, animal, fruit and other vegetable matter, all tin cans, glassware and crockery in which any such matter has been put up or stored, and all rags, waste paper, floor sweepings and other combustible refuse, except building material scraps, tree trimmings, and yard rakings.

Section 2. Garbage Required to be Promptly Removed. No gar-

bage that has become decayed or that shall otherwise be a menace to health, or cleanliness shall be allowed to remain in any dwelling house, hotel, boarding house, cafe, restaurant, lunch stand, fruit stand, meat market, store or other building or on any premises a longer time than shall be reasonably necessary to remove and deposit the same in can or cans as hereinafter provided in this chapter.

Section 3. Garbage Cans. The occupant of every building, premises or place where garbage does or may exist, shall provide himself with a garbage can made of substantial galvanized iron or other non-rusting metal in which he shall deposit all garbage existing at the place occupied by him. Such can shall be provided with handles or bales and with a tight-fitting cover made of the same material as the can. All garbage cans shall be water tight. They shall be of a size that can be conveniently handled by the garbage collector (not to exceed in holding capacity more than 30 gallons and shall not weigh more than 20 pounds while empty). All garbage cans shall be placed on or near the parkway in front of any dwelling. All garbage cans shall be placed at or near the rear entrance of any business establishment. In any event the garbage cans shall be placed in such a place that they can be conveniently reached by the garbage collector. Garbage cans shall not be placed in front of dwellings except the night before or during daylight hours of scheduled days of collection and shall be removed at all other times from the front of the dwelling and public parkways, except for sunken patented cans properly installed which shall be flush with the ground. All garbage cans shall be kept reasonably clean by the use of lye or other effective cleaner.

Section 4. Wet Garbage. All wet garbage shall have the liquid drained off and shall be wrapped in paper or other combustible material before it is placed in the garbage can, thus preventing smell and the breeding of flies in summer and freezing and adhesion to the can in winter.

Section 5. Deposit of Garbage in Public Places and on Private Property. No person shall throw, place or deposit any garbage in any street, alley, public place or private property within the city limits, except in garbage cans or garbage vehicles and as provided in this chapter.

Section 6. Transportation of Garbage and Slops by Private Persons: No person or persons shall collect, handle, haul or transport, on any of the streets, alleys, public ways or places of the city any garbage (or use the Town sanitary land fill) without first having procured a permit therefor from the Office of the Town Manager. This section shall be strictly construed as to non-residents but in the case of residents shall be subject to modification by such regulations as the Town Manager may promulgate and publicize.

Section 7. Removal of Garbage by Town. Garbage will be collected and removed at least twice weekly in residential districts and as often as is necessary in the business districts on such scheduled days as shall be announced and publicized by the Town Manager.

Section 8. Removal of Building Materials, Tree Trimmings and

Yard Rakings. Scrap building materials, tree trimmings, and yard rakings shall be collected and removed weekly on such scheduled days as shall be announced and publicized by the Town Manager. To facilitate action on such collections, citizens should call the Town Office and request this service.

Section 9. Removal of Ashes by Town. Ashes will be collected and

removed on the same days that garbage is collected. A separate container shall be provided by each building for the deposit of ashes for collection.

Section 10. Removal of Dead Animals. Dead animals will be removed at any time upon request to the Town Office.

Section 11. Penalty. Any person who shall violate any provision of this Ordinance shall be fined

not less than \$5.00 nor more than \$50.00. Each and every violation, and each and every day's continuance thereof, shall constitute a separate offense.

Section 12. All ordinances or clauses of ordinances in conflict with this ordinance are hereby repealed.

Section 13. This ordinance shall be in full force and effect from and after the 8th day of Decem-

ber, 1953.
