In Orange county this week was captured a moonshine plant that had the capacity of one gallon per day. The still was of metal but not copper and the cap and worm was a gourd with a long handle.

Mr. Bob Lutz has a dog who is making war on snakes. Up to this time he has within the knowledge of Mr. Lutz killed 18 copperheads. How many unreported snake-victims there are, Mr. Lutz is not able to say.—Newton Enterprise.

The new rector for St. Mary's School, of Raleigh, has been elected to succeed Bishop-elect Theodore D. Bratton, resigned. This is Rev. McNeely DuBose, now rector of Trinity Church, of Asheville, a South Carolinian by birth, but for fifteen years in Asheville. It is a selection worthy of the school and the Episcopal diocese which are behind it.—News and Observer.

During a violet storm about 5 o'clock last week lightning struck the residence of Mr. F. M. Davis, who lives four miles north from Louisburg. The flash instantly killed his little son Otty, aged 7 years, and Miss Nannie Dean, his wife's sister, aged about 30 years. Other members of the family were shocked, but none were seriously hurt.

Rocky Mount Motor: A colored man, a driver for Matthews, Weeks & Co., while complacently smoking a cigarette on the top of a big load of hay on Railroad street Thursday, had rather an expensive little experience. A bale of hay caught fire from the cigarette and soon several bales were burning freely. The entire load was quickly dumped to the ground and water buckets brought into play. About a dozen bales of the hay were damaged.

Raleigh, N. C., July 6.—C. G. Latta, president and treasurer of the Raleigh Cotton Mills and Neuse Cotton Mill, died at 11:15 o'clock tonight. He was one of the most prominent cotton mill men in the State, and extensively identified with Raleigh business interests. He suffered a stroke of total paralysis this afternoon and never regained consciousness. The stroke is attributed to a street car accident in New York a year ago. He was found in his office unconscious this afternoon about 3 o'clock.

The cucumber is just now the most interesting crop around Conetoe, Edgecombe county. While farmers in other sections are talking about the prospective prices for tobacco, cotton and peanuts, the Conetoe farmer has ceased all his Irish potato, cabbage and lettuce talk and rattles away about cucumbers, which they call cukes. They are selling now for about \$2.50 a bushel. One farmer, it is said, has just refused an offer of \$1,000 for the product of four acres.—Tarboro Southerner.

Goldsboro Argus July 3rd: A young son of Mr. Matthew Jones was drowned in Neuse river at the railroad bridge yesterday afternoon. Mr. Jones is employed to watch the bridge and lives in a small cottage on the river bank. Yesterday a force of railroad hands were at work repairing the iron structure. The boy climbed up to the bridge and was watching the men at work when he lost his balance and fell 25 feet or more to the swift current below. He was carried out of reach by the strong current and was drowned before help could reach him. The body was found in a deep hole some distance from where he fell.

Greensboro Telegram: The annual celebration at Guilford Battle Ground yesterday was fully up to the standard if not greater than any celebration in the past. The intense heat was a drawback but in spite of it there were tremendous throngs. People from Greensboro, from the surrounding country, and from more remote sections were there in a jolly good-natured throng. There was more than the usual number of attractions. Perhaps it is not too much to say that never in the history of the battle ground was such a fine array of speaking talent presented. It was much that so distinguished a man as Colonel Henderson was present. It was also great cause for gratification that he brought with him General Hunter, of Virginia, General Boynton, of Washington, General Payne, of Virginia, Hon. E. F. Ware, of Washington, and others. These visiting gentlemen entered with hearty zest into the spirit of the day and betrayed an interest in the proceedings that was deeply gratifying to local friends of the battle ground.

### Temperance Rally.

We must speak of the 4th of July grand Temperance Rally at Rain's Cross Roads. At the appointed hour 10 o'clock, the large crowd began to come in from the north, south, east and west until the spacious grove was filled to overflowing. This was a red letter day, for old Rain's Cross Roads. The crowd were in waiting sometime for Rev. L. Mitchell to address them on Temperance, but he failed to come. Nevertheless there were other speakers present, among whom were W. W. Rose, A. J. Southard and Elder Demetis Edgerton, the latter two from Beulah township. Their addresses were much appreciated by the large concourse of people who had gathered to hear the subject Temperance discussed. They handled their subject with gloves off.

Mr. Rose reminds the writer of Mark Twain, in getting off his gumption he poured hot shot into the drunkard's camp. There was much good accomplished.

May their good work go on. They organized and elected delegates to the State Convention to be held in Raleigh, July 7th. Elder Edgerton and his beautiful and accomplished daughter, Miss Flora, were appointed delegates to represent this section. A. J. Southard was elected President and W. W. Rose Secretary and Treasurer. JASPER HORNE.
