HOW DOES
YOUR TOWN LOOK?

THE very foundation of progress for any town rests on one very simple fact — the appearance of the town.

An unkempt, dirty, careless-looking community never develops. But, a town with a "clean face" becomes a proud, progressive town. It attracts citizens with self-respect, character and a talent for getting things done. That brings better living and more prosperity to the whole community and the rural area it serves.

So look at your town with a critical eye — refresh your mind with a new picture of it, as an outsider would see it. Then, if it doesn't measure up, you can start doing something about it right now. Your Finer Carolina Committee will welcome your suggestions on how to make your town one of Carolinas' Finest.
