Robbins Industrial Progress  
Robbins citizens, who last year  
organized the Robbins Develop-  
ment Corporation, have begun to  
press the realization of one of  
their dreams.  
Recently, John Kerns, contrac-  
tor for the Star, began the building

which is to house the Colonial  
Poultry Co. a dressing plant  
which is moving to Robbins as a  
result of the efforts of the Devel-  
opment Corporation. Spring is  
set as the opening date. The home  
office of the plant is Athens, Ga.,  
and the Robbins plant will em-  
ploy 200 people, with the possi-  
bility of working three shifts with  
a total employment of 600.  
The new building is located  
north of Robbins just inside the  
city limits on land purchased  
from Mrs. Catherine Shields by  
the Robbins Development Cor-  
poration.

**New Dam Project**  
The Town of Robbins has be-  
gun work on a new dam just west  
of the town on Bear Creek, which  
will greatly increase the town  
water supply. When completed  
the dam will assure the town of  
an adequate water supply for a  
period of as long as three months  
without any new intake. Having  
experienced a water shortage at  
times during the past years the  
townspeople welcome this im-  
provement.

**East-West All Star  
Tournament**  
On March 16 the Town of Rob-  
bins will play host to the East-  
West All-Star tournament.  
As first move in an all-out ef-  
fort to make the visitors comfort-  
able and welcome, Mayor Way-  
land Kennedy and the Town  
Board have declared the week of  
March 1 through March 9 as  
"Clean-Up and Paint Up Week"  
in order to have the town looking  
its best.

The Robbins Lions Club met  
Wednesday night at a supper  
meeting held at Tim's Restaurant  
with the Rev. W. O. Nelson, presi-  
dent, in charge. Chief action tak-  
en was the decision to sponsor the  
Midget Baseball League again this  
year, and to go all out in promot-  
ing the White Cane drive.

**Boy Scouting**

**Improvements Are  
Noted In Highway  
Work By Lockey**

Completion of several road pro-  
jects, which give a new look to  
much of the area between South-  
ern Pines and Aberdeen, was an-  
nounced this week by Commis-  
sioner Forrest Lockey of the 8th  
Highway Division.  
Several sections of existing  
roads were resurfaced with sand  
asphalt, including old US 1, which  
is 22 feet wide, from NC 211 to a  
point 3 mile away near the new  
US 1; Saunders Ave., 20 feet wide,  
from old US 1 to NC 211, a dis-  
tance of .9 mile; and NC 211, 24  
feet wide, from US 1 to old US 1  
in Aberdeen, only 1 mile.  
A new 22 foot road, running  
from US 1 at the south end of the  
Southern Pines bypass to Bethes-  
da road at Powell's Pond has re-  
ceived a soil-type base course and  
has been paved with sand asphalt.  
That particular area has come in  
for much work recently, as a  
Charlotte firm also completed a  
new 165 foot long bridge over the  
Seaboard Airline Railway on a  
county road nearby, between US  
1 and Bethesda Road at Powell's  
Pond.  
Construction of the new high-  
way took a fairly large amount of  
traffic out of the Southern Pines  
Country Club.

Miss Flora McDonald, said today.  
Mrs. Callie Hardwicke, house  
furnishing specialist of the State  
College Extension Service, will  
give the demonstration, which  
will be on handmade articles for  
the home.

Hog prices  
had gone up \$2.50  
seasonal low of mid-November, and  
a further price rise is likely dur-  
ing the remainder of the winter,  
according to U. S. D. A. market

ing re-  
ders.
