## Jr. Woman's Club Plans Clothing Closet Drive

The Southern Pines Jr. Woman's Club, cooperating with the Moore County Welfare Department, has completed plans for a clothing closet drive to begin on April 22, according to Mrs. James Suttles, chairman of the drive.

The purpose of the drive is to collect used clothing in good condition or money to buy new clothes and make them available to those whose need is known to the County Welfare Department. Last year, about 600 garments

were collected and many children were clothed. The clothing makes a contribution not only to the health and comfort of the individual but in many instances, makes it possible for a child to attend school and church, it is pointed out.

All clothing should be cleaned and prepared by the donor. Articles will be collected by club members and distributed through the County Welfare Department. The dates of the collection will be April 23 through April 30. All who are interested are asked to get clothing ready, then call 2-4142 or 2-6251 to have it picked up.

## Civic Garden Club Program Centers Around Big Freeze

Cancellation of the Spring Flower Show of the Civic Garden Club is just one more of the many disappointments caused by the recent "Big Freeze."

At the monthly meeting of the club last Thursday, the president, Mrs. J. H. Ratliff, regretfully announced that the members would be deprived of this opportunity to display their talents in arranging blooms from their gardens and to hear who had won the most awards during the season.

To help members with their problems, the speaker of the afternoon, Paul Staples of the Skyline Nurseries on Highway 1 North, gave valuable advice on treatment of trees, shrubs and plants affected by the severe cold.

"Don't be in a hurry," he said, "to cut off dead leaves and twigs, because they give necessary protection to the new growth and help provide air and moisture to offset dryness caused by the freeze. Plenty of watering and deep fertilizing to insure proper absorption by the roots will be very helpful in saving damaged shrubs."

"Where the stalks of chrysanthemums have wilted cut them off to allow new shoots to grow, and prevent the spread of crown rot to other plants by burning the cuttings," he advised.

For bulbs whose blooms have wilted prematurely he recommended a generous application of standard fertilizer and bone meal to increase the size of the bulbs and to promote good bloom next season. Wilted iris stalks should be cut close to the ground to give the plants a chance to produce more buds later in the season, he said. He suggested that castor bean meal be used to discourage insects in the soil and moles which feed on them.

"Now Is the Time" suggestions were given by Mrs. L. W. Finch, who also displayed a plant of Torenia brought by Miss Helen Butler as an example of a satisfactory plant for rock gardens and bedding.

Mrs. J. P. Dalbey, Mrs. Donald Swope, Mrs. Wayne Keet, and Mrs. Charles Smith, of Gettysburg, are spending some time with Mr. and Mrs. J. B. Boyle of Massachusetts Avenue.

**CIVIC CLUB SPEAKER**—Mrs. Wallace Irwin, of Southern Pines, shown above with her husband, will be the speaker at next Monday's annual meeting of the Southern Pines Civic Club. She will review "His Brother's Keeper," by Marsha Davenport, whom she knows quite well. Election of officers at 3 p.m. will precede the review, scheduled for 3:30. Tea will be served. All who wish to attend will be welcome. Mrs. Irwin is the author of "The Golden Hammock," "Silver Platter," "Young and Fair," and numerous short stories and magazine features. She has also written plays, in one of which Alice Brady starred. The program is sponsored by the Thursday Morning Book Club. This will be the Civic Club's final meeting of the season.
