HARRY C. BROWNE, C.S.

**Christian Science
Lecture Scheduled
Friday, January 1**

The application of Bible truths—the Word of God—to the overcoming of fear, sin, disease and death will be the topic of a Christian Science lecture to be given here Friday, January 1, by Harry C. Browne of Boston.

A member of The Christian Science Board of Lectureship, Mr. Browne is internationally known also as the speaker on Christian Science transcribed radio programs. He will lecture locally on invitation of First Church of Christ, Scientist, in the church edifice, East New Hampshire Ave. at 8 p. m. His lecture is open to the public without charge. His subject will be "Christian Science: The Revelation of God's Healing Spiritual Ideas."

Mr. Browne toured the United States and Canada for twenty-five years in association with many of the foremost theatrical producers and managers. He left the theater in 1926, and in 1931 resigned as production director and announcer for the Columbia Broadcasting System to devote his entire time to the public practice of Christian Science healing. He was First Reader of Second Church of Christ, Scientist, New York City, and has served as First Reader and President of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. He was first named a Christian Science lecturer in 1942.

Wishing You
A JOYOUS CHRISTMAS

Beautiful indeed is the Story of Christmas... the Story of how, so many years ago, the Wise Men saw the Light... the Star... and followed it to a rich and wonderful reward.

Again it is Christmas... a time to find new faith and new hope in the true spirit of the occasion. May your Christmas be rich in joy and happiness... a season of much joy.

Merry
Christmas

Let us be truly grateful

That we live in a country

Where we worship as we desire.

May we be ever thankful

That Christmas in America is observed

With genuine love

And understanding for our fellowman.

RAYS of Robbins
ROBBINS, N. C.

HOW FAR?

How far is it to Bethlehem?
Not very far.
Shall we find the stable room
Lit by a star?

Can we see the little Child,
Is He within?
If we lift the wooden latch,
May we go in?

May we stroke the creatures there,
Ass, ox, or sheep?
May we peep, like them, and see
Jesus asleep?

If we touch His tiny hand
Will He awake?
Will He know we've come so far
Just for His sake?

Great Kings have precious gifts,
And we have nought,
Little smiles and little tears
Are all we brought.

For all weary children
Mary must weep,
Here on His bed of straw,
Sleep, children, sleep.

God in His Mother's arms,
Babes in the byre,
Sleep, as they sleep who find
Their heart's desire.
—Frances Chesterton.

IT'S IN THE BOOK!

Does crashing railroad warning signals mean the same as crashing red lights in town?

Indeed it does. The Motor Vehicle Manual says that when a railroad grade crossing is protected by a clearly visible warning signal it shall be unlawful for a driver to fail to bring his car to a stop before crossing. And railroad-crossing accidents involving motor vehicles are nearly always fatal, records of the Department of Motor Vehicles show.

Since the end of World War II, nearly a billion people in the world have attained national independence, but there still were some 200 million who had not yet achieved full self-government.

Iron rust can be removed by soaking the stain in lemon juice, sprinkling it generously with salt, then exposing it to the sun.
