Leaders For Scout Fund Drive Here Listed By Collins

Advance Gifts To Be Sought In Campaign Next Week

The advance gifts portion of the annual Boy Scout fund raising campaign will get underway in the Oconeechee Council, of which all of Moore County is a part, next Monday and last one week, according to Harold Collins, co-chairman of the drive.

The advance gifts committee is headed in Southern Pines by James D. Hobbs and E. J. Austin. General chairman of the drive here is E. Nolley Jackson.

Collins said that the general solicitation for funds would be conducted the week of October 1-7 throughout the county.

The entire council, he said, has a budget of \$180,000 for the coming year. No definite portion of that amount has been allocated to Moore County fund raisers.

Collins listed these other men as chairmen of the various aspects of the drive in their communities, with the general chairman's name first, the advance gifts chairman's name second:

Pinehurst, J. B. Von Schlegell and W. H. Burroughs; Carthage, T. Roy Phillips and M. G. Boyette; Aberdeen, W. Sidney Taylor and J. G. Farrell; and Pinebluff, R. T. Brock and Brady Brooks.

In several communities no advance gifts chairman was named. The general chairman will be in charge of that phase of the drive.

Chairmen are: Vass, W. J. Morgan; Cameron, M. L. Moses; Eagle Springs, Lynn Martin; Highfalls, C. E. Powers; and Eureka, Mrs. J. D. Matthews.

In the Negro division, of which V. T. Headen of Southern Pines and Harold Williams of Pinehurst are co-chairmen, the following general chairmen were named:

Southern Pines, Rev. W. S. Henderson; Pinehurst, Richard Highland; Aberdeen, E. A. Whitaker; Carthage, Clay Kelly; Vass, Moses Morrison; Cameron, Leroy Barrett; Eagle Springs, W. P. Brower; and Jackson Hamlet, Walter Stencil, Jr.

Southern Seniors Tourney October 28

The annual championship tournament of the Southern Seniors Golf Association will be played at the Pinehurst Country Club October 28-31, according to Chester I. Williams, executive secretary.

The tournament will be of 54 holes play and will be limited to 200 men contestants, and 48 ladies in the ladies' division.

MISS MOORE COUNTY TO BE NAMED

Agricultural Fair Begins Monday; Exhibits And Midway Are Readied

MISS N. C. HERE

Miss North Carolina, Betty Lane Evans of Greenville, will be in Southern Pines next Wednesday but alas! no public appearances in town.

She's coming to judge the beauty contest at the annual Moore County Agricultural Fair Wednesday night and will be here for that purpose only.

She's due to arrive late in the afternoon and will go straight to the Howard Johnson Lodge where she'll spend the night.

Miss Evans, as is pretty well known by now, placed fifth in the annual Miss America contest in Atlantic City last week. She is currently on a tour of North Carolina towns and cities and her schedule is about as tight as can be.

Town's Recreation Committee Submits Annual Reports

The organized recreation program in Southern Pines, limited to summer activity because of a lack of funds, nevertheless has enjoyed one of the best years in history, according to a report submitted to the Town Council Tuesday night by Mrs. Nancy Marley, chairman of the Recreation Advisory Committee.

The report is one in a series the Council is asking from its committees. At the last meeting V. Lamont Brown reported on the activities of the library.

Mrs. Marley's report indicated that large numbers of children took part in the program in both East and West Southern Pines. Among the activities she listed were Little League baseball, Pony League baseball, adult softball, playground activities and tennis.

She recommended that more emphasis be placed on activities during the winter, particularly for teenagers, and that "senior citizens" be taken into consideration in the future.

More funds are needed, she said, to carry on a fuller program.

Councilmen went on record as being of the unanimous opinion that the program probably afforded as much as anything else the town does a full measure of the taxpayers' money.

The annual Moore County Fair, complete with agricultural and commercial exhibits, a beauty contest to be judged by Miss North Carolina, and a spectacular Midway opens in Carthage next Monday and runs through Saturday. The event is sponsored by the Carthage Junior Chamber of Commerce.

Tommy Hall, president of the Jaycees, said yesterday that everything is in readiness for the big fall entertainment attraction for this area. It will be bigger and better than ever, he says.

Gates to the fairground will officially open at 6:00 o'clock Monday evening. Tuesday will be white school children's day, with the youngsters admitted free from 12 until 6.

One of the finest Junior Cattle and Dairy Shows in the history of the fair will be held next Wednesday with prized stock entered from Moore, Richmond and Montgomery counties. Valuable awards will be made to the winners.

As always, the featured attraction of the week-long event is no exception. Scheduled to be on hand as one of the judges will be Miss Betty Lane Evans of Greenville, "Miss North Carolina of 1958." Miss Evans was the winner of the bathing suit event at the "Miss America" pageant held last weekend in Atlantic City, and was fourth runner-up to the new queen, Miss Mississippi.

O. D. Wallace, Jr., chairman of the beauty contest, says there will be two contestants each entered from the eleven white schools of the county, making a total of 22 girls who will vie for the title of "Miss Moore County High School of 1958."

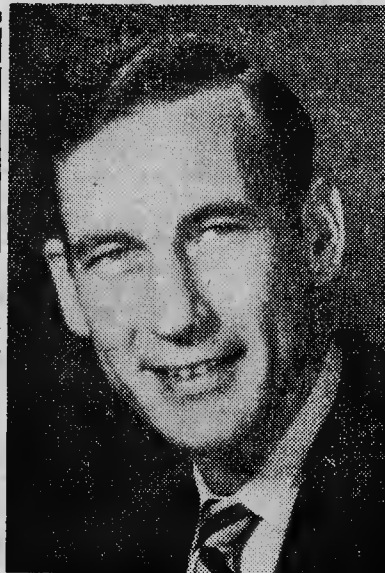

Last year's beauty queen, Miss Ellie Ann Purvis of the Carthage High School, will reign until a new "first lady" has been selected. Valuable prizes will be presented to the winner and two runners-up.

Next Thursday has been designated as colored school children's day with the main gate as usual opening at 12. Friday will be Agriculture Day and Saturday Moore County Day.

The O. C. Buck Shows will be furnishing the attractions on the Midway. The big caravan which moves on 52 pieces of rolling equipment will arrive at the fairgrounds Sunday morning and everything will be in readiness for Monday's opening.

Featured with the Buck shows will be all the usual rides such as the merry-go-round, ferris wheel, planes and many others. Besides

JOHNNIE HALL

Johnnie Hall Is Named Leader Of Young Democrats

Johnnie Hall, partner in Hall-Carter Opticians here, was named president of the local chapter of Young Democrats at the annual meeting held in the town library Monday night.

He succeeds E. O. Brogden, attorney, Hall formerly served the organization as treasurer.

The meeting, of a brief nature because of the necessity of several of those attending having to go to other functions, attracted only a handful of people.

All members of the club who are in good standing were named delegates to the annual state Young Democrats convention in Greensboro October 2-4.

Other officers who will serve with Hall the coming year are Mrs. Mildred McDonald, first vice president; Harry Fullenwider, second vice president; Mrs. Hope Brogden, secretary; and Mrs. Gladys Graves, treasurer.

Chapman Holding Own In U. S. Amateur Golf

Richard Chapman, Sr., of Pinehurst, won two matches in the National Amateur Golf Championships Wednesday and was scheduled for another today.

The tournament, being played in San Francisco, has only two North Carolinians left: Chapman and Harvie Ward, formerly of Tarboro. Ward is the favorite to win.

Chapman, who won the U. S. Amateur title in 1940 and the British Amateur in 1951, was the winner of the North and South Amateur tournament in Pinehurst last spring.

His son, Richard Chapman, Jr., lost out in an earlier match.

Council Agrees To Purchase Dr. Milliken's Property For \$30,000

First PTA Meeting Monday

The initial meeting of the East Southern Pines Parent Teachers Association will be held in Weaver Auditorium Monday night at 8 o'clock, according to the president, Charles Patch, Jr.

The primary order of business, he said, will be to bring in new members and announce the appointments of various organizational committees. A portion of the program will be conducted by A. C. Dawson, school superintendent, who will outline the school's

policies for the year and introduce the faculty.

Immediately following the meeting, Patch said, a reception will be held for the teachers in the cafeteria where parents may meet the teachers informally. The arrangements for the reception are in charge of the hospitality committee under the chairmanship of Mrs. Isaac Woodell.

Patch urged all parents who are not already members of the PTA to attend the meeting and become members.

Agreement Will Be Effective On October 1

The Town Council voted unanimously Tuesday night to purchase for \$30,000, the property owned by Dr. J. S. Milliken on the corner of S. E. Broad Street and East Pennsylvania Avenue.

Transfer of ownership is expected to take place October 1.

The property, which fronts 60 feet on Broad Street, was the only piece in the block the town did not own. Several weeks ago the Council paid Dr. Milliken \$8,000 for a 40-foot strip adjacent to the 60-foot strip. That piece was being sought by the Savings and Loan Association for the location of a new office building.

Councilmen said at the time though that they had preferred to keep the block free from private business and refused to zone the strip for business purposes. The Savings and Loan Association subsequently purchased a corner lot across from the new Municipal Center and is now making preparations to have architectural plans drawn for a building.

Under the terms of purchasing the property presently owned by Dr. Milliken, Council agreed to make payments in installments of \$7,500 until the \$30,000 had been paid. Payments are due the first day of January each year for the next four years.

Dr. Milliken is also to keep a small office in the rear of the building during the remainder of his life or until he decides to abandon it. He agreed to pay \$40 monthly rent.

Dr. Milliken did not appear at the Council meeting this week. He was, instead, represented by Attorney W. Harry Fullenwider, who elaborated on the terms Dr. Milliken had laid down for the sale of the property. Fullenwider said that \$40 was a fair rate of rental, "the same that had been paid Dr. Milliken for the same quarters during the past 10 years."

He added that Dr. Milliken would be responsible for renovating the quarters.

Actually, the Council had little choice in the matter of agreeing to purchase the property. Dr. Milliken had made formal request on the town several weeks ago seeking to have the property rezoned for business purposes. He cited a law which made it mandatory on a town to re-zone for business if owners of property on the three other corners did not object.

At present the Council nor manager Louis Scheipers will comment on possible uses for the building. There have been suggestions made, though not formally, that a teenage center be established there, or that the space be utilized by other agencies such as the drivers license examiner, Social Security representative, and the Employment Security Commission representative.

Anti-Litter Law Here Is Adopted; Clean-Up Urged

With the publication of this issue of The Pilot the town of Southern Pines has an anti-litter ordinance in effect and the penalties for violating it are fines and jail sentences.

The ordinance was enacted at the regular Council meeting Tuesday night and is now effective.

Its provisions make it unlawful to deposit trash on any streets, alleys, sidewalks, parks, playgrounds and any other public places "or any other place where the public might be permitted to gather" within the corporate limits of town.

Incorporated in the ordinance is the provision that owners and occupants of commercial establishments shall keep their premises in good clean condition. Receptacles are also required.

Any violations of the ordinance is considered a misdemeanor and punishable by a fine up to \$50 and 30 days in jail.

POLICE CHIEF CITES NEED

Establishment of Municipal Court Here Being Studied By Councilmen

Establishment of a municipal court, a move that has been courted here on and off for many years, came a step closer to reality Tuesday night when the Town Council directed Manager Louis Scheipers, Jr., to prepare a study of the possibilities and report back at the October meeting.

Discussion of the matter, last item on an average docket, was lively and all five councilmen seemed genuinely in favor of an early establishment of such a court if it proved advisable.

The matter this time was brought up by Councilman Robert Ewing, who stated that he had been giving some thought to the matter and felt it would serve a definite purpose. "We now have a suitable place for location of such a court," he said, referring to the new Municipal Center, "and it appears to me an excellent climate has been established for the reception of one."

Adding weight to his arguments, which were persuasive, was a report on police activity during 1957 which was presented to the Council by Chief of Police C. E. Newton.

He said that during the year the department had made 744 arrests and a total of 275 trips had been made by policemen to Carthage to lock up prisoners, and for other business purposes. The figure, he said, did not include the trips made each Monday by policemen appearing in Recorder's Court.

He said that 168 cases had been tried in Recorder's Court in Carthage and that some 140 people arrested here had been confined for varying periods in the jail there.

"We need a court here desperately," he said, "if for no other reason than to cut down on this growing number of trips we have to make to Carthage."

The trips, he added, frequently left the town without adequate police protection. Moreover, he continued, the cost involved ran into several hundred dollars annually.

Each Councilman placed himself on record as emphatically opposed to giving any impression that establishment of such a court would be for revenue purposes.

Even so, the matter of revenue was not overlooked. Aberdeen's court, according to a visitor at the meeting, did a business of more than \$40,000 during the past 12 months. Expenses of operating the court amounted to something in the neighborhood of \$38,000.

Methodists Here Plan Anniversary Observance Sunday

The fourth anniversary of the establishment of the Southern Pines Methodist Church will be observed with special services Sunday, according to the Rev. Robert L. Bame, pastor.

The Rev. O. L. Hathaway, district superintendent of the Fayetteville District, of which the local church is affiliated, will be the guest speaker at the 11 o'clock worship service. Following that the congregation will have a picnic dinner in the basement of the church.

In the afternoon, Mr. Bame said, a musical program featuring congregational singing and a quartet will be presented. Mrs. R. E. Bullock, church organist, will provide the accompaniment.

The church, which boasts a present membership of 250 in the church and 193 in the Sunday School, had a membership of 58 on its charter Sunday, September 12, 1954. Groundbreaking ceremonies were held September 11, 1955.

Geer Is Selected District Director Of Funeral Group

Troy Geer, partner in Powell Funeral Home here, has been elected director of District Seven of the North Carolina Funeral Directors Association.

He was named to the office last night as the district members met in Rockingham.

The district comprises nine counties: Anson, Moore, Harnett, Lee, Montgomery, Scotland, Stany, Richmond and Hoke.

D. A. (June) Blue, the other partner, is a member of the Executive Committee of the state association.

License Examiner Has Rough Monday Over Half Flunked

Monday was a bad day in the automobile license examiner's office here.

More than 50 per cent of those attempting to either obtain a license or renew old ones flunked and were told to come back when they became more familiar with the requirements.

D. A. Clark, who operates the office and gives the exams, said it was "just a bad day. The bulk of those who failed the tests just hadn't studied for them, which continues to be the principal reason people fail to get licenses."

Ordinarily, he said, about 25 to 30 per cent of those who are applying for the first time fail to get them, and the same percentage applies to those seeking renewals. His remedy for the situation? Study the requirements.

Blue Knights Play Chadbourn Friday; 2 Games In County

Football fans were reminded today that the Blue Knights travel to Chadbourn tomorrow (Friday) night for a game there with Chadbourn High School at 8 p.m.

Chadbourn, incidentally, is on highways 74 and 76 and is beyond Lumberton.

Elsewhere in the county the Aberdeen Red Devils meet Red Springs on the Aberdeen field at 8 o'clock tomorrow night and Carthage meets Broadway in Carthage at the same hour.

Carthage, still in the six man ranks, lost their season opener to Greenwood last week 27-18 while Aberdeen defeated Liberty 21-0.

NEW TRACK NEARING COMPLETION—This new track, being constructed at Tremont Farms, makes a total of seven in the area and further adds to the reputation of the Sandhills as a winter training grounds for all types of horses. The track is located just off Connecticut Avenue as is the property of William Franz, a Pennsylvanian, who purchased the old Goldsmith place and the W. W. Olive dairy farm two years ago as the nucleus of

a planned development that will be one of the most modern in the South for training horses. Though no definite announcements have been made, stables are planned as well as other facilities. The horse business in this area was recently said to represent what an equivalent \$3 million industry would. John Hemmer of Pinehurst made the above photograph several days ago as a part of a series of aerial pictures he was doing of the entire area.
