Kaylor Resigns From Town Post; Koster Heads CD

Mrs. Pottle Replaces Mrs. Rounds On Local Library Trustee Board

Two appointments to town posts, the resignation of a long-time town employee, authorization of a Christmas bonus and a discussion of traffic safety near the East Southern Pines schools occupied the town council during a brisk and busy one-hour session at the municipal center Tuesday night.

The appointments were:

1. Col. Alfred M. Koster, retired Army officer, to replace Town Manager F. F. Rainey as Southern Pines Civil Defense director.

Colonel Koster, recently appointed Moore County CD director, will also administer the local program, working from a county CD office being supplied by the town free of charge in the Information Center building at the corner of S. E. Broad St. and Pennsylvania Ave.

2. Mrs. George Pottle to fill the unexpired term of Mrs. Glen Rounds on the Library board of trustees. A letter of resignation from Mrs. Rounds, who was named to the board earlier this year, was read by the manager and was accepted, with regret, by the council.

Kaylor Resigns
Another letter of resignation was read also: that of Frank Kaylor, chief of the local volunteer fire department and resident fireman at the station on New Hampshire Ave. where he and his wife, Mrs. Grace Kaylor, make their home. Mr. Kaylor receives fire alarm calls there, operates the siren and looks after the department's equipment.

In the letter, Mr. Kaylor set his date of resignation as December (Continued on Page 8)

Booklet On Civil Defense Available At Local Office

A booklet furnishing facts the public should know about a nuclear bomb attack and what the individual can do to protect himself and his family is available at the recently opened Moore County Civil Defense office in Southern Pines, Col. Alfred M. Koster, county and local CD director, announced this week.

The booklet, which also describes the national defense program, is titled "Fallout Protection; What to Know and Do about Nuclear Attacks."

The office is located in the Town Information Center Building, with entrance at 110 E. Pennsylvania Ave. It is open Monday through Friday, from 9 a. m. to 5 p. m.

Colonel Koster, a recently retired Army officer whose home is in Southern Pines, is now conducting the county program largely from this office which is the administrative center for the program.

The Operations Center of Moore County Civil Defense will be located in the basement of the courthouse at Carthage. CD operations would be directed from there in case of an emergency, Colonel Koster said, noting that he expects to spend part of his time there during normal CD operations, after the courthouse center is set up.

Reid Page Buys Braeburn Hall, Plans Expansion

Reid A. Page of Southern Pines has purchased Braeburn Hall on No. 1 highway, south, from Mrs. Arthur Atherton, it was announced this week.

Mr. Page, who heads Reid A. Page and Company, a realty and mortgage loan firm operating both in this area and at Colorado Springs, Colo., said that he will take over the well known transient guest house and motel establishment on January 1. A resident manager will operate it for him, he said, noting also that he plans to expand the facilities.

Mrs. Atherton has owned and operated Braeburn Hall for more than 12 years. She and her late husband built the large two-story main structure in 1949, six months prior to his death.

The property includes three and a half acres of land. The main building contains, in addition to owner's living quarters, 13 private rooms, each with bath. Four separate motel units, some with housekeeping facilities, are located nearby. Furnishings are included in the sale. There is a swimming pool between the main building and the highway.

Mr. Page has started construction of a modern masonry and glass building, with about 450 square feet of floor space, on the northeast corner of the property, to be used for his real estate office. He now has office space in (Continued on Page 8)

Both were one-car wrecks, almost identical, on U.S. Highway 1, north, and in each case the investigating officers said there was evidence of high speed. Both cars were demolished.

Patrol Checking Improper Mufflers

State Highway Patrolmen in Moore County are cracking down on improper auto mufflers. Several of the troopers said here this week that there seems to be an unusual number of them these days.

A drive against the fancy, noisy mufflers a year or so ago was effective in diminishing them almost to the vanishing point. But they are easy to get, easy to install and appear to exercise great fascination for young drivers.

Chest X-Ray Unit Now In Carthage

Moore County's chest x-ray survey, which began November 1 at Vass and has continued with visits of a N. C. State Board of Health mobile unit to nearly all towns of the county, is concluding with a stop in Carthage today, Friday and Saturday, from 10 a. m. to 4 p. m. each day.

An x-ray is recommended for every person who is 15 years old or older and who has not had an x-ray in the past year, to reveal unknown cases of tuberculosis or other chest abnormalities. No undressing is required.
