home loans, but mortgage rates have increased only from onehalf to one percent in the Under the law there is now no ceiling on home loans, the law

scheduled to expire on June 30, There is a general feeling that the new home loan rate will settle

going into effect on April 3 and

around 9 percent. The demand for loans continues high here, but more money has become available for home mortgages, although there is some uncertainty about availability in the face of inflation and the record-high climb of prime

nation's banks. W.E. Samuels of First Federal Savings and Loan of Moore said this week that his association is making home loans at 9 percent now and "We are able to handle

interest rates with all of the

most of the loan demand." He went on to say that "The buying public has not been slowed down because of interest rates."

As for deposits, Samuels says there was some slowdown in Trucks Wreck At Vass Crossing savings during April.

Aberdeen Savings and Loan Association expects its next home loans will be at 9 percent. Bill Womble of First Federal Savings and Loan of Sanford said they are making home loans at 8.5 percent on 80 percent or less, and 8.75 percent on uninsured loans. He said the demand "is greater than we can take care of

right now." Womble said that with the great growth in the Sandhills and the potential growth he does not

anticipate any lessening of (Continued on Page 12-A)

CAMPAIGN — In the last two weeks of the campaign before the Tuesday, May 7, primary elections, the candidates in several races are hoping to strike some sparks and dispel a noticeable voter apathy.

This is especially true in the race for the Democratic nomination for the U.S. Senate. Frontrunners such as Bob Morgan,
