S. B. VINTON
BY MAINE CRAFTSMAN

Unique Pottery Exhibited Here

S. B. Vinton of Lovell, Maine, is demonstrating his work at Midland Crafters, on Midland Road, this week.

His dishes from Deer Country Kilns are pieces of Maine (North Carolina this week) Flora permanently caught in pottery. He uses grasses, flowers, twigs, even insects occasionally in dishes shaped around rocks. The variations possible are limited only by the imagination of the potter, he says, and his work has a unique charm.

Mr. Vinton's own background is as colorful as his work. Born in Burma of fourth generation missionaries, he was, in his young adult life, a concert pianist. Since taking to the Maine woods some 30 years ago he has supported his family of four by running a camp, guiding hunting and fishing parties, teaching music and debating and, in recent years, making his appealing Deer Country dishes.

FOR PARENTS

College Entrance To Be Discussed

Ben W. Gibson, Jr., assistant director of College Entrance Examination Board from the Regional Office in Sewanee, Tenn., will conduct an Admissions Workshop for counselors and principals and a Parents' Admission Workshop in the Bennettville, S. C. High School auditorium November 18 and 19.

The Parents' Workshop will be held Thursday, November 19, at 8 pm. All parents interested in this session are requested to make reservations through the Guidance Office at East Southern Pines High School (telephone 692-2434 or 692-6551).

The meetings were announced locally by Mrs. John A. McPhaul, counselor at the local school.

FAST WORLD

It's a fast world we live in. The United States' new Gemini spacecraft will zip through space at about five miles a second or four miles to a heartbeat! But the heart is still the most important "machine" in man's life, so see your doctor for a regular health and heart checkup, says the North Carolina Heart Associa-
