WEDNESDAY, APRIL 20, 1887.

LOCAL HAPPENINGS.

THE NEW ERA office has been moved from the Commercial Hotel building to the building formerly used as a postoffice by Postmaster Green. Its quarters are now commodious and it is ready to welcome its friends at all times.

Special attention is called to the advertisement of THE NEW ERA, in another column. By paying cash in advance you can secure two good papers for what you formerly paid for one, or, with the small addition of fifty cents you can get, for twelve months, the New York Star, the only paper in New York City supporting the Democratic administration. The offer will not remain open long; so all who would avail themselves of it should do so at once.

Five new houses are under construction in Forest City.

The negro who was recently shot in a disturbance on the Carolina Central Railroad, has died. His assailant has escaped.

An agent of THE NEW ERA will attend court at Rutherfordton next week. Bedford subscribers are requested to be prepared to settle. His headquarters will be at the Guthrie House. The price of subscription has been reduced to a dollar a year to all who pay in advance.

Temperance Union. Mrs. G. F. Round, President of the Woman's Christian Temperance Union, will lecture in the Methodist church next Tuesday night at eight o'clock on "Temperance," with the purpose of organizing a branch of the Union at this place.

To Fight Fire. The council of the enterprising town of Black's has appropriated \$200 for the purchase of a hook and ladder apparatus, and a strong fire company has been organized. Mr. Jas. W. Black, mayor of Black's, has been elected captain of the company.

Incendiary Fires. The barn of Mr. Julius Hendricks, in No. 9 township, was burned last Wednesday night, with all his corn and fodder and a grain drill. The fire is supposed to have been of incendiary origin. On Thursday night some one set fire to a can of kerosene in the store of D. C. McKinney & Co., at Black's, but the flames were quickly extinguished, after only trifling damage. This is the second attempt that has recently been made to burn the town of Black's.

Not Knights of Labor. There are now about three hundred men engaged in and around the several mines near Kings Mountain. Last week a man named Brown appeared upon the scene and began the organization of an assembly of Knights of Labor. The managers of the mines, learning of the matter, discharged the most prominent would-be knights, and threatened to discharge all who would join the order. This stopped the proceedings at once. The Brown who was interested was not Capt. Brown, of Kings Mountain, as some have supposed.

List of letters. Remaining the post office at Shelby, N. C., unclaimed for the week ending April 20, 1887:

Miss Nancy Avery, J. P. Coffey, Wm. Dixon, Samuel Davis, Mrs. July Eskridge, Charley Green, Shilford Mayben, Miss Lonia Mattison, Mrs. M. A. E. Poole, Mrs. Elizabeth Weber, Mrs. A. Lien Williams, J. W. Wheeler.

Persons calling for any of the above will please say advertised.

B. F. LOGAN, P. M. County Commissioners' Meeting.

The County Commissioners met in special session at the court house on Saturday. Bids were opened for the construction of the new poor house as follows: W. D. H. Covington and D. Delinger, \$3689; W. S. Alexander & Co. \$5760; C. H. Brown and W. M. Alexander, \$4000. The contract was awarded to Covington & Delinger, who are required to give bonds in the sum of \$2000 to complete the building according to the specifications by Oct. 12, 1887.

Mr. J. F. Bostie was appointed a committee to look after the building of the poor house, the county lands and to have the latter surveyed.

The application of Mr. Purcell to be released from the county tax on pool tables was refused.

CHARGED WITH MURDER.

Two Colored Women said to have poisoned another.

Keziah Hardin and Caroline Morgan, two colored women who live in number three township about five miles below Shelby, are charged with the murder of Arreeta Ellis, another colored woman, the wife of Merick Ellis. On March 13, Keziah Hardin gave Arreeta Ellis some pies and cake, in which, it is alleged, there was poison. At all events, Mrs. Ellis was made violently ill upon eating the sweetmeats, and it is said that Keziah Hardin told Ella Hardin that she had poisoned Arreeta Ellis. On Monday, March 20, Caroline Morgan gave some iced tea to Arreeta Ellis, and she became much worse, and died on Wednesday, the 22nd. It was afterwards learned that iced tea is poisonous. Mrs. Ellis was buried and the facts were only recently brought to the attention of the authorities. After a preliminary investigation Justice Cabanis issued warrants for the arrest of the two women. Deputy Sheriffs Elliot and Hunt served the warrants and brought in the prisoners to-day. They will have a preliminary hearing before Justice Cabanis on Saturday next. Arreeta Ellis was about sixty years of age and leaves quite a large family.

Proceedings of the Court.

On Thursday morning Murrell Nichols was tried for the murder of Tighman Morrow. It was proved that Morrow and a friend of his, both under the influence of liquor and carrying whiskey with them, went to a colored sociable near Grover where they had not been invited. There Morrow swore and misbehaved generally and was asked to desist. He left the house with his friend, and the door was closed upon him. Then according to the evidence of the State, he rapped on the door and asked to be admitted, when Nichols walked to the door and stabbed him with a pocket knife. The witnesses for the defence testified that Morrow was trying to break in when Nichols went to the door and attacked the latter with a rock, when Nichols stabbed him. The jury brought in a verdict of manslaughter.

Mr. C. C. Culp, of Union, S. C., arose and stated to the court that Nichols had been a slave in his father's family, and they were about the same age. Since slavery he had known little of Nichols, but a boy, Nichols had borne a most excellent character, and had always been a friend to the race which the speaker represented. Other gentlemen spoke of the good character of Nichols. He was sentenced to two years in the penitentiary.

On Friday John McGill was tried for burglary. There was strong circumstantial evidence to show that he had entered the room of two young ladies at Gaston College, about 11 P. M., but he proved an alibi from eight o'clock on the night of the occurrence until next morning.

To-day the court took up the case of Jonas White, indicted as accessory before the fact of the arson of the house of Mrs. Olive Lindsay. The prosecution rested chiefly upon the confession of Monroe Chapman, the principal, which the defense contended was insufficient. The jury is still out.

The following is the summary of the cases disposed of up to-day:

- State vs Murrell Nichols, murder, guilty of manslaughter, two years in the penitentiary.
State vs A. F. Hamright, affray, fined \$5.
State vs Henry Houser, assault and battery, judgment suspended on payment of costs.
State vs Geo. Patterson, same, same.
State vs Bud Huskey, same, three months in jail.
State vs Joe Lane Lattimore, George Lattimore and Wm. Lattimore, same, each fined \$5 and costs.
State vs Shelton Jones, same, same.
State vs John McGill, burglary, not guilty.
State vs James Cox, larceny, judgment suspended on payment of costs.
State vs Lee Skinner, selling liquor, same.
State vs Lewis Green, carrying concealed weapons, same.
State vs Logan Turner, judgment suspended on payment of costs.
State vs W. A. J. Bostie and Wm. Pearson, Bostie fined \$10 and costs, Pearson \$1 and costs.
CIVIL DOCKET.
E. D. Rohm et al. vs Sidney Wray et al., mistrial.
W. S. Lattimore vs Joe Cudde Lattimore, judgment for plaintiff.
W. T. Devine vs Joshua Beam, judgment for plaintiff.
D. A. Elliot vs Adam Spake, plaintiff awarded \$10 damages, defendant to pay all costs, motion for new trial by plaintiff.
J. S. Downs vs Carolina Central Railroad Company, jury out.

Deaths.

Mrs. Nancy Evans, the wife of Mr. David Evans, died on the 14th instant at the residence of her son-in-law, Mr. A. H. Gorwall, about 5 1/2 miles north of Shelby. She had been suffering from consumption. Mrs. Evans was 67 years of age and left a husband and seven children, one of whom is Mr. S. L. Gillespie, of Shelby. She was buried on the 15th at Zion church.

Mr. John Yarboro died on the 13th instant at his late home about eight miles from Shelby on the Lincolnton road. Mr. Yarboro was seventy years of age and left a large family.

A daughter of Mr. David Branton about sixteen or seventeen years of age died on the 18th inst. at her father's house about five miles north of Shelby.

Mrs. Orleans McIntosh, wife of Mr. Albert McIntosh, of Lincoln county, died at her home last Saturday, at the age of 23 years.

Mr. Matthew Armstrong, a highly respected citizen of Gaston county, died last Sunday morning.

Personal Encounters.

Mr. J. Rush Oates is quite ill of bilious colic.

Mr. W. L. Long, of the firm of Pharr & Long, of Charlotte, is in town.

Dr. John Miller, and wife and daughter, of Goldsboro, are visiting in Shelby.

Minister Jarvis and wife sailed for Brazil from Newport News, Va., last Saturday.

Miss Betty Winlow has returned home from a visit to the eastern part of the state.

Mr. J. B. Marshall, of Richmond, and Mr. D. E. Allen, of Charlotte, spent Sunday in Shelby.

Rev. Mr. Lowe, in charge of the Forest City circuit, is lying at the point of death from fever.

Hon. Wm. P. Bynum, of Charlotte, and Mr. McBrayer, of Forest City, are attending court this week.

Col. Jas. E. Allen, of the Massachusetts & Southern Construction Company, paid THE NEW ERA a visit to-day.

Mr. S. Wittkowsky, of the firm of Wittkowsky & Baruch, of Charlotte, was a welcome visitor to the NEW ERA office to-day.

Mr. D. Aug. Beam and H. D. Wilson will soon make a trip of several months to Washington territory, with a view to settling there.

Mr. David Cherry, of Lincoln county, was recently conveyed to the insane asylum at Morganton, by Dr. Anderson and Mr. Jacob Tuckey, of that county.

Rev. Theo. Dixon, Jr., has received a call to the pastorate of the Second Baptist Church, of Raleigh, and has accepted it. This is the church of which Dr. W. A. Nelson was pastor before going to Asheville.

Captain of Two Thieves.

On Saturday afternoon two colored men, Bill Jones, and Joseph Smith went into Doggett's store and the latter engaged Mr. Doggett's attention upon a pretense that he wanted to trade. As Smith was about to leave, Mr. Doggett noticed that Jones had a suspicious looking bag, and, seizing it, he found in it two hats which had been stolen from himself and a vest and pair of trousers. Smith escaped for the time being but Mr. Doggett held Jones until the arrival of Deputy Sheriff J. H. Elliott, who took him into custody. It was soon discovered that the clothing found in the bag had been stolen from Miller Bros. On Saturday night, Deputy Sheriff Elliott arrested Smith, who confessed having stolen the clothing. The two men were both committed to jail by Justice A. R. Eskridge.

The First Train.

The first regular passenger train on the Charleston, Cincinnati & Chicago Railroad was run on Monday from Rutherfordton to Black's and return. The train went up on Sunday afternoon, and was greeted by large crowds at each of the stations passed, while, as it passed through the country it was eagerly gazed upon by many persons. The same experience met the train on Monday until it reached Rutherfordton where it was serenaded by the Rutherfordton Cornet Band in the presence of a large and enthusiastic crowd of people. The train hands gave three rousin' cheers for Rutherfordton, and the people enthusiastically returned the cheers of the railroad men, and all went home happy that the running of trains over the new road was an accomplished fact.

Base Ball.

The Our Boys base ball club, of Dallas, engaged the Shelby club in a game of base ball on Saturday, and were victorious by a score of 11 to 5. The game was remarkably well-played on both sides, except in the second inning, when the visitors scored seven runs. Another game will probably be played by the same clubs at an early date at Lincolnton.

The Shelby Club.

The Shelby club was organized for the season on Monday night.

There will be a game on Friday afternoon between Shelby men and Shelby boys.

The Man Escaped.

A Cleveland county revenue official called upon a gentleman one evening last week to take him into custody for an alleged offense against Uncle Sam. The officer tied his horse to a tree nearby and went into the house to get his man. As he entered one door the offender came out of another, sprang upon the officer's horse and rode away. About noon next day the officer found the horse tied to a fence some miles away, but the man has not yet been captured.

Mayor Love declines.

Editor of The New Era: Permit me through your columns to return my sincere thanks to the many friends who have so kindly pressed me to become a candidate for reelection as Mayor of Shelby and respectfully to decline the honor. The pressure of my private affairs is such that I find myself unable to accept the position again. Respectfully, W. P. LOVE.

Captain Gidney for Mayor.

Editor of The New Era: The good people of this town will be called upon within two weeks to elect a mayor for the coming year. I would suggest for their consideration the name of Capt. John W. Gidney. Capt. Gidney is a fine lawyer and progressive man. He would make as good a mayor as we could select. I have reason to believe that Capt. Gidney would accept the office, if elected. Respectfully, CITIZEN.

Some Neighboring Mines.

The agent of Messrs. Bronson, Hoyt & McIntyre, the owners of the "Big Survey" and other lands in the Western counties of North Carolina, amounting to about one hundred thousand acres, states that is the intention of the company to develop these lands. They propose to accomplish this by several means; by introducing a desirable class of immigrants for farming and stock raising, and by

FROM UPPER CLEVELAND.

How the Crops are looking—General Notes.

(Correspondence of The New Era.) KNOC CREEK, April 16.—Our farmers, or the most of them, are busy planting their corn and preparing their cotton lands, while some of them are "gone to court to swap horses." Some have made a success, while others have made a complete failure. I saw one man going down with an "old rip" and he came back with a good mule and a dollar to boot. I saw one man, colored, pass here going on a mare for a "rare bargain," but he found out since that his "stack of bones" gave out before he got there and he is still lying by the wayside suffering.

Wheat is looking very fine in this section and the outlook for a good crop is flattering; but last year's crop is nearly consumed, as the great demand for flour will show. Corn is coming up, that was planted early, and if we could get a nice warm shower of rain, all of our corn would come up much better. The oat crop will, beyond all doubt, be short in this section this year, though spring sowings are looking very fine.

Our farmers are flattered with the prospects for clover which are very good. If the farmers of this country would sow more clover and rye, they would get along much better; as the finest butter is made by feeding rye.

There will be preaching near this place, where they are trying to build a new church, on the fifth Sunday in May. All are cordially invited. Just inquire and we will tell you where to go.

Mr. Frank Willis, who lives near this place, caught a large mink in a steel trap that he had set for muskrats. Mr. Albert Leatherman, a neighbor of ours, died on April 14 of pneumonia and some more of his family are feared for.

FARMER'S FRIEND.

FOREST CITY, April 19.—I have been a constant reader of THE NEW ERA ever since its first issue and have rarely seen in its columns anything from our city among the foothills of the mountains. Surrounded as we are by railroads, fertile fields and an industrious, energetic and working class of farmers, we can not help but feel highly favored. Our recent development and growing prosperity certainly merits some comment. Prior to the railroad agitation, we were indeed in a state of lethargy and inactivity; but with the coming of the two railroads, new life, new zeal, new energy, have sprung into the very soul of our people and, like magic, have internal improvements sprung up all around us, and today we see many dozens of new houses within our city, steam saw mills, machine shops and industrial improvements which were hitherto unknown and unthought of by our people.

Today our population numbers several hundred more than it did eighteen months ago. We have nine stores, one buggy shop, one blacksmith shop, two cotton gins, two steam saw mills, one cash and door factory, one steam corn mill, two livery stables, one barber shop, one hotel and two churches within the corporate limits, besides many other improvements which go to make up a thriving and prosperous town, to say nothing about a railroad depot and other railroad improvements around the same. We now have four daily passenger trains passing through the village.

All these new improvements have sprung up during the past eighteen months and still the city grows.

Your excellent paper being universally read all over our county, I think it but just to say to the trading public around about here that our merchants are now enabled to offer many inducements to farmers in the way of supplies of all kinds. The railroad now brings their goods and lays them down at their doors, hence they are enabled to sell goods cheaper than ever before. With due deference to others, I must say that Messrs. A. G. Tate & Son, who have recently come among us, are wide awake, active and energetic men of business. Messrs. J. B. Long & Co., Blanton & Stough, G. E. Young, I. N. Biggerstaff, Bronson & Co., lately of Shelby, Byers Bros., W. W. Noblitt, and W. W. Jackson have on hand a very good stock of goods and are doing a very good business, considering the dullness of the season.

Daily passenger trains on the three C's roads are now the topic of general conversation. The Carolina Central has not yet made any move indicating that they intend to favor Forest City with a depot.

Rutherfordton court commences next week and the people are anxious for the "reforming judge" to pay them a visit. Several cases of interest are to be tried.

The farmers have finished planting corn and are now planting their crop of cotton.

It has lately been the misfortune of some of our citizens to get outside of too much lager beer, causing some of them to imagine they possessed the power of Sampson and the riches of Dives, as well as a feathered position. All men not being equal accounts for the superiority of some over others.

NEW ADVERTISEMENTS.

J. S. MARTIN. J. F. WARE.

MARTIN & WARE, Have opened a full line of Groceries at D. C. Webb's old stand. They mean business and will make it to your interest to Trade With Them.

The Ormond Ore Bank, or more properly speaking, the Ormond Ore vein, is in Gaston county, and is from eight to fifteen feet thick. The ore is a magniferous, hydrated hematite—turgite—and is sufficiently pure to be employed in the manufacture of spiegeleisen, which is used in the manufacture of steel, by the Bessemer process. This ore is being mined and shipped to Pittsburgh, Pa. There is an abundance of this material in Gaston, and it bids fair to become an important factor in the manipulation of iron ore as its worth becomes known.

The iron ores of the state are coming into use, and the beds are being examined with a view of introducing furnaces or for shipping purposes—all of which points to future operations on a broad basis.—Baltimore Manufacturer's Record.

Shelby Park. A few days ago Messrs. J. B. Bostie, one of Shelby's progressive young men, and C. D. Blanton, one of Mr. Bostie's energetic citizens, with an eye to business which has already given them an established reputation, came to Asheville, and, with but little parleying, selected and purchased about twenty acres of beautiful city property, lying on South Bailey street, and extending to the property of Messrs. Penniman adjacent to the Pennman Avenue, (Twin branch street) leading from South Main to the new depot. It is a handsome piece of property, and though several thought they paid full enough for it, they have not only been offered a large advance upon cost for the whole, but, since division of it, have already sold lots which sustain well their faith and good judgment.

Messrs. Bostie and Blanton—whom we might appropriately designate the "Busy B's"—secured the services of Mr. John G. Aston as engineer, whose skill has developed a plot of a most attractive and what is destined to become one of the most popular sections of our city for residence purposes and which has been happily named Shelby Park, as complimentary to the former home of Mr. Bostie. Streets have been extended, and new ones opened—notably Blanton and Warwick—and the whole has been so arranged as to offer sixty-nine very handsome lots, all of easy access and fine elevation. After being laid out with Mr. Aston's usual care, accuracy and good judgment, Messrs. B. & B. have had a large force engaged in widening, grading and extending the streets, and since this has been done several of the lots have been sold, each taken at once upon statement of the price. These gentlemen do not intend to hold these lots for fancy prices, but will sell them at their intrinsic market worth. Parties desiring handsome residence lots in a growing section of our city should call on Bostie, Blanton and Co. at once. Shelby Park will soon be one of the most pleasant and popular additions lately made to Asheville, and we congratulate our city no less than Messrs. Bostie and Blanton upon their enlargement of our metropolis.—Asheville Citizen.
