**SUNRISE**

Michael Todd's Academy Award winning "Around The World in 80 Days" will begin a special engagement at the Sunrise Theatre Sunday, October 11. The Technicolor comedy adventure hit not only garnered over 80 world wide awards and hon-

ors, and five Oscars but holds a host of records in motion picture annals.

Featuring David Niven, the hilarious Mexican comic Cantinflas, Robert Newton and Shirley MacLaine, "Around The World" holds the record for the most stars—48—ever to appear in a picture, each playing a role germane to the show. Some of these luminaries are such favorites as Mar-

lene Dietrich, Frank Sinatra, George Raft, Red Skelton, Ronald Colman, Charles Boyer, Fernandel, Buster Keaton and many others.

Another record for "80 Days" is the most people photographed in separate world-wide locations: 68,894 persons (all on the payroll) in thirteen different foreign countries. A record-breaking 74,685 costumes were designed, made and/or rented to clothe this spectacular cast.

Also for the record, the Todd production traveled the most air miles to make the show—4,000,000; it used the most sets—140 actual locations as well as the stages of six Hollywood studios plus those in England, Hong Kong and Japan; and it used the most properties ever employed in a film.
