

WEDNESDAY, JULY 8, 1891.

If you receive the FARMERS' ADVOCATE, it is a hint for you to subscribe. If you have been receiving it and do not care to subscribe, simply notify the Postmaster.

LOCAL BRIEFS.

Tobacco is growing rapidly. The crowd in town Saturday was very large. The county Alliance will be in session here Friday. Additions are being made to the Wilkinson Female Institute. The small boys were venging their goods on the streets Saturday. Subscriptions for the FARMERS' ADVOCATE will be taken at the post-office. With two tobacco warehouses Tarboro should be a live town during the tobacco season. Some parties were before the Mayor Monday morning for engaging in fights Saturday. Clerk Pennington is kept busy drawing up papers for those who receive the Direct Tax. Rev. Mr. Hubbard will hold divine services at Old Sparta Sunday afternoon at 4 o'clock. There will be services at the Poor House, of this county, next Sunday afternoon at 4 o'clock. The small boys were granted permission to explode their fire crackers on the 4th and they had a jolly time. Rev. D. H. Tuttle will hold divine services at McKendree, next Sunday afternoon at 4 o'clock. Many of the young people enjoyed an impromptu dance in the Armory Tuesday night of last week. Hands are busy at work removing dirt for the foundation of the tobacco warehouse near the boat landing. H. B. Bryan, proprietor of Hotel Farrar, will move to the old Gregory house formerly occupied by himself, sometime during this month. The weather for the past ten days has been all that the farmers could wish for their work. Cotton in that length of time has improved wonderfully. W. G. Cherry has been elected Secretary of the Conkley Alliance. We will say here, that when any changes of officers in the different sub-Alliances take place, we would be glad to be notified. T. W. Howard's two year old Roanoke colt is improving in size and speed. He is a beautiful chestnut sorrel, well developed and Mr. Howard thinks that he will make a valuable animal. A certain young clerk while attempting to handle a hoghead which had a small quantity of molasses in it, in some way knocked the bung out and much of the "sweetening" was spilled on him, totally ruining his suit of clothes. We have not had an opportunity to see many of the farms in this county, but from reports we are of the opinion that the crops have improved wonderfully of late. The prospect for a good crop is growing brighter in many sections. A colored man who was drunk on the streets Saturday attracted a large crowd when he was arrested and taken to the lock-up by a policeman. He resisted the officer and it required some effort before he was landed in the lock-up. Saturday, the fourth of July, was not observed by our people. George T. Williams had the Army of the Edgewood Guards bedecked with flags, and save this there was no observation of the great epoch in the history of our country. Complaints still come from the farmers that "King Green" is giving them all that they can do and many say that their strength is hardly sufficient to conquer him. In some sections of the county the rains have been very frequent, and work was delayed. We are in receipt of an invitation to the Art display and reception, given by Miss Mollie Rouse, Greenville, N. C., July the 10th. Miss Rouse is a native of Edgewood. We are glad to note that she has met with marked success in her new home. The catalogue of the Wilson Collegiate Institute has been received. The various departments of the Institute are conducted by competent and skillful instructors, so says the catalogue and knowing personally the Principal, Prof. S. E. Warren, we speak liberal patronage for this worthy Institution. See adv. Quite a number of the business men of the town made a call upon the Mayor for a special meeting of the board of commissioners Friday night to hear petition in regard to hitching horses only on certain streets, and asked that ordinance be repealed. A compromise measure requiring a special police to prevent obstruction of streets when large crowds are in town, was adopted. The office of the Superior Court Clerk has been a popular place during the past week. Everybody was anxious to know the amount of taxes to be refunded. A list of those who paid the Direct Tax is published in this issue of the FARMERS' ADVOCATE and we hope it will prove of advantage to those who cannot conveniently come to town to ascertain the amounts due them.

Personal. Miss Pearl Morris is at Ocean View. Mrs. Ewell, of Williamston, is visiting in town. Miss Lucy Garrett, of Medoc, is visiting at Judge Phillips. Mrs. George P. Hubbard and son are at Chapel Hill. Thomas Battle, Mayor of Rocky Mount, was in town Monday. Miss Annie Whitehead, of Weldon, is visiting Miss Annie Hart. William Porter is sick with fever at his mother's, Mrs. J. E. Porter. E. V. Murphy, J. H. Johnson and W. F. Hargrove, went to Norfolk Monday. Miss Agnes Cotten, of Cottendale, Pitt county, is visiting the family of Judge Phillips. Frank Mebane who has been visiting Collegiatem here, has gone to Goldsboro to visit friends. Capt. Carraway, the genial, jovial traveling agent of the News & Observer paid us call last week. Our esteemed friend, Dossey Battle, Esq., left Saturday for Wilmington to assume control as local editor of the Messenger. He will also assist in the writing of short and pungent editorials. His ability as a newspaper man is too well known to the people of North Carolina to need any word of commendation from us. The Race. The Teel-Holderness race took place at the Fair Grounds one week ago yesterday. Three o'clock sharp was the time set, but it was a few minutes later, owing to unavoidable circumstances. After some exercise, the horses started. The third trial, they went. Teel's horse was behind most all of the first heat. Holderness' horse trotted beautifully. Steady as a clock, he worked out his first mile. The excitement ran high as Holderness' horse came in on the home round, ahead several lengths. Twenty minutes intervened, and again both horses were on the track. Everybody could see that Bill Arrington was mad, and Doc Teel had used his rabbit foot. The tables were turning, and Dawson no longer was able to hold his own as he had so well the first heat. Holderness' horse was badly rattled, and had lost his grip. On this, the second heat, it was plain that Teel's horse was the victor, as he came in wry ahead. Doc Teel had won. George Holderness had lost. Both these young men have first-class horses. The judges were: Dr. J. H. Baker, Dr. L. L. Staton and A. M. Fairly. The fastest time made by Teel's horse, 3:02; fastest time by Holderness' horse, 3:07. August Races. Edgewood folks love fine horses and good races. No county in the State, or anywhere else, can boast of finer horse flesh, than may be found in old Edgewood. The Live Stock Association, organized several months ago, is doing good work along this line, and their influence will be felt for years to come. The August races are given under their supervision. Below we give the terms, etc., as set forth by the Association: GENTLEMAN RACE—RUNNING. Sweepstake \$20 each—h. f. with 1 gate money added. Welter Weights—11 mile. First horse 75 per cent, second horse 50 per cent. Gentlemen Riders—No thoroughbred horse allowed to start. GENTLEMAN RACE—TROTTING. Sweepstake \$25 each, \$10 forfeit; 1 gate money added, best three in five, mile heats. First horse 60 per cent, second horse 30 per cent, third horse 10 per cent, for horse with no record. All entries close July 18th, and must be made to the Secretary. Forfeit money must accompany entries in each race. These races promise to be interesting, and it is the desire of the Association to have as many entries as possible. The President says there is room for one more always, and the more the merrier. Mr. Hanks Burned. A fearful storm visited this city last night about half past nine o'clock. The rain came down in torrents and was accompanied by an enormous amount of lightning, almost blinding in intensity, and loud peals of thunder. A gentleman who was at the R. & D. depot said great balls of fire rolled around there promiscuously and the wires were covered with a web of fire. At the electric light house much damage was done. The dynamo of the incandescent lights was burned out and Mr. Dick Hanks, who runs it, was severely burned about the face. His eyes are very much swollen this morning from the effects of the burn and the marks on the face show that he had a tough time of it. To use his own expression, "he was nearly burned up." Danham Sea. Quite a number of years ago Mr. Hanks lived in this place. His relatives and friends here will learn of his accident with much regret. The Peanut Mill. E. V. Murphy says he has five more shares added to the stock for the peanut mill. This looks like business in a hurry, and it means nothing more than a peanut mill here this Fall. It will be the only one in the State, and our people highly appreciate the efforts of those who are to be credited with it. \$8,500 have been up to date subscribed.

Tarboro Alliance. The monthly meeting of this Alliance was held here Thursday, but the attendance was not as large as expected. The minutes of the previous meeting were read and adopted, after which the regular routine business was transacted. A committee consisting of S. B. Bradley, William Redmond and W. L. Barlow was appointed to cooperate with the North Carolina Experiment Station in regard to agricultural and kindred topics. Any question on which a member may desire information will be presented this committee, and through its chairman will be sent to the Experiment Station for an answer. In this way the members hope to derive much information. A book on the disease of the horse recently issued by the Station was received by the secretary and same examined. The book contains many valuable articles on the diseases of the horse and it will prove highly beneficial to those who seek information therein. The thanks of this Alliance are due Dr. Battle for this valuable book. The following delegates were appointed to represent this sub-Alliance at the meeting of the county Alliance Friday: E. C. Knight, S. B. Bradley and D. E. Cobb. The officers elected for the ensuing year are: L. B. Knight, President; S. B. Bradley, vice-President; F. B. Lloyd, Secretary; W. L. Barlow, Treasurer and Business Agent; W. G. Turner, Chaplain; William Redmond, Lecturer; E. C. Knight, Assistant Lecturer; J. B. Lloyd, Steward; J. J. Stallings, Doorkeeper and D. E. Cobb, Assistant Doorkeeper. Veterans' Regalia. The Executive Committee of the Confederate Veterans' Association was in session here Monday for the purpose of making arrangements for the reunion and celebration of their second anniversary on the 6th of August. A big barbecue will be prepared for the occasion and special committees for each township were appointed to solicit subscriptions in money, pigs, &c., for the dinner. The secretary was instructed to invite the following speakers: Hons. Thomas W. Mason, W. E. Cox, Col. L. L. Polk and Judge Phillips. Gen. William Gaston Lewis will be invited to act as Chief Marshal on the occasion. The Vets, after roll call at the court house, will march to the fair grounds where the speeches will be made and one served. It will be a celebration such as Edgewood is capable of having. The following are the committees from each township: No. 1, H. K. Nash, W. M. Edmondson, M. L. Hussey, R. C. Brown. No. 2, J. T. Howard, E. E. Knight, W. A. Williams. No. 3, W. S. Long, E. T. Speed, W. J. Davenport. No. 4, L. B. Knight, W. J. Lawrence V. B. Knight. No. 5, Geo. R. Gammon, John McDowell, W. C. Bradley. No. 6, E. H. Speight, A. Braswell, J. M. Cutchin. No. 7, J. K. Lawrence, H. S. Bunn, D. H. Barlow. No. 8, B. F. Eagles, W. T. Knight, Theo. Pitt, Elias Carr. No. 9, W. S. Crisp, B. B. Lewis, W. T. Dunford. No. 10, K. C. Lewis, J. Dempsey Brown, Frank Walston. No. 11, P. S. Sugg, H. C. Bourne, N. B. Killebrew. No. 12, Jesse Brake, H. G. Worsley R. F. Thomas, W. O. Bullock. No. 13, J. P. Jenkins, D. L. Lancaster, John Lancaster. No. 14, W. E. Bradley, J. D. Boseman, J. I. Killebrew, M. W. Proctor. Egglestonville Notes. For the Farmers' Advocate. We had a fine rain on first of July. Wheat and oat harvesting is about over. It is not a successful crop by any means. Miss Sue Overstreet has returned to take charge of her former school. At the preaching at Otters creek on Sunday Mrs. J. Q. Matthews professed religion and was baptized by Rev. B. B. Pitt. Henry Wooten Sr. has the paralysis and is suffering intense agony. Johnny Edwards has malarial fever. It is hoped that the Edgewood Guards will go to Wrightsville in full ranks, there is nothing to prevent them from going and having the honor of being as good as the best drilled company in the State. If they do not bear the honor it will not be because they haven't got a good Captain. He is a well drilled man in tactics and has the honor of being a high tone gentleman as all companies should have, not only captains but privates and all that belong to the State guard should bear the honor as their captain. Privates obey the captain, and I am sure he will represent Edgewood as it should be represented. It is something that should be kept up for the sake of our fore-fathers and our country. Now, gentlemen, as the drum is sounded fall in with the intention of going and obeying the commands and representing the E. Gs as they should be. They have been known as E. Gs for many years and they should be highly respected by every member of the company and then the citizens of Edgewood will be likewise. The Guild. Will hold its regular meeting next Thursday night at the Odd Fellows' Hall. Paul Jones will deliver the address. Subject: "A Sketch of Shakespeare."

For the Farmers' Advocate. To those who wish to know the location of this "village" and haven't a late edition of the map of this section, I would say it is 13 miles from Tarboro, 12 from Whitakers, the same from Enfield, Halifax Co. It derived its name from the owner and proprietor of the mercantile interest in this place. It is said "Let's go to Bix" instead of Bisco Pittman's in contradistinction to the host of Pittman's with and without stores, who inhabit this country. The business house of this place has its grocery, dry goods and millinery department, a barber shop and office for practical dentistry—postoffice where letters can be mailed free of box charge; besides the accommodating Mr. James Pittman asks nothing but good will from the men and smiles from the girls to act as P. M. They haul goods from Tarboro and in many cases can sell them as cheap as they can be bought in that city. The M. E. church has a flourishing Sunday School in a house belonging to the same "Bix," also have preaching by the Rev. Mr. Tuttle of Tarboro, on the 4th Sunday in every month, sometimes the Saturday before. Mr. N. M. Lawrence is the Superintendent of the Sunday School and has by his earnest, cordial manner and hearty singing captivated the people and as the Pied Piper he draws the children to him. Most of the girls are at home from school ready for a vacation, full of frolic and fun, pic-nics and flirting. Miss Maggie Tillery is boarding with Mrs. S. H. Draugham and will add her charms to the attractions of this "Village." The farms of Dr. W. T. Mayo, L. L. Lyon, J. B. Latham, W. F. Draugham S. G. Whitfield and George Woods spread their broad acres like a green and grassy border around this thriving "Village" in walking distance of the center. Bro. M. N. Cutchin spoke at our hall on the 1st Saturday to the edification of the audience, also acknowledging the quality of "training and breeches" by delicately referring to the presence of sisters adding to the prosperity of the Order. We are agitating a big Alliance picnic for this Summer. Fleety of nice peaches and berries in abundance, but the cotton is coming out ahead. I learned yesterday that peanuts might be covered over by plowing and then come out and leave the grass out of sight. Oats are not good and it is difficult to get cutters. It is my opinion that every Alliance man should be a lecturer outside of the hall; especially among the brethren. Every member cannot read, but all can think, some will not read because it is not their habit—others are too tired. Those who can and will read let them exhort the others to continue steadfast lest the day of election find them unprepared. ONE OF THEM. Examination Day. The President of the Agricultural and Mechanical College has sent a circular letter to the county Superintendent of Public Instruction stating that any young gentlemen who desire to enter the College as pay students may be examined by the Superintendent. This county is entitled to one free scholarship. For the benefit of those who desire to stand the examination we quote the following law: "And it shall be the duty of the Superintendent of Instruction in each of the days fixed by law for the examinations of teachers of public schools also to examine candidates for county students to said College; blanks for such purpose to be furnished annually by the President of said College to the Superintendent of Public Instruction in each county." Next Saturday is the day on which the teachers and students will be examined. Conetoe Items. For the Farmers' Advocate. The crops of this section have much improved during the last month which shortens the farmers' faces. The Conetoe Oil Mill is making its last run for the season. The town commissioners met Monday night and revised the town ordinance and voted to make some improvements in the town. Dr. C. L. Jenkins reports a great deal of sickness in this section, Swinson Bro. & Co. have closed their business owing to the illness of their father. Miss Sue Pitt, of Old Sparta is visiting Mrs. John Warren, Jr. Miss Annie Madra of Scotland Neck is visiting her sister Mrs. J. E. Bullock. Mrs. Hulda Dawson, of Goldsboro, is visiting her sons, Messrs. N. B. and G. T. Dawson, here. Mr. John Slaughter and wife of Goldsboro, who have been visiting relatives here, returned home Monday with a sick baby which cut short their visit. Mr. W. D. Dawson leaves Wednesday for a protracted visit to his old home in Lenoir county. Misses Ella Howard and Mattie Jenkins left on Monday's train for Everett, where they will spend several days with friends and relatives. Miss Martha Knight and company Miss Bryan of Ala. and Miss Bettie Taylor spent a few hours in town Monday evening. The young men are highly pleased with the visiting ladies of this section, and are willing to make any sacrifice for their enjoyment. Prof. W. O. Howard, one of Conetoe's most promising young men, leaves Monday for Mindin, La., where he will take the chair of Modern Languages. We congratulate the college on its selection and join the girls of this community in their regret of his departure. Good luck to you, Bill. (Correspondents must sign their names when writing for us. This is to insure good faith. Their names will not be published if they do not desire.)—Ed. Mildred Notes. For the Farmers' Advocate. Mrs. J. S. Hodges, of Washington is visiting her old home. There will be preaching here next Sunday morning and night. We notice the farmers are still shipping potatoes. One of our townsmen expect to get married Thursday night, and we are glad to know he won't have to steal his girl. C.

Town Commissioners' Meeting. The town commissioners were in session Monday night with all of the members of the board present except Commissioner Gilliam. The commissioners on Fire & Water reported hose in bad condition and the clerk was ordered to buy hose for sprinkling the streets. A proposition was made by West Tarboro Land and Improvement Company that if the buying of persons in the corporate limits be prohibited the Company would set apart not less than six nor more than ten acres of land or as much as may justly be deemed necessary to establish a cemetery for whites on such suitable site on there property as may be agreed upon for this purpose, the land to be sold to a company to be organized, or take charge of the same and agree in writing to give space to such as may be adjudged paupers by the commissioners. On motion the proposition regarding cemetery was received and Cemetery Committee was authorized to act in the matter. The report of the Finance Committee showed receipts to be \$11,496.36 disbursements \$11,272.93 cash in hand \$223.41; amounts due and paid by John W. Cotten Chief Police to July 6, 1891, total \$9,555.51 credits \$2,208.22 leaving amount due \$1,347.29. Dr. Don Williams, Superintendent of Health, appeared before the board and stated that hog pens should not be allowed within the corporate limits of the town, and reported ditches in certain portions of the town in bad condition. J. B. Bell appeared before the board and made complaint of hog pen owned by Mr. Hyatt. After some discussion it was moved and adopted that no hog pen be allowed within the corporate limits of the town under a penalty of ten dollars, and ten days being allowed each owner to remove same. The Mayor reported ten cases tried up to July 1st, and the amounts of costs and fines in same being \$48.20. W. Winborne Superintendent of Police, reported that he had collected 40.30 fines and cost as reported by the Mayor. The total amount received by the treasurer for the month of June was \$8,532.28 cash paid \$3,434.45 cash in hand to balance July 1st, \$5,097.83. Permission was asked by J. Rosenbaum to add twenty feet to rear part of his store and same was granted. George Howard Jr. made application for lot opposite the residence of Dr. L. L. Staton to erect a tobacco warehouse and prize house. Dr. L. L. Staton being present made objection to sale without making same public and offered \$500 for lot and obligated to make any improvement upon it that any other purchaser would make. Referred to Finance Committee. It was moved that the Finance Committee take into consideration the salary of the Mayor. County Commissioners' Meeting. The county commissioners were in session Monday with all of the members of the board present. The monthly allowances were made to the paupers of the county. The Sheriff reported he had collected since last meeting \$1850.00. Bills presented to the board were allowed. C. L. Killebrew, B. P. Jenkins and S. T. Cherry were appointed a committee to have Coker and Spicer's bridges repaired; also to have old Town Creek church bridge repaired. The board of equalization with Capt. Orren Williams as chairman, met in the afternoon. The reports of the several assessors and list takers were adopted. After this business was transacted the commissioners, pursuant to an adjourned meeting, reassembled for the transaction of business. W. H. Powell and G. L. Wimberly were appointed a committee to repair the canal bridge at W. H. Powell's residence. Capt. Williams and James Pender were authorized to put out the insolvent taxes of 1889. The following jurors were appointed for the August term of the Inferior Court: Jos. Hoggood, B. Bryan, J. C. Pender, J. O. Worsley, J. D. Andrews, F. L. Thigpen, W. D. Lancaster, Wm Edmonds, Ollen Warren, Jr., M. A. Curtis, N. M. Lawrence, G. W. Mayo, B. J. Keech, E. M. Bryan, Orren Williams, Jr., J. D. Barnes, Frank Gotham, H. A. Harrell, A. T. Wooten, Chas. Harrell, W. S. Clark, J. D. Taylor, C. W. Proctor, A. M. Wooten, W. B. Bullock, F. G. Andrews, Jonas G. Carr, W. H. Andrews and W. H. Bellflower, Ollen Warren. The following poll-holders were appointed to hold the school election July 28th. Precinct No. 1—Jos. Zander, Nathan Williams, Ben Norfleet, D. W. Harris. Precinct No. 2—G. S. Lloyd, R. A. Watson, H. A. Dowd, T. H. Ruffin. Precinct No. 3—W. M. Edmondson, S. B. Bradley, Turner Prince, Harry Smith. It was ordered by the board that the penalties for non-listing of property and polls be hereafter rigidly enforced except for valid and legal excuse. The following were allowed to retail liquor: H. Morris, Jr., Howell & Jeffreys, Garrett & Cherry, W. J. Burnett, B. F. Spragins & Co., J. K. Bullock & Co., R. H. Parker, D. Lichtenstein & Co., J. C. Allen, J. L. Dawson. Conetoe—W. B. Bullock, J. O. Harrell, Lawrence—F. B. Bellamy, Rocky Mount—Jesse Turner, Arthur Garvey, John H. Hunter, J. J. Harper, Jr., John H. Short, Appleton—Wells & Shelton, Dothead—D. H. Barlow, Old Sparta—W. G. Webb, Kingsboro—E. K. Thigpen, W. J. Lancaster, his store, O. R. Princeville—Sam Lawrence and Orren James, St. Lewis—K. C. Lewis, Coakley—M. A. James, Whitakers—A. L. Parish & Co., Township No. 2—W. H. Warren, Pitt's N. Roads—W. E. Warren, Township No. 6—Joseph Weeks, J. H. Anderson, his store, Frank Denton, his store. The treasurer submitted his monthly report. A petition presented by John Warren for a public road in No. 2 township was granted and Sheriff instructed to summons a jury of free-holders to lay off same and assess damages and expense against adjacent property holders and the county to pay no part thereof. B. F. Eagles appeared before the board and asked the discontinuance of the public road leading from his store to the Vines place, for the reason that the said road is not used and there are not sufficient hands upon same to work it. The clerk was ordered to advertise same according to law. Hamilton Briefs. For the Farmers' Advocate. Mr. H. H. Hyman, a respected farmer 68 years old died at his home (about six miles from town) last Wednesday. Mr. W. H. Howard, Jr., died last week of typhoid fever, in Jacksonville, N. C. Mr. Stewart moved to Jacksonville about two months ago from this place. He leaves a wife and one child. Captain Simons who has been sick at the Hotel Darden, was able to leave Monday morning for his home in Salisbury Maryland. Miss Jennie Boyle left for Scotland Neck last Wednesday, to visit her sister, Mrs. M. A. Cotten. Miss Bettie Clark, Principal of the Oxford Female Institute, after spending several days in town with the Misses Darden returned home Monday. Misses Lucy and Burnie Mayo are visiting their brothers in Edgewood. Mr. Orren Hasket, living near Goose Nest, was awakened last Sunday night (June 29) about twelve o'clock, by the cries of an infant, and on going to the door found lying on the steps a babe, apparently about two months old, with a bottle of milk and a note of directions (by its side) as to how it should be fed. Mr. Hasket has taken charge of the little pilgrim and it is doing well. Miss Gattie Cloman who has been quite sick for several days is able to be up again. Mr. Michel Parker had the misfortune to lose his fine imported Dutch belted cow last week, he had recently purchased her at a cost of one hundred and seventeen dollars. She was the largest cow in this section and when in good keeping, gave six gallons of milk per day. Barn Burned. Tuesday night of last week, the barn of M. H. Weathersbee was destroyed by fire. In this barn there were between fifty and sixty barrels of corn which were also burned. The origin of the fire has not been learned. Special Meeting. The members of the Edgewood Guards are hereby ordered to meet in their Armory on next Friday July 10th as a special business meeting must be held to make preparations for attending the encampment.
