★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Alum baking powders are unhealthful. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from 10 cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.

NOT A PATENT MEDICINE.

Hyomei a Scientific Treatment For Catarrh by Breathing Medicatcd Air.

Breathed through the pocket inhaler that comes with every outfit, Hyomei destroys all catarrhal germs in the air-passages of the throat and nose, soothes and heals the irritated mucous membrane and effectually drives from the system all traces of catarrhal poison.

No one should confound Hyomei with the patent medicines that are advertised as catarrh cures. It is as superior to them all as the diamond is more valuable than cheap glass.

The complete Hyomei outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs but \$1, and extra bottles can be obtained for 50 cents, making it the most economical method of curing catarrh, as well as the most reliable.

Hood Bros. have sold a great many Hyomei outfits and have seen such remarkable results from its use, that they sell it under an absolute guarantee that it costs nothing unless it cures.

If you are troubled with Piles and can't find a cure, try Witch Hazel Salve, but be sure you get that made by E. C. DeWitt & Co., Chicago. It is the Original. If you have used Witch Hazel Salve without being relieved it is probable that you got hold of one of the many worthless counterfeits that are sold on the reputation of the genuine DeWitt's Witch Hazel Salve.
