## \$12,700 PRESENTED LAST WEEK

### Air Conditioning At Hospital Made Possible By Donation Of Auxiliary

A check for \$12,700 was presented Moore Memorial Hospital last week by the Woman's Auxiliary of the hospital, to be used for various items which have been approved as auxiliary projects.

Mrs. Paget Rigby, new president of the auxiliary, said that the major portion of the check, \$7,700 was earmarked for air-conditioning, which is now in progress. The hospital hopes to have the work completed before fall.

The fund covers the cost of new furniture for the colored lobby which amounts to \$182.50; re-furnishing one private patient's room, \$758; 40 overbed tables, \$2390; six new wheel chairs, \$564; new sterilizer for the operating room, \$920; orthopedic saw, \$545.43; and an ultra-sonic therapy unit, \$468.

These items are all greatly needed for improvement of patient care in the hospital, according to John F. Taylor, president, who expressed his appreciation on behalf of the Board of Directors to all members of the Auxiliary who had a part in raising the funds, and who work so tirelessly for the good of the institution throughout the year.

"Without the Auxiliary," he said, "the hospital would have tough going, and we couldn't possibly get along without their wonderful help."

### Large Number Boy Scouts Honored At Honor Court

Lewis Carter Burwell, son of Mr. and Mrs. L. C. Burwell of Pinehurst, was awarded the Gold Palm at a Boy Scout District Court of Honor held Monday night in the Eagle Springs school.

The presentation was made by E. O. Brogden, Southern Pines attorney, who is Moore District Organization and Extension chairman.

There were a number of other high awards made at the Court, one of a series scheduled throughout the year.

Bobby Maness of Troop 74, Robbins, and Jimmy Lee Dunn, Troop 98, West End, were awarded the Life Rank by J. Douglas David, district chairman.

F. S. Currie, Scoutmaster of Troop 98, presented the Star Rank to Michael Wilson of Post 808, Aberdeen.

The following were awarded First Class Rank by Gordon Keith of Aberdeen; Tim Tufts, Troop 7, Pinehurst; Carlyle Colt and Tommy Blue, Troop 851, Eagle Springs; Johnny Robbins, Mack Hunley and Charles R. Harris, Troop 98, West End.

Second class awards were presented by Thurman Maness, troop committee chairman from Robbins. The Scouts receiving the award were Wiley Barret, Ralph Horner, Jr., and Marty McDonald, all of Troop 7, Pinehurst; Gary Britt of Troop 74, Robbins; Phillip Freeman of Troop 851, Eagle Springs; Mank Hunley, Leon Dunn and Charles R. Harris.

Kippy David, one of 16 Scouts from this district who recently returned from Philmont Scout Reservation in New Mexico, gave an interesting talk on his experiences there and urged all Scouts to try to make the same trip next year.

Billy McKenzie of Troop 7, Pinehurst, presented 53 merit badges which indicated many different interests and abilities.

Also on the program was the tapping of several new members into the Order of the Arrow, including Harold Williams, John Cagle and John McLean of Eagle Springs, Robert S. Viall, Jr., of Pinehurst, Victor Grose of Aberdeen, Z. B. Conrad of West End, and Thurman Maness of Robbins.

Harold Williams, member of the Moore District Advancement Committee, was master of ceremonies.

### Council Tacks New Fee On Fishing In Town's Lake

Fishermen who use the town water works lake on the Carthage highway will pay 50 cents per day for the privilege in the future, the Town Council decided Tuesday night.

The fee is in addition to a yearly permit which costs \$5 for in-town residents, \$10 for others. Children under 12, if accompanied by a permit holder, aren't required to pay.

The Council tacked the new charge on because, as one member put it, "we don't want too much fishing out there because authorities have advised us it isn't good for the lake which, after all is for human consumption. In effect, this is a prohibiting fee but we think it is a wise one in the best interests of our citizens."

Council had advertised the matter for a public hearing Tuesday night at the recommendation of a recently appointed committee which had been charged with developing better fishing in the lake. The fee actually is for use of boats the town owns. By terms of an ordinance adopted in 1954 no fishing is allowed other than from boats.

Only two people questioned the adoption of the new regulation. Four other people who attended the meeting had no comments to make.

Most vigorous opposition was expressed by Vance Derby of the Pilot, who called the new regulation "one which is grossly unfair to those who still look on a five dollar bill as a whole of a lot of money." An additional 50 cents, he said, "makes it that much more prohibitive for youngsters to fish."

Told that the meeting was not for the purpose of discussing the merits of the \$5 permit, he suggested that fees for fishing in the lake, no matter how they are charged, aren't fair when similar ones do not exist for the town tennis courts, free except for a small charge for use of lights at night. R. F. Hoke Pollock told the (Continued on page 5)

### 10-Game Football Schedule For High School Announced

A ten-game football schedule for East Southern Pines High School has been announced by Irie Leonard, who completed the schedule before bowing out as coach last month.

The Blue Knights, State Class A runners-up last season, will open against Raeford, a new opponent, on September 4. The game is to be played in Raeford.

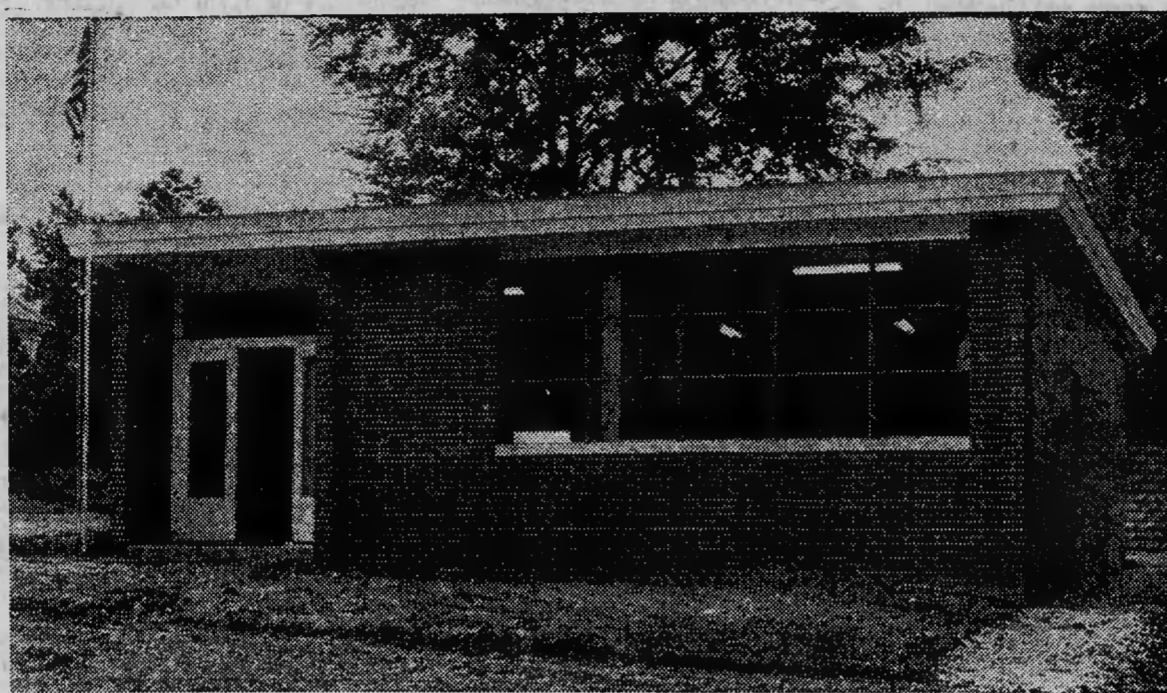

There are three other new teams on the schedule, which features six contests against opponents in the Cape Fear Conference.

Following Raeford the Blue Knights open their home stand against Laurinburg, non-conference, on September 11. The next week they travel to Fayetteville for a game with the Seventy First School, one of the area's largest.

The conference schedule opens September 25 when the Knights meet St. Pauls here. The only other conference game here is against Rohanen on October 16, which is also Homecoming.

The season closes with Sanford November 6 here. That game was scheduled last year but had to be cancelled when the Knights became involved with the runoffs for the State Championship.

Here is the complete schedule: September 4—Raeford (away) Sept 11—Laurinburg (home) Sept. 18—Seventy First (home) Sept. 25—St. Pauls (home)\* Oct. 2—Red Springs (away)\* Oct. 9—Fairmont (away)\* Oct. 16—Rohanen (home)\* Oct. 23—Aberdeen (away)\* Oct. 30—Hope Mills (away)\* Nov. 6—Sanford (home) \*Conference game

CAMERON'S FIRST fine modern post office building was recently opened in the main business district. The building, erected strictly for use as a post office by Mr. and Mrs. Hubert Nickens, has been leased to the Post Office Department. Interior furnishings include new lock boxes, handsome furniture and an open

counter replacing the traditional "cage window." Nelson Cooper is postmaster, Mrs. M. E. Suggs is clerk, Mrs. Mack Trent substitute clerk, and the two rural carriers are L. C. Thomas for Route 1 and Neil B. McDonald for Route 2. (Pilot photo)

### Council In Routine Session Tuesday

Councilman Harry Pethick was named Tuesday night to fill the unexpired term of Dr. A. C. Dawson on the town library board.

Mr. Pethick's term will run to June 30, 1960.

Council made the appointment at its regular monthly meeting. The appointment was actually a matter of "killing two birds with one stone," as one Councilman expressed it.

Reason for his expression was that former Councilman D. E. Bailey had been appointed to the library board of trustees as the Council's representative, an appointment required by law. Mr. Bailey's term expires next year, but since he is not on the Council anymore the appointment of a Councilman was required. And since Dr. Dawson had resigned the board was one member short of the required six.

So, with Pethick's appointment, the board now is up to full strength and there's a Councilman on it.

In what was mostly a dull and routine session, made interesting only by a short and lively discussion concerning policy as relates to fishing at the town reservoir, the Council approved these matters:

Named former Recorder R. F. Hoke Pollock to preside at the July 22 term of Southern Pines Recorder's Court in the absence of Harry Fullenwider, the regular Recorder.

Approved an application for an on-premises beer license by Benjamin McKayhan at the Sunrise

Cafe at 264 S. Gaines Street.

Gave tentative approval to the purchase of approximately 50 volumes of the N. C. Supreme Court Reports for use in the Municipal Court here. No money was budgeted for the books, the purchase of which was strongly recommended by Town Attorney W. Lamont Brown and Mr. Pollock. Both said the books were required for the operation of a good court. Town Manager Louis Scheipers, Jr., and officers of the court will see if funds can be scraped together for the purchase which will not exceed \$250.

Commended C. F. Hubert Williams for the work he is doing in beautifying Woodlawn Cemetery in West Southern Pines. Mr. Williams said he would like to see the town supply a water tap for the cemetery and make it available for free use of people who owned lots there.

He also requested the Council to look into the matter of making a road to serve the property. Such a road has been dedicated, he said, but never worked over. Council promised to look into the matter.

At the close of the meeting Mr. Pollock asked for time to bring up three matters which he thought merited consideration by the Council.

The first was a request to raise the level of Broad Street from Pennsylvania Avenue to about the Sunrise Theatre. He said that some visitors are "sore" because of the high curbs in that stretch causes them to scratch and otherwise mar their cars. A safety matter is also involved.

The second was a request for

progress on a long standing request that something be done to alleviate the dangerous problems on Massachusetts Avenue between Ridge Street and Country Club Drive. The big problem comes when it rains, he said. In that event the schoolboy patrolmen, who have been taught not to allow students to cross the street until there are no cars in sight, frequently keep children standing as much as 10 minutes in the rain.

He added that, since it was proposed to place the traffic

### Robbins To Host Annual Slow Pitch Softball Tourney

The South Central District Slow Pitch softball tournament has been scheduled August 3-8 at the high school athletic park in Robbins, according to a spokesman for the Robbins Boosters Club, sponsors.

Last year the event was held at the Car-Fab park in Carthage.

Deadline for entries will be Wednesday, July 29, according to Bill McAnulty of Robbins, commissioner. The Amerotron team of Robbins, winners of the district championship last year, will be the defending champions.

Fourteen teams participated in the tournament last year. McAnulty requests that any team interested in entering the tournament contact him immediately at the Amerotron Mill in Robbins.

### New Bowling Center To Open Here Next Week

#### Bloodmobile To Visit Carthage, Robbins Next Week

The Red Cross regional bloodmobile will visit Carthage and Robbins next week seeking a total quota of 250 pints.

The unit will be at the high school gymnasium in Carthage Thursday and at the Elise high school gymnasium in Robbins on Friday.

The last time the bloodmobile visited the two towns the goals were exceeded and leaders are anticipating an even greater turnout this time.

In Carthage the drive is under the direction of Wilbur Currie; in Robbins the Rev. H. R. Helms is in charge.

#### State C&D Going To Europe On Industry Search

North Carolina's businessmen-politician industry hunting team, already successful on trips to New York, Chicago and Philadelphia, will move its campaign to Europe this fall.

Decision to take the trip was made at a meeting of the Commerce and Industry Division of the Board of Conservation and Development Tuesday in Morehead City.

Voit Gilmore of Southern Pines, C&D member and widely travelled, broached the idea to C&D about two months ago. Since then, he said Tuesday, he has made inquiries in Washington and the proposed campaign has met with enthusiastic approval. Many details, he added, are still to be worked out.

The State Ports Authority, of which John Reeves of Pinehurst is chairman, will co-sponsor the tour. About 40 or 50 people will be along, Gilmore said, all paying their own expenses. The group would travel to Europe by chartered plane and would visit England, France, Italy and West Germany.

The trip would be made in November, with the first two weeks the likeliest time.

The invasion, as such campaigns have come to be known, would last from 10 to 14 days. It would be the first of its kind attempted by an American state.

"It would be a businessman-to-businessman trip, not a junket," Gilmore said. The trip would be (Continued on page 8)

#### League Play To Begin In September

Announcement was made today that the OK Bowl, a new bowling establishment here, will open Saturday July 25.

Col. George Garde, manager, said that the arrival of 10 automatic pin spotters was scheduled Monday and they would be installed immediately. If any trouble develops, he added, the alleys will open Monday, July 27.

The OK Bowl is located on S. W. Broad Street next to Dante's Restaurant. It will have 10 lanes, all operated automatically, and will be air conditioned. Col. Garde said that all equipment to be installed is the most modern available. The lanes, manufactured by American Machine and Foundry Company, are sanctioned by the American Bowling Congress.

Col. Garde said that league play would begin in September and would be ABC sanctioned. Participants will be eligible for regional and national ABC tournaments.

To date he added, there are about one-half of the proposed 10 leagues signed up and ready for competition. The alleys are equipped for 10 full leagues which numbers about 500 bowlers.

Men's teams have been entered from Rockingham, Raeford, West End, Carthage, Robbins, Southern Pines, Pinehurst and Aberdeen. Included are teams to play in industrial, church, civic, fraternal professional and business leagues.

Women's teams will play in church, auxiliaries, and professional and businesswomen's leagues. The board to enter to date are the BPODees, with six teams.

Col. Garde said that he expected the leagues would be completed by September and urged those who wished to enter to make immediate application.

League play has been set for Monday through Friday evenings from 6:30 until 11 p.m., projected closing time.

Open bowling will be available from 11 a.m. to 6:30 p.m. Mondays through Fridays, and all day on Saturday and Sunday. The alleys open Monday through Saturday at 11 a.m., on Sundays at 1 p.m.

One of the big features of the new enterprise will be the operation of a nursery. Babysitters will be on hand from 11 a.m. to 5 p.m. daily and toys and other equipment will be available for free use.

Another feature is a league room with 80 lockers, several of which have already been rented.

Col. Garde said that all types of bowling equipment will be available for purchase, and some items, such as shoes, for rent. Automatic machines have been installed for dispensing of light refreshments.

Free instruction will be provided those who aren't familiar with the game by Col. Garde, a veteran of some 20 years of league play. He said that professionals would also visit the alleys from time to time for exhibitions and instruction.

The building has been under construction since March. It measures 61 by 140 feet, is of brick and block construction, and, together with equipment, represents an investment of almost a quarter of a million dollars.

John C. Ostrom and Donald D. Kennedy are owners.

Mr. Ostrom said that the objective of the center "was to provide a bowling center for good clean recreation with emphasis on family entertainment. Bowling today is one of this country's biggest participant sports, with more than 10 million people actively participating. We hope that this new center will be a distinct addition to the recreational and entertainment life of the Sandhills area."

The center incidentally, is the only one in the area that boasts automatic equipment and is expected to draw players from a wide area in South Central North Carolina.

### Morrison Serving Internship At Local Pharmacy

George Arthur Morrison, a recent graduate of the University of North Carolina School of Pharmacy, is serving an internship here at the Broad Street Pharmacy.

Morrison, a native of Southern Pines, is the son of Mrs. Hazel O. Morrison of Bethesda Road. He graduated from the high school in 1954. While there he was a member of the football squad and Hi-Y Club.

He is serving his internship under Joe Montasanti, Jr., proprietor of the store and also a graduate of the School of Pharmacy at UNC.

State law requires that in addition to graduation from a recognized school of pharmacy, a candidate for license as a pharmacist must receive one year of practical pharmacy instruction under the supervision of a registered pharmacist.

#### BENEFIT SUPPER

A dinner for the benefit of the St. Anthony's Catholic Church building fund will be held at the Southern Pines Country Club Wednesday, July 29, from 5:30 to 8 p. m. Tickets are on sale at various places in town.

OLD CARS AND OLD COSTUMES were the order of the day as the Horseless Carriage Club of North Carolina held its annual tour this week. J. T. Overton, proprietor of Sandhills Drug Store, dressed up in vintage clothes, which he wore on the tour, for this picture of his 1923 Ford. The car, black as they all were

that year, was painstakingly and authentically rebuilt by Mr. Overton and mechanic friends over a period of several years. He reports that he gets a little better than 20 miles per gallon, better than some of its modern day counterparts. (Pilot photo)
