

**ABERDEEN NEWS**

**Home and Garden Club**  
Mrs. E. L. Pleasants and Mrs. C. G. Farrell were joint hostesses to the first meeting of the new year of the Aberdeen Home and Garden Club held Tuesday afternoon in the Pleasants home on Bethesda Road.  
Following the routine business session, presided over by the president, Mrs. Leo Arey, Mrs. E. T. McKeithen gave a short talk on Ten Points to Garden Design. Mrs. H. W. Doub then presented the club's yearly garden prizes as follows: The bird bath to Mrs. D. J. Hobbs for making the most improvements in her yard; the flowering shrub to Mrs. F. S. Weaver for having the most continuous blooms in her garden; the prize for having the best arrangements in the club during the year went to Mrs. Roy Bender and honorable mention for the prettiest overall beauty in their yards went to Mrs. V. U. Grose, Mrs. Curtis Lawhon, Mrs. M. M. Creel and Mrs. Bennett Short.  
In voting on the many arrangements for the afternoon, Mrs. S. F. Swaringen's arrangement won first place.  
During the social hour chicken salad sandwiches, cake and coffee were served.

**TO THE PINEHURST and SOUTHERN PINES  
TELEPHONE CUSTOMERS**

At 2:01 A.M. Sunday morning, September 29, 1957 the Southern Pines customers may commence dialing Pinehurst and Aberdeen numbers direct; Pinehurst customers may then commence dialing Southern Pines numbers direct. The major part of the changeover, expected to take about four (4) hours, will be started at 10:00 P.M. Saturday night, September 28. During this four (4) hour period, it is requested that the customers refrain from using the telephone as much as possible; however, in an emergency where you cannot reach the number you dial, dial "O" and request the Operator to assist you. Additional operators will be on duty during this period to assist in such emergencies.

Coincident with the establishment of the above extended area service, all Southern Pines and Pinehurst telephone numbers will be changed to new 2-5 numbers (2 letters - 5 numerals); Aberdeen already has 2-5 numbering. The office names and numbers will be as follows:

Aberdeen	Windsor 4
Pinehurst	CYpress 4
Southern Pines	OXford 2 and OXford 5

The customer's telephone number will consist of the office name and number above, followed by four (4) additional numerals:

Aberdeen	Windsor 4-8111
Pinehurst	CYpress 4-8111
Southern Pines	OXford 5-8111

In placing a local call within your own exchange area (a Pinehurst customer calling a Pinehurst customer), dial the 2 letters and all 5 numerals in the called customer's number.

Example: A Southern Pines customer would dial "OX 5-8111".  
A Pinehurst customer would dial "CY 4-8111".

In placing an extended area service call (a Pinehurst customer calling a Southern Pines customer), dial the 2 letters and all 5 numerals in the called customer's number just as you would in dialing a local number.

Example: A Southern Pines customer would dial "CY 4-8111" to reach his Pinehurst party.  
A Southern Pines customer would dial "WI 4-8111" to reach his Aberdeen party.  
A Pinehurst customer would dial "OX 5-8111" to reach his Southern Pines party.

In placing a long distance call, give the Operator your full telephone number, including the office name and number. Example: Pass the call to your Operator  
"This is (CYpress 4-8111) or (OXford 5-8111)" followed by your name.

A good way of saying your number—and remembering it—is as follows: "CYpress 4 (pause) 81 (pause) 11" or "OXford 5 (pause) 81 (pause) 11".

To make the change to 2-5 numbering effective, all of the dials should be equipped with dial plates having letter as well as numerals. It is believed that all of the telephone instruments have now been so equipped. However, in the event that you do not now have a lettered and numbered dial, please call "Repair Service" and allow us to change your dial plate.

**IMPORTANT:**

The "O" of the 2 letters in the Southern Pines exchange name "OXford" is the letter "O" in the "MNO" hole associated with the numeral "6" on your dial. Do not dial the numeral "0" associated with the letter "Z" and/or the word "Operator" on your dial as this would connect you with the Operator.

The new telephone directory listing all the new telephone numbers will be mailed to you; you should receive it by Saturday morning. Remember, all the numbers will be changed to 2-5 numbers; in some cases, but not all, the new telephone number is the same as the old except for the office name and number.

The new 2-5 number plate cards will be mailed to you showing your new 2-5 number. Full instructions as to how the new 2-5 number plate card should be affixed over your present number plate card will accompany the card. These should be received by you at about the same time you receive your directory and should be placed on your telephone on Sunday morning. (Don't place it on your telephone prior to that time.)

The Special Service codes to reach Information and Repair Service have likewise been changed; consult your directory for this information.

**Two, Four, and Rural Multi-Party Line Customers**

If the first four (4) of the five (5) numerals in the number of the telephone you are using are the same as the first four (4) numerals in the number of the telephone you are calling, those telephones are on the same line. To reach the party you are calling, dial the Reverting Call code—"119"—followed by the last digit of your telephone number, then followed by the last digit of the number you are calling.

In Pinehurst—If CY 4-8111 is calling CY 4-8113, dial "11913".  
In Southern Pines—If OX 5-8111 is calling OX 5-8113, dial "11913".

Your patient understanding is earnestly solicited during the interim period between the time the change commences and its final conclusion. There will be a short period of time when certain of the customers will be temporarily inconvenienced, but this will be held to the minimum insofar as it is possible. It is expected that the most inconvenience will be experienced by those telephones having new 2-5 numbers as listed below:

<b>PINEHURST</b>	<b>SOUTHERN PINES</b>
CYpress 4-7	OXford 5-3
	OXford 5-5
	OXford 5-7
