

FIFTY YEARS AGO—A number of these Southern Pines and Carthage baseball players, pictured about 50 years ago, are still living in this area. The field on which the photo, was made was located near the present intersection of Massachusetts Ave. and Ashe St., before Massachusetts Ave. had been cut through. House in the left background is the "old Crain house" on South May St., where Mrs. Betty Cameron lives today. The cooperative efforts of a number of Moore County residents produced identification of those pictured, as follows: Bottom row, left to right: Cary Blue, Charles Mills, Carl Brown, John Crain, Henry Weber, Edwin McKeithen, Neal McKeithen (mascot), Ralph Caldwell and Bruce Jenkins. Middle row, same order: Emerson Giles, score-

keeper; — Murdoch (first name not recalled), Ralph Chandler, George Graves, Rod Bryan, Reid Pleasants, Tom McLeod, John Nunnery and Stacy Brewer. Back row, same order: Claude Hayes, umpire; and two unidentified players believed to have been winter residents or visitors, one of whom appears to have a monogram on his uniform that suggests he was a member of a college team. The Pilot is indebted to Ralph L. Chandler, Sr., who undertook identification of the players, enlisting the help of Mrs. Margaret Cameron, George Graves, Sheriff C. J. McDonald and Charles MacLeod of Carthage, and others, to all of whom appreciation is expressed. The photo was originally brought to The Pilot by George Graves. Date of the picture is estimated at 1905, 1906 or 1907.

Welfare Institute

Slated November 3-4

"Services To Children With Special Problems" has been chosen as the theme for the 36th annual Public Welfare Institute to be held in Raleigh November 3-4, according to an announcement by Dr. Ellen Winston, commissioner of the State Board of Public Welfare.

The meeting which is expected to draw some 500 people from over the State will be attended by public welfare workers, members of the county boards of public welfare, county commissioners, clerks of Superior Courts, and others interested in welfare matters. Sessions will be held at the Sir Walter Hotel.

Three years of research work at the N. C. Experiment Station shows autumn hatched chicks can be economically brooded and developed in all sections of the state.

NORTH CAROLINA UNLIMITED

How Did We Do it With FEWER Cows?

Although the number of milk cows on North Carolina farms is fewer now than a year ago, the total milk production in the State during 1954 was 1,704 million pounds—the largest total on record! This total was 9 million pounds MORE than 1953, despite fewer cows. How our farmers accomplished this feat is but one more example of Tarheel vitality and ingenuity—two important factors in helping to keep North Carolina a better place in which to work, play and live!

Another contributing factor to more pleasant living for North Carolinians is the brewing industry's self-regulation program where brewers, wholesalers and retailers—in counties where malt beverage sales are permitted under State control—cooperate to maintain wholesome conditions for the legal sale of beer and ale.
