SANFORD, N. C.

CHRISTMAS SEALS— Miss America, Maria Beale Fletcher of Asheville, is pictured discussing the 1961 Christmas Seal campaign with Miss Patsy Tipton of Asheville, who represents the children on the 1961 Christmas Seal, and Vernon C. Wilson, President, Buncombe County Tuberculosis and Health Association. They point out that Christmas Seals support the programs of tuberculosis associations in North Carolina relating to education, referrals, research, patient services and case finding. They remind North Carolinians to use Christmas Seals on all their cards and packages. Moore County's seal sale is now going on, under direction of Forrest Lockey of Aberdeen. All contributions should be sent to the Moore County Tuberculosis Association, Box 70, Pinehurst.

Christmas Seals to Aid Fight on TB Picture Four Joyous Family Scenes

Hundreds of Moore County families are buying and using Christmas seals during the holiday season, to aid the work of the Moore County, State and National Tuberculosis Associations.

For the 55th Christmas Seal Campaign, Mrs. Heidi Brandt has created some joyous family scenes in a four panel illustration of family life which make up the 1961 Christmas Seals. Each scene reflects the happiness and optimism of a family together. While mother puts the star atop the tree, two children help decorate the

branches with festive lights. As Father hangs the wreath, a daughter wraps a Christmas surprise. A musical family trip is joined by Grandpa, who leads the carol singing, while Grandma rocks the baby. Nearby the family puppy adds his voice to the merriment.

Families all over the country enter into the spirit that the artist has illustrated. One of the greatest joys a family has at Christmas time is that of being together.

There has been much progress in the fight against tuberculosis. There remains a great need for a concerted and all-out attack on TB and other respiratory diseases which have separated hundreds of families and loved ones in the past and continue to interrupt the lives of many in the present. Because people care, there is hope for the future.

Artist Heidi Brandt was inspired by these thoughts and wished to portray the theme of keeping the family together.

Born on a homestead near Great Falls, Montana, Mrs. Brandt received her education and experienced her first ventures into the art world in Seattle, Washington. Since these early days, Mrs. Brandt has done advertising art,

industrial designing, murals, book illustrations and greeting cards. She is married to a college professor and lives in Colorado Springs. The family boasts three handsome sons, who as young children, served as models for

their mother. In 1956, Mrs. Brandt was awarded a Fulbright Scholarship for a year's study in Germany where she attended Stuttgart Art Academy, working in graphic arts, and glass and stone mosaic. She also studied in Mex-

ico and has exhibited her art in this country and abroad. This is Mrs. Brandt's second Christmas Seal design. Her first was the 1956 Christmas Seal which marked the 50th anniversary of the Christmas Seal.

Armed Forces

Richard G. Lockey, yeoman third class, USN, son of Mr. and Mrs. William M. Lockey of Southern Pines has been promoted, while serving aboard the attack transport USS Cambria, operating out of Norfolk, Va.

Promotions for Navy enlisted personnel are the result of semi-annual fleet-wide competitive examinations.

Army PFC Henry A. Frye, 20, son of Mr. and Mrs. Henry W. Frye, Route 2, Carthage, recently participated with other personnel from the 1st Armored Division's 13th Cavalry as an "Aggressor Force" against members of the 2nd Armored Division during a one-week field training exercise at Fort Hood, Tex.

During the exercise Frye and other members of his unit served as an enemy force to simulate actual combat conditions for the 2nd Division, which is being made combat ready through an intensified training period.

Frye, a tank crewman in the cavalry's Company B, entered the Army in October, 1960, and completed basic training at Fort Benning, Ga.

He was graduated from Pinckney High School, Carthage, in 1959 and worked for the Horn & Hardart Co. in New York, N. Y., prior to entering the Army.

Army 2nd Lt. Clyde W. Auman, son of Mr. and Mrs. T. Clyde Auman, West End, has completed the officer orientation course at The Quartermaster School, Fort Lee, Va.

Lieutenant Auman received training which provided him with a general knowledge of the missions and functions of the Quartermaster Corps.

The 22-year-old officer was graduated from West End High School in 1957 and attended Davidson College.

Atomic Force is Lesson Subject

Subject of the lesson at First Church of Christ, Scientist for Sunday, December 17, will be: "Is the universe, including man, evolved by atomic force?" Selections from the Bible will include this verse from Psalms 62: "God hath spoken once; twice have I heard this; that power be- longeth unto God."

From the Christian Science Textbook by Mary Baker Eddy, this citation will be read: (p. 134) "Manmade doctrines are waning. They have not waxed strong in times of trouble. Devoid of the Christ Power, how can they illustrate the doctrines of the Christ or the miracles of grace?"
