

### Broiler Growers Asked Opinions About Organizing

By F. D. ALLEN  
Assistant County Agent

Several growers of broilers in Moore County have expressed an opinion that the broiler growers should be organized. We would be glad to help our farm people in any way possible. If you feel that we need this kind of organization, talk it over with your neighbors and let us know. We will call a meeting for an open discussion if the growers want it. I know that you would like to know what this kind of organization would do. This would be left up to you as a member to decide. You know that it is better to act as a group than to sit back and talk about our problems and not do anything about them.

What can we do to help our broiler growers of the county make a reasonable profit for their efforts? This question is one that can best be answered by you, the broiler growers of Moore County. Would you like to have a meeting called? Call or contact the county agent's office in Carthage.

Through the Nickels For Know-How program, North Carolina farmers voluntarily contributed \$286,025.80 toward agricultural research during 1952 and 1953.

### DROWNINGS ARE AVOIDABLE

## Water Safety Rules Important

Drownings are avoidable, points out Dr. J. C. Grier, Jr., first aid and water safety chairman for the Moore County Red Cross Chapter.

People who use the lakes and swimming areas of Moore County during the summer should take pride in establishing a perfect water safety record in 1954, said Dr. Grier.

Observing the following rules and encouraging others to observe them will enable the county to achieve such a record, Dr. Grier believes:

1. Select a safe place for swimming, preferably one supervised by a life guard.
2. Swim with some one who will be watching for your safety and whose safety you will protect; in other words, have a buddy while swimming.
3. Wait at least one hour after eating before going swimming.
4. Do not go swimming when tired or over-heated.
5. Don't go beyond your depth unless you are a good swimmer.
6. Before diving be sure the water is deep enough and free of obstruction.
7. Demonstrate only those abilities you possess. Do not try to show-off.
8. Do not stay in the water too long.
9. Know how to help some one who may need assistance with the

### WITH THE Armed Forces

Benjamin G. Gay, seaman, USN, son of Mr. and Mrs. Marvin L. Gay of 922 Wisconsin ave., Southern Pines, is aboard the USS Kidd, one of three destroyers that arrived recently in San Francisco, Calif., after seven months in the Far East with the U. S. Peace Patrol.

The ships, completing their third tour of duty with UN forces, have been patrolling the waters around Korea, Japan and Formosa.

The destroyers are due for an overhaul period at the Long Beach Naval Shipyard beginning about June 5.

10. Know how to apply artificial respiration.

Reports from N. C. Growers indicate 5,400 acres of cucumbers for fresh market this year. This is about 10 percent above last year's acreage but almost 4 percent below the 4-year average of 5,600 acres. Based upon May 1 conditions, North Carolina production is expected to total 486,000 bushels compared with 1953 production of 441,000 bushels.

### P-O-N-Y Players Lose First Game Here To Aberdeen

A slugging, hustling P-O-N-Y League baseball aggregation from Aberdeen romped over the local P-O-N-Y "Salt and Peppers" 16-6 at Memorial Field Tuesday afternoon in Southern Pines' first game of the season.

The game was halted after six innings because of darkness.

Aberdeen scored 16 runs on 11 hits and made three errors, while Southern Pines scored six runs on five hits, making nine errors.

Farmer and Babb pitched for Aberdeen, with Smith catching. John Van Benschoten and Dickie McInnis were on the mound for the Salt and Peppers, with John Williford behind the plate.

During Aberdeen's big sixth inning, when they scored nine runs while the local boys made five errors, Teal, with a triple, and Veasy, with a double, helped clear the bases for the visitors.

Another game with Aberdeen was scheduled for Thursday, with results coming too late for The Pilot's press time.

Tuesday of next week, the Salt and Peppers travel to Raeford for the first game of a home and home series, the final to be played at Memorial Field Thursday, June 3, at 5 p. m.

(See complete league schedule elsewhere in today's Pilot)

### Extra Points Wins Fifth Straight To Defeat Sun Shower

Extra Points, the Sandhills-trained steeplechaser, beat another locally-trained horse, Sun Shower, who ran second, in the Charles Appleton Warren Memorial Steeplechase at Belmont Park Thursday of last week.

Dooley Adams rode Extra Points to victory. The horse, who registered his fifth straight victory and sixth in seven starts this season, is owned by Col. L. H. Nelles of Oakville, Ontario, Canada, and was trained at Southern Pines by the rider's mother, Mrs. C. E. Adams.

Extra Points took the course of about two miles in 3:44 4-5, coming in three lengths ahead of Sun

Shower, owned by Mrs. Vernon G. Cardy of Southern Pines and Canada, trained by Mickey Walsh, local horseman, and ridden by Jockey Smithwick. Extra Points returned \$2.70 as a 3-10 prohibitive public choice in the wagering. Sun Shower crossed the finish line some 15 lengths ahead of Sun-downer, the only other horse in the race.

## HERE ARE THE FACTS, KERR SCOTT!

You said, Candidate Scott, in a speech at Durham as quoted in The News and Observer of May 22, 1954: "All the people want are the cold, hard facts and the opportunity to pass upon them. The people want from their political leadership clean, fair and honest campaigns."

## THESE ARE COLD, HARD FACTS, KERR SCOTT

1. You received from the State in 1952, while you were Governor, \$12,658 for highway right-of-way through your 2300-acre plantation.
2. You leased a rock quarry on your farm to a contractor building roads for the State, and thus profited in another way from the road program.
3. Since you were acknowledged as Boss by your Highway Commissioner, a total of 19.5 miles of secondary roads were built in and around your 2300-acre plantation.
4. Your son used a State car to travel to and from Raleigh while he was a student in Duke University.
5. You accepted pay from East Carolina College for making a speech at this State Institution while you were Governor.
6. You accepted gratuities as Governor, including \$1,141.87 worth of nitrogen solution delivered to your farm by the Liberty Manufacturing Company of Red Springs to fertilize your pastures for a political rally you never held.
7. You have refused to make public your income tax returns so the people can decide for themselves to what further extent you enriched yourself as Governor.
8. You fired or attempted to fire numerous State employees because they did not vote for your hand-picked candidates as you dictated.

## YOU ASKED FOR THE FACTS, KERR SCOTT! AND YOU GOT THEM!

We agree with you: "The people want from their leadership clean, fair and honest campaigns." The people also want clean, fair and honest candidates.
