HIS BRIDE STOLEN FROM HIM.

She Went Off With Her Former Lover Immediately After the Marriage.

CARTHAGE, Mo.-The principal topic of conversation on the streets in this city is the sensational elopement-if elopement it can be called-of a young lady, immediately after her marriage, with her former lover. J. S. Pritchett, a young man from Idaho, and Miss Mamie Imel, a young lady residing in the country near this city called at the office of the County Recorder for a marraige licence. after which they went to the office of the Probate Judge, by whom they were married. A few minutes after they left the Recorder's office a young farmer named Ulmer entered in a very exited manner and asked for them, and after commanding the Recorder not to record the mar riage license just issued, rushed out.

The newly married couple had gone to a dry goods store, and there the wife was left while her husband stepped out a few moments to attend to some business. During his absence Ullmer made his appearance, and informing the young wife that her mother was waiting outside, scized her by the arm and hurried her out to the street. The couple went several blocks, the lady stopping now and then to enter a protest, but she was silenced by her companion and led hur-riedly along. They finally stopped at a grocery, and after some earnest conversation they entered Ullmer's buggy stand-

ing near, and drove rapidly away. In the mean time the husband returned to the dry goods store, and, finding his wife gone, started in search of her. Supposing that she had returned to her ome in company with Ullmer, he started in pursuit and reached there soon after dark. He returned to the city next morning, being unsuccessful in his search for the runaway couple. What course he will next pursue he does not know. He and his stolen bride are cousins. They were engaged to be married before he went to Idaho, but during his absence she became engaged to Ullmer and they were to have been married next Thursday. Receiving an invitation to the an appearance, and a wedding with its sensational denouement was the result.

A Cyclonic Hailstorm.

A terrific hailstorm passed through Rowan county, N. C., Tuesday afternoon and did great and untold damage. It was 4 o'clock when it came upon Salisbury. The wind roared like a cyclone, but was not accompanied by much rain. Hail stones from the size of a hickory nut to that of a man's fist fell for tifteen minutes fast and hard. The limbs of trees were broken off and fell to the ground. The window glass in many dwellings and business houses was shattered and houses unroofed. Heavy damage was done to the new Lutheran church, all the large stained window glass being broken. The damage to this church alone is one thousand dollars. Five hundred window glasses were broken at the cotton factory. The fruit and the cotton crop throughout the county is said to be completely destroyed. No estimate of the total damage

A Still Retaken.

Revenue Officer J. A. King seized the still and two barrels of whiskey of W. J. Hare, who runs a distillery about a mile and a half from Elmwood, N. C., on the ground that Mr. Hare did not employ a storekeeper and, therefore, was violating the law. The still and whiskey were taken to Elmwood to be shipped to the revenue headquarters at Statesville. Early Monday morning Edward Moore, the depot agent, was awakened by son one who said he desired to see him. Moore pushed the sliding door of the depot open a little, whereupon the outside caller threw it wide open. This proved to be Mr. Hare, who called out to a crowd of tifteen men who accompanied him to ride up and get the still. Moore forbade him three times, but Hare said he had men enough to back him, and would take it by force if compelled to. Moore had not given the revenue officers any written receipt for the whiskey or still, as it seems he does not do this after 4 p. m., and the goods were placed in the depot after this hour. Hare said he did not want the whiskey, and only carried off the still. Moore knows the names of all Hare's men, and who is investigating the affair.
