SFC JOHN H. LINGLE

**Sergeant Lingle Wins Honors in Pistol Tournament**

SFC John H. Lingle of the 82nd Airborne Division at Fort Bragg, whose home is at Niagara, won nearly every honor in the second annual Fall Tobacco Pistol Tournament at Kinston recently.

He copped the 22 cal. Aggregate, 45 cal. Aggregate and Grand Aggregate championships and was runner up in the Center Fire Match.

Sergeant Lingle, who returned to Fort Bragg not long ago after a tour of duty in Germany, is married to the former Doris Morgan of Niagara.

As a member of the 82nd Airborne Division's pistol team in

1959, the sergeant became the All-Army 45 cal. pistol champion.

He has been an outstanding competitor since he won the Distinguished Pistol Badge in 1957. He was the first Division pistol shooter to break 2,600 out of the possible 2,700 points grand aggregate in the national match course.

In addition to his All-Army 45 cal. title, he was XVIII Airborne Corps and Third Army Grand Aggregate champion in 1959. Firing for the 24th Infantry Division in Europe, he won the 1960 and 1961 USAREUR 45 cal. Aggregate titles and returned to the United States as a member of the All-Army 22 cal. and 45 cal. champion USAREUR team. That team also was runner-up to the National 22 cal. champions and won third place in the National Center Fire.

**Vass Baptist Church Sets Homecoming; Professor to Speak at Revival Series**

With Sunday, October 15, designated as Homecoming Day at the Vass Baptist Church, a series of revival meetings, for which the Rev. Garland A. Hendricks will be the preacher, will begin that night, to run through Friday of the following week. The Rev. Mr. Hendricks is professor of church-community development and director of field work at Southeastern Baptist Theological Seminary, Wake Forest.

The Homecoming Day schedule includes: Sunday School at 10 a.m.; morning worship at 11 a.m., with the Rev. J. D. Hales, pastor of the church, bringing the message; dinner in the basement of the educational building, following the morning service; and Baptist Training Union at 7 p.m. The first revival meeting with the Rev. Mr. Hendricks is scheduled for 7:30 p.m., the same hour at which services will be held the following week.

Homecoming Day will also be building Fund Day, the Rev. Mr. Hales points out. He said that the Building Committee has recommended that the church's "overall" building program be completed.

The public is invited to all of the services. The Rev. Mr. Hendricks has been a Southeastern Seminary professor since 1953 and had previously taught church-community development at Gardner-Webb College, Boiling Springs, for three years. He had formerly held

THE REV. G. A. HENDRICKS

pastorates in Nash, Warren and Wake Counties.

He received his B.A. degree at Wake Forest College in 1933 and a Th. B. degree at Southern Baptist Seminary in 1937. He is a member of the American and Rural Sociological Societies and the Soil Conservation Society of America. In 1949, he was named Rural Minister of the Year by "Progressive Farmer" magazine and has held a number of other positions of honor and leadership. His published works include "Biography of a Country Church" and "How to Plan the Work of Your Church."

**Home Demonstration Club News**

**Jackson Springs Club**  
 The September meeting of the Jackson Springs Home Demonstration Club was held in the home of Mrs. Claud Thomas. The meeting was called to order by the president, after which the group joined in singing "Red River Valley." The devotional was given by Mrs. Albert Stutts.

The program, "Lining a Garment," was presented by Miss Flora McDonald, home economics agent. Pamphlets providing much information were passed to the members; samples of materials and suitable linings were also shown.

Roll call showed 22 members present. It was decided to move the time of meeting to 7:30 p. m. The need for dishpans and other

items at the Community House was discussed and a committee was appointed to purchase these items.

It was announced by the President that \$18.25 had been added to the club treasury from the sale of magazines.

Mrs. Carlyle Clark and Mrs. Elco Eorroughs were added to the club roll.

The meeting closed with the Club Collect.

Members of the club and the several guests present then surprised the secretary with a stork shower. She received many lovingly and useful gifts. Mrs. Thomas served refreshments.

—By Mrs. Charles K. Cole  
 Publicity Chairman.

**STRIP CROPPING**  
 Strip cropping can provide protection against both wind and water erosion. It can be used on sandy land and shallow stoney land where terraces are not practical. It is also quite effective on slopes too steep for terraces as well as land so nearly level that terraces are not necessary. Strip

cropping is generally used without terraces, but on extremely erodible soils it may be used with terraces. Fall seeding season is an ideal time for establishing a system of contour strip cropping, says Frank Doggett, soil conservation specialist at N. C. State College.

With a relatively stable growth in farm population, about 250,000 farm boys in the United States will be looking for employment each year during the next decade. Most of them will turn to off-the-farm employment.
