

**WITH THE
Armed Forces**

Army PFC George L. Reams, son of Mr. and Mrs. Claude E. Reams, 605 E. Massachusetts Ave., has completed the personnel administrative specialist course at The Adjutant General's School, Fort Benjamin Harrison, Ind. Reams was trained in the fundamentals of Army administration. He received instruction in personnel management, staff organization, records management and the Army personnel system. He entered the Army last October and completed basic training at Fort Jackson, S. C. The 22-year-old soldier is a 1958 graduate of Southern Pines High School and attended the University of North Carolina in Chapel Hill.

Eels caught in any pond in North Carolina were born thousands of miles away in the Sargasso Sea in the South Atlantic.

**Comments On United Tobacco Proposal
To Be Received by USDA Till May 15**

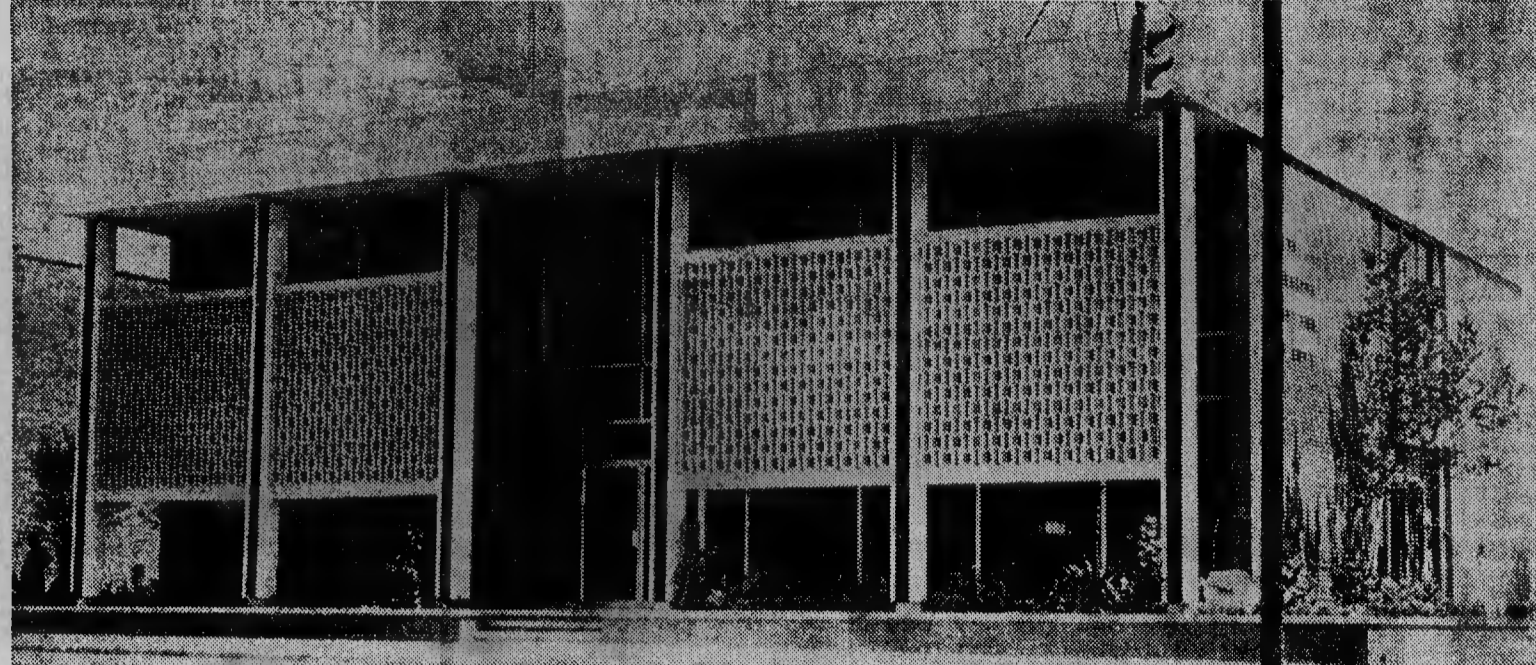

North Carolinians have until May 15 to submit their views and comments on a proposed change in price support regulations on untied flue-cured tobacco. The U. S. Department of Agriculture announced on March 27 that consideration is being given to changes which would make price supports available on untied tobacco on a limited and experimental basis during the first five sales days on all South Carolina markets and the Border Belt markets in North Carolina. During that time, supports would be available only on lugs, including primings and nondescript grades thereof. Thereafter, price support will be available on all tobacco, including lugs and primings, but only in tied form. Price support grade loan rates for tobacco offered in untied form would be less than the rates for the same grades offered in tied form. During the 1961 season, the differential between grades of flue-cured tobacco marketed untied in Florida-Georgia and those marketed tied elsewhere was \$6 per hundredweight. USDA invites the views and comments of tobacco producers, warehousemen, manufacturers, dealers and other interested persons relative to the proposed change. In order to afford all interested persons additional time to submit views and comments, the final date for submissions was extended from April 23 to May 15. Views and comments should be submitted in writing and should be received by Murray Thompson, director, Price Division, Agricultural Stabilization and Conservation Service, U. S. Department of Agriculture, Washington 25, D. C., no later than May 15, 1962.

BIRTHS

St. Joseph's Hospital births:
April 18—A son to Mr. and Mrs. Willie Lee Hines of Pinehurst.
