

### Speaker Says Real Estate Outlook In State Good

The outlook for real estate is good in North Carolina, John J. Cronin of Washington, D. C., regional representative of the National Association of Real Estate Boards, told the Southern Pines Board of Realtors in a luncheon meeting at Howard Johnson's Restaurant Tuesday.

Mortgage money is available and real estate financing is favorable in this state, the visiting speaker said. He pointed out also that the recent drop in the stock market is likely to increase investments in Savings and Loan Associations and other lending agencies, making more money for real estate financing available and possibly reducing mortgage rates.

Realtors can render important assistance in bringing new industry to communities, Mr. Cronin said. Quality of service rendered by realtors can help build a good public opinion of a community. Realtors should work with city and town planning boards and

committees for betterment of communities, he pointed out.

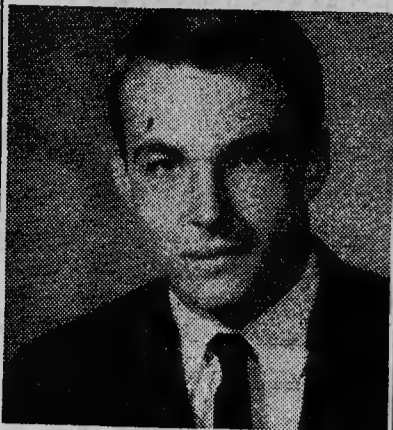

Attending the meeting were Mr. and Mrs. Jerry Healy of Barnum Realty & Insurance; Hubert Moss and Mary Morgan of Moss and Chamberlain; James Parks of Parks Realty; Frank M. Smith and Mrs. Ida Scott of The Pines Realty; G. H. Leonard, Jr., of Resort Realty and Insurance; Thomas Craven of Scott Realty and Mrs. Julia Steed and Robert Pearse, of Steed Realty.
