Two Moore County Youths Join Army

Two youths from Moore County recently enlisted in the US Army for three years, according to Sgt. Paul H. Hawks, the local Army Recruiter. Lee Roy Bowling and Jerald D. Averitt of Route 1, Aberdeen enlisted under the Army's Graduate Specialist Program which permits high school graduates to select assignment to a school before enlisting.

Recruit Bowling, a 1958 graduate of Hoke High School in Raeford, picked the 23 weeks' Electronic Navigation Equipment Repair School. He will be trained to repair radio transmitters, aircraft communications equipment, omnirange and glide slope receivers, marker beacon receiving equipment, gyro-magnetic compass, radio direction finding equipment, and automatic stabilization equipment.

Recruit Averitt, a 1960 graduate of Aberdeen High School, selected assignment to the Army's Aircraft Maintenance course. He will be trained to maintain fixed and rotary wing aircraft. The school includes introduction to Army Aircraft, supply, operation of Army airstrips, radio telephone procedure, inspection of aircraft systems, trouble shooting of aircraft power plants, and aircraft hydraulic systems.

Both Recruits Bowling and Averitt were forwarded to the reception center at Fort Jackson, S. C., for processing and will then be assigned to one of the Army's basic training centers for eight weeks' training. Upon completion they will go to the school selected before entering the Army, according to Sgt. Hawks.

SUNRISE THEATRE

One of man's mightiest adventures—the conquest of the roaring Colorado River through the Grand Canyon—has been filmed by Walt Disney as a full length Technicolor screen production, starting today (Thursday at the Sunrise Theatre.

Titled "Ten Who Dared," it is the saga of Major John Wesley Powell, one-armed scientist and fearless explorer, who guided an expedition down the uncharted Colorado in 1869.

John Beal plays Powell, the man who led nine others on a mission tense with danger, mystery and excitement.

His companions in the drama are Brian Keith, James Drury, Ben Johnson, R. G. Armstrong, David Strollery, L. Q. Jones, David Frankham, Stan Jones and Dan Sheridan.

The authentic journey was filmed along a 370-mile stretch of the Colorado from Utah to Lake Mead. Six years of planning went into it. A picked crew headed by associate producer James Algar fought the raging river through

the Grand Canyon. Their cameras captured some of the most awesome, inspiring scenery ever filmed.

Powell's original exploit earned him Congressional honors. Of the

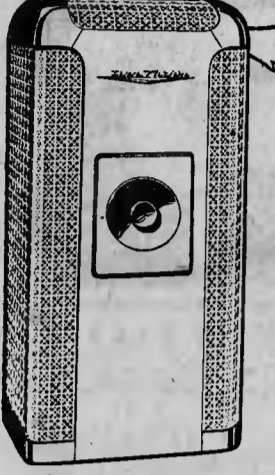

ten who dared the unknown, three vanished in a mystery that is still unsolved.

"Ten Who Dared" was directed by William Beaudine and is released by Buena Vista.

Teachers Attend Training Session On Library Work

Visiting in the Aberdeen school on Tuesday were Miss Cora Bomar, supervisor of library services and Miss Mary Frances Kennon, associate supervisor, both serving with the State Department of Public Instruction. A workshop for teacher-librarian was conducted in the education conference room at an afternoon meeting.

Those teachers who serve as school librarians were given suggestions and materials that will be an aid to them in the performance of their duties. Attending from the schools were the following: Cameron, Miss Mary E. Thomas, Mrs. Carol Cox; Carthage, Mrs. Pauline Myrick, Miss Meade Seawell; Farm Life, Mrs. Virginia Garvin; Highfalls, Mrs. Pearl Emmons, Mrs. Mary Kidd; Robbins, Elbert Robbins; Vass-Lakeview, Mrs. Annie Wilson, Mrs. Sadie Maurer; West End, Miss Treva Auman, Mrs. Sarah Thompson; Westmore, Mrs. Don Keith.

In addition to their regular teaching duties, these teacher-librarians have the responsibility of selecting, ordering, and making shelf cards for all books for their school. They have the care of the library, the responsibility of all the books checked out and the general appearance of the bulletin boards and room.

Throughout the year, many out-of-school hours—without remuneration—are spent on these various duties, said R. E. Lee, county school superintendent.

With The Armed Forces

Recruit Anthony Leonard, son of Mr. and Mrs. George H. Leonard of 640 Massachusetts Ave., Southern Pines, has been assigned to Company D, 1st Battalion, 1st Training Regiment at Fort Jackson, S. C., for eight weeks of basic combat training. He enlisted in the Regular Army at Southern Pines.

He will be taught rifle marksmanship under the U. S. Army's Trainfire program, which enable the modern soldier to become a better rifleman in less time than previous methods. In this program, most of his training consists of firing his rifle at pop-up targets at various unknown distances on terrain which duplicates combat areas. Other highlights of his intensive training include squad tactics, bayonet and hand-to-hand combat, and crawling the infiltration course while actual machine gun fire is popping overhead. Many of his instructors are combat veterans of World War II and the Korean War.

As a climax to this first phase of training, he will march with his battalion in a review before the commanding general of Fort Jackson. This ceremony is witnessed by relatives and friends of trainees who attend the "open house" held by each company on graduation day.

It is predicted that 88,000,000 turkeys will be raised during 1961 which represents a 7 per cent increase over 1960, most of which will be with heavy rather than light breeds.
