## TEEING OFF \* WITH deNISSOFF

The Pinehurst Press Bureau has broken out the green ink early this year. At least two weeks ago, we received a list of coming events that covers a legal-sized paper from top to bottom, with over 50 varied social, sports events and openings calendared.

Following are the events for the month of September:

September 11—The Pinehurst Country Club opens for the season.

September 13—The Carolina Hotel opens informally for convention meetings.

September 17-22—62nd USGA Amateur Championship—Championship Number Two course.

September 28-29 — Carolina-Virginias team matches for women.

And at the very bottom of this impressive list is a hand-written note "More than 40 reasons for burning the midnight oil at the C. B." A reference, of course, to the Cracker Barrel, The Press Bureau's daily two-page publication on resort activities which will also be grinding up early this season all, we must suppose, because of the influx of people, players and press who will be pouring in for the U. S. Amateur.

Pinehurst's peripatetic photographer, John Hemmer, paused en route to a CPPA meeting at Grandfather Mountain this weekend to tell us that, for him at least, the worst was over.

In other words, John and others who will be working in various capacities during the National Amateur, have been extremely busy during the summer laying the groundwork so that

everything will be in smooth running order during the big week. The working press will have a space in the Country Club basement equipped with board where flash bulletins will keep them abreast of hole-to-hole developments—the whole set-up similar to the floor of the N. Y. Stock Exchange—but not quite as big.

Equipment for wire service photos is being set up in two hotels here and wire photos will be flashed all across the country.

## Here and Away

The Mercer C. Huffords are back at their Midland Road home after a trip through Canada to the West Coast. They visited Lake Louise and Banff in Canada; toured the Seattle World's Fair, visited Victoria, San Francisco and spent a week in Uplands, Calif. with side trips from there. They boarded the Super Chief in Pasadena, Calif., returned to Buffalo, N. Y. for a week's stay with their daughter and her family there, and then came on home.

John Hemmer spent the past weekend at Linville and Grandfather Mountain where he attended a Carolinas Press Photographers Association clinic. While there, he met and talked with a number of the press photographers who will be here providing photo coverage for their papers of the U. S. Amateur golf championship beginning September 17.

Mrs. Mulford Horr is expected back at her home today after several weeks in Cambridge, Mass., New York City, Montreal, N. J. and The Club at Point-O-

## 21-YEAR CAREER

### Comdr. Wyatt Retires From Navy; Will Teach In UNC History Dept.

After 21 years of a richly varied career, Comdr. Micajah Reeves Wyatt has retired from the U. S. Navy and will teach in the History department of the University of North Carolina.

The move is not too far afield for Commander Wyatt, who for the past two years has been teaching history at Norfolk College of William and Mary along with his Naval Intelligence job as a staff director of SACLANT. Prior to the Norfolk assignment, he served a two-year stint as executive officer in the English, History and Government department of the U. S. Naval Academy and simultaneously taught history, government, economics and speech to the midshipmen.

The son of the Rev. and Mrs. Marshall B. Wyatt of Pinehurst, "Mike" was born in Durham, attended high schools in Chester and Petersburg, Va., and graduated from Westminster College in Fulton, Mo. where his uncle, Jerry Peppers, was professor of English for over 30 years.

Wyatt's graduate study toward his Master's degree at the American University was interrupted in 1941 by the draft. He expects, however, to complete work on his Master's while teaching at Chapel Hill.

Volunteering for flight training in the Navy in '42, Mike became a flight instructor the following

year, when he also served with Patrol Squadron 124 at Okinawa. In the late 1940's, he learned the Russian language at U. S. Naval Intelligence school and served from 1950-53 as U. S. Naval Attaché for Air in Paris.

After this came another two year period as officer in charge of an advanced training unit, then two years as nuclear weapons plans officer on the staff of the Commander in Chief of the Atlantic Fleet.

His last foreign service duty was as operations officer of the flagship USS Valcour in the Persian Gulf.

The husky, 6'1" blond officer has a number of active hobbies and interests outside his professional duties. His favorite sport, perhaps, is sailing. A member of the Norfolk Yacht and Country Club and the North American Yacht Racing Union, Mike was navigator this past summer in an eight-day race of 1200 miles, under sail, from Buenos Aires to Rio de Janeiro.

He is a 17 handicap golfer, enjoys photography, cooking, camping, tennis, bowling and bridge.

A Presbyterian, he is married to the former Hellen Louise Miller of Wagoner, Okla. They and their four children, Jon, 13, Tony, 11, Marjory, 9 and Melanie, 7, moved today into the home they have purchased in Chapel Hill.

Brooks and their son, John Trow. Mr. Brooks returns today to Winston-Salem while his wife and child remain here until Sunday. Sp4 Bill Bertrand is expected this weekend from Fort Benning, Ga. for a visit with his family.
