# THE NEWS.

News of the Week from All Parts of the World as Cleaned from the Press.

The Norfolk Fire.

NORFOLK, Va., Oct. 10 -The extensive fire at the wharf of the Seaboard Air Line last night destroyed property valued at about \$200,000, on which there was insurance of about \$75,000. W. Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical W. Hall, who had been in the on the Southern near Salisbury employ of the Old Dominion on Monday night. Steamship Company for about 25 years, was forced overboard by the heat and drowned. His body was recovered this morning and showed the effects of the heat upon it. Whether or not others were drowned in attempt ing to escape the flames by jumoing overboard is not known and tion of the church has been laid. will not be until the men are paid to jump into the river.

It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered. Meat.

The Hon. J. Sterling Morton. Seretary of Agricutlture, gives otterance to the following, as his views in regard to growing horses for meat export:

"I believe more money can 1 made raising other kinds meats, and I do not believe i these stories about the mone which Americans can make it two cents per pound, and the It is true that horse meat is used more extensively every year in Europe than in the past. Betwen 1889 and 1893, more than 100,000 were killed there for human consumption, and in 1893 the total weight of dressed horseflesb used amounted to more than 48,000,000 pounds. They use every part of the horse and have horse steaks and horse roasts, and there are horse meat restaurants, where you can buy horse soup. I would not like to eat it. I feel very much concerning herd of deer which we had on our And hope is brightest when it place in Nebraska, and which was accidentally shot. It was a pretty little doe, and when it was brought home, it still had a blue ribbon fastened about its neck which we had fastened to it. 'Well, there is one thing about it. you can give us some fresh meat. My wife replied: 'Why, my dear, I would just as soon think of state than celibacy when it means eating a slice of one of the children.' It is the same with the fortunes there is little doubt, but, borse. It is too close to us. We though many people marry for love it too much to ever want to love, or something they mistake eat it, and it will be a long time before there will ever be a market for horse meat in America.'

SOUTHERN RAILWAY.
