

In April the paved State highway connecting the Blue Ridge Parkway with the summit of Mount Mitchell reopens for travel to Mount Mitchell State Park, where a new stone observation platform has been built for sight-seers, and there are hiking trails and campgrounds over a mile above sea level. Campgrounds in the mountains and on the seacoast are at their best from April through autumn.

During the course, Lieutenant Eifort received instruction in communications, artillery transport, tactics and target acquisition.

The school emphasizes leadership and the practical application of field artillery tactics and techniques in the employment of artillery mortars, conventional cannon, free rockets and guided missiles.

The 22-year-old officer was graduated from West End High School in 1957 and from Davidson College in 1961. He is a member of Sigma Chi fraternity.

The M-14 will replace the M-1 rifle, carbine, Browning automatic rifle and M-3 submachine gun. It packs the fire power of a light machinegun, can be fired both automatically and semi-automatically and fires the standard 7.62-millimeter NATO cartridge.

Specialist Maxwell, a helicopter mechanic in the 36th Transportation Company in Hanau, entered the Army in November, 1958, and arrived overseas on this tour of duty in November, 1960. He is a 1958 graduate of Aberdeen High School.

Strike Command (USSTRICOM), was designed to develop joint operational tactics to insure that Strike Command's Army and Air Force units can deal decisively with all types of warfare contingencies. Holman participated in Red Hills with members of other units from the Continental Army Command and the Tactical Air Command which constitute USSTRICOM, a combat-ready force capable of rapid development to any part of the world.
