

THE CENTURY edition of the Buick convertible has just been put into production. The sloping doorbelt line and the fully exposed rear wheel give the Century convertible sports car styling with big car roominess. Mounted on a 122-inch wheelbase, the Century is powered by

a 200-horsepower high compression V-8 engine. The interior is trimmed in genuine leather with power windows and power front seat as standard equipment. Martin Motor Company at Aberdeen is the Buick dealer for this area.

Children Enjoy Pinebluff Playground; Funds Are Raised For Skating Rink

Home Demonstration Club Started Work; Many Have Helped

By MISS FLORA McDONALD
Home Demonstration Agent

With the pines as a roof and a rustic fence as a protecting shield, the children of all ages have swings, tennis court, shuffle board, volley balls, baseball and other equipment to occupy their time and energies at the Pinebluff Community Playground. The playground has children in it all hours of the day.

The idea of a community program developed in the Pinebluff home demonstration club in 1948 with Mrs. W. R. Griffin as the moving spirit. However the project could not have been a success without the financial support and work of the Pinebluff firemen.

The playground is 160 by 184 feet and was leased from the town in 1949 for a period of 10 years. The first project committee was composed of Mrs. W. R. Griffin, Mrs. John Morgan and Mrs. Herbert Van Boskerck.

Club members launched money making projects such as pot luck dinners and serving meals for the Lions Club, firemen, Scouts and anyone else who would pay for a meal.

In 1952 the firemen joined the club in the development of the project. They assisted in clearing

the grounds as well as financial support. By joint efforts equipment costing \$1,000 has been placed on the grounds. The home demonstration club now has Mrs. H. L. Payson as the permanent playground treasurer.

The playground was an important factor in the Finer Carolina Contest when Pinebluff won a \$100 prize in 1952. This was given to the club for its project.

The big item for the playground has not been added but funds are being raised for it. This is a skating rink, which will cost a great deal but is needed by the children. It is the hope of the community that the children will soon be off the highways and garage entrances and on the skating rink in the protected playground.

In Pinebluff, a village of winter and permanent residents, the playground project is a common meeting ground and all work toward its completion.

HIGHWAY PROSPERITY
More than nine million people are employed by highway transportation industries. One out of every six businesses serves the highway transportation field which is a \$30 billion annual business. The field includes firms which supply or service buses, passenger cars, trucks, rural roads, city streets, and truck highways.

Don Lane spent the weekend with his mother, Mrs. Anne Lane. Jack Taylor of UNC spent the weekend visiting his parents.

FLOWERDAY TRIBUTE

Industrial nursing was founded in England in 1878. In that year, a Mrs. Jeremiah Colman hired a Miss Philippa Flowerday to work, not only in the family's mustard mill, but also to follow up the sick employees in their homes. This was one of the first links to be established between the factory and the home.

Proposed changes in the organization of the Infantry Regiment will be tested on Exercise Flash Burn at Fort Bragg.
