**Sandhills Music Association 'In Black' For First Time In Its 5-Year History**

**80 Members And 250 Others Buy Season Tickets For Concerts**

The Sandhills Music Association, which presents an outstanding series of concerts and recitals during each winter season at Weaver Auditorium, Southern Pines, is in the black financially for the first time in its five-year history.

This encouraging announcement was made by Lawrence McN. Johnson, president of the Association, to the members and guests attending the Jacob Lateiner piano recital, fourth of the 1954-'55 series, last Friday night. The group operated this year on a \$3,300 budget, instead of a \$5,000 budget as in previous years. It was found that, while "big name" artists might not be available on the smaller budget, there was a wide choice of artists of excellent talent and growing fame, which has made up a most interesting series.

Members pay \$1 a year in dues and purchase season tickets at varying amounts, depending on the seat location. The association has 80 members this year, and additional 250 persons have purchased season tickets. A number of single tickets have also been sold for each concert—a practice not generally followed under the season-ticket plan but employed here because of the seasonal nature of the population in the resort communities.

**Attractions Presented**  
Thus far this season the association has presented Iva Kitchell, dancer; the Columbus Boys' Choir; the N. C. Little Symphony, and the young pianist Lateiner. Final concert under the current budget will be the soprano-tenor duo of Shirley Emmons and William McGrath, former featured soloists with the Robert Shaw Chorale which has performed here twice in past years. Their concert will be given Friday evening, April 22. The Young Musicians concert to be held early in May at the Pinehurst Country Club, a traditional and admission-free presentation of advanced students of Moore County music teachers, will conclude the series.

Officers of the association besides President Johnson are Dr. R. B. Warlick, treasurer, and Tom Howerton, publicity. Mrs. N. L. Hodgkins is in charge of the Young Musicians concert.

Commenting on the current series, the president said, "We are delighted to report that the association is in the black after four years of deficit operation. The purpose of our group, of bringing to this community outstanding performers from the world of music and dance, is gradually being given the recognition it deserves. It is our hope that our growing grassroots concert series will draw increasing support not only from our own community, but from other places within easy driving distance. The calibre of our artists is such that, if we continue to adhere to the principles we have lived by since our organization, we should continue to grow and prosper."

The association grew from a group originally formed to bring the N. C. Symphony Orchestra to the Sandhills. The Symphony's first concert was given in Southern Pines in April, 1950, initiating a series of some 25 concerts, all told, which have now been presented under auspices of the association.

**State Income Tax Returns Must Be In By April 15**

The General Assembly has extended the time for filing State income and intangibles taxes until April 15, Ralph Monger, Jr., deputy collector, whose office is at Sanford, pointed out this week. A representative of the State Revenue Department was in Pinehurst Wednesday of this week, completing the visits of representatives to this area, but State tax information may be obtained without charge from Mr. Monger's office in Sanford.

**Who Must File**  
Returns are required of single persons with an income of \$1,000 or more, or a married man with an income of \$2,000 or more. A State return must be filed by a married woman with a separate income if the income is as much as \$1,000.

State taxpayers who filed last year have been mailed either a short form blank or a long form blank, depending on which type was used last year. If conditions have changed and the other blank is desired this year it may be secured by writing the N.C. Department of Revenue in Raleigh or contacting the local representative of the Department.

Failure to automatically receive a blank does not relieve the taxpayer of filing and those who for some reason have not received a blank but are required to file should request one as soon as possible, it was pointed out.

The 55 million hogs and pigs on U. S. farms January 1 was 13 per cent above the relatively low figure of a year earlier.

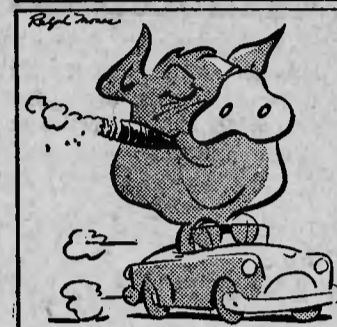

**Family Night Set By Local Church**

Family Night, with a picnic supper at 8:30 p.m., is scheduled for next Wednesday in the Fellowship Hall of Brownson Memorial Presbyterian Church, according to an announcement by the Committee of Christian Family Life, of which Mrs. Walter Harper is chairman.

The evening's program will include fun, fellowship and worship. There will be singing, a movie entitled "Moving Forward With Christ," which expresses the theme of the Church for this month: evangelism; also a cartoon for the children and a skit by the Ligon Bible Class.

Additional portraits at reasonable prices may be purchased if desired. NO OBLIGATION

**THE YOUTH SHOP**

South Street ABERDEEN

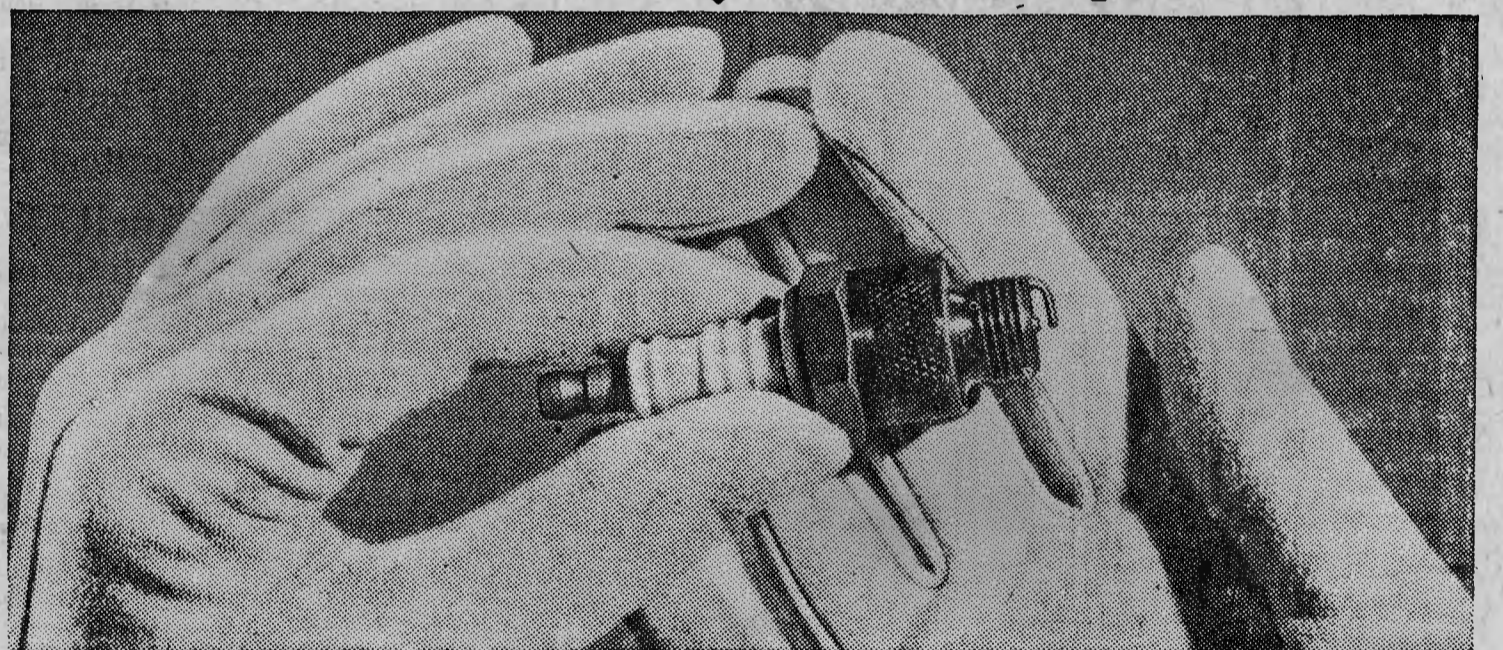

This lamp test shows what a difference Gulf super-refining makes. Gulf refines out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

HERE'S HOW New 1955 No-Nox burns clean...

**HERE'S WHAT**

New 1955 No-Nox  
does for engine parts...

This spark plug is from one of the original equipment plugs used in Gulf test fleet cars. Normally, plugs need cleaning or replacement after 5,000 to 10,000 miles. This plug and its mates did not need cleaning or replacement after 15,000 miles with new NO-NOX.

what's more... No gasoline—no, not a single one—has higher octane than...

This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.

**New 1955 GULF NO-NOX**

- Fill up now with new Super-Refined Gulf NO-NOX and feel the difference in power that really works for you mile after mile. Right from the start, you'll get these lasting benefits:
- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving you do most.
- Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined... to burn clean!  
The '55 gasoline for all high-compression engines.
