Who says dream cars never come true?

Dynamite from Detroit

Coming! America's first production dream car—
 it will influence the shape of cars for years to come.

The old Detroit rule was to introduce new features gradually, to make little changes each year. Sometimes a new grille, an engine improvement, or new colors and trim.

We broke that rule. In fact, we broke all the rules. This is dynamite!

For you are not the only one who has dreamed of a totally modern car, a car that has everything you find at automobile shows, in illustrations, and in custom-built experimental cars.

Detroit has had that dream, too. And that's why the 1957 Mercury is the car that has honestly excited the most car-jaded, the most sophisticated of Detroit's automotive experts.

When you see the new 1957 Mercury, you'll see America's first full-production dream car—a car that

will influence the shape of cars for years to come.

You'll see a dream car you can own and drive—a car that has far more than startling years-ahead beauty.

THE BIG M for '57 boasts dream-car features never before found outside a designer's dreambook: a Keyboard Control that makes ordinary push-button driving old-fashioned; an exclusive Floating Ride with a revolutionary new cushioning action you have to feel to believe. There are Mercury "firsts" everywhere you look. A Power-Booster Engine Fan in the Montclair series that saves horsepower other cars waste. And many more Mercury exclusives.

You'll see THE BIG M—the new Mercury for 1957—soon. You'll see it. You'll drive it. The first dream car that can be yours. The dynamite is on its way from Detroit to your dealer's—now!

STRAIGHT OUT OF TOMORROW

Ponzer Attends Meet Of Textile-Electrical Men

John Ponzer of Southern Pines, district industrial engineer of the Carolina Power and Light Company, was one of some 350 delegates from North and South Carolina and Virginia attending a conference on electrical equipment for the textile industry last Thursday and Friday.

The conference, held at North Carolina State College in Raleigh, was sponsored jointly by the Textile Sub-Committee and the North Carolina section of the American Institute of Electrical Engineers, and the School of Textiles and Department of Electrical Engineering of the college.

The conference was designed primarily for engineers and operating men from the Carolinas-Virginia area who are in the textile industry. Other allied industries were also represented.

The general theme of the meeting was "how to increase efficiency in production and the application of automation."

Ponzer, who is an officer of AIEE, presided at an afternoon session of the conference.

Mrs. R. L. Hart, Former Resident, Dies In Reidsville

Mrs. R. L. Hart died at her home in Reidsville last Friday following an extended illness.

Formerly of Southern Pines, Mrs. Hart was the wife of the late Robert Lee Hart. Mr. Hart was at one time proprietor of the Broad Street Pharmacy here.

Surviving are her daughter, Mrs. D. H. Huffines, Jr., of Reidsville; one brother, Burton W. Wray of Reidsville; three sisters, Mrs. Henry B. Clark of Reidsville, Mrs. C. S. Nissen and Mrs. Frank H. Abbott of Esparto, California.

Funeral services were held at St. Thomas Episcopal Church in Reidsville with the Rev. Richard Lee officiating. Burial followed in Mt. Hope Cemetery in Southern Pines.

Students majoring in public health nursing in the Department of Public Health Nursing of the University of North Carolina School of Public Health may receive the following degrees: bachelor of science in public health nursing, master of public health and master of science in public health.
