Christmas Cheer

Much was done by various Vass organizations, including church groups, the Lions Club, Woman's Club, and the Volunteer Fire Department, to spread Christmas cheer to homes in this vicinity.

This year for the first time the firemen set up a tripod with a pot in front of the post office, with a neatly lettered sign asking the public to help make Christmas merry for poor children. No one was in attendance—just the silent appeal of the poster—but \$43.31 was garnered in this way.

The firemen fixed around 50 bags of Christmas goodies for children and distributed these along with numerous toys on the night before Christmas, bringing joy to many.
