Rev. D. F. Putnam, of Benson, is spending a few days here with his sister, Mrs. John S. Barnes. Mr. Duncan has just returned from a month's stay in Europe.

On Monday morning, August 20th, Mr. D. Lucian Flowers dropped down dead suddenly in his yard. After he fell he did not move or speak. He was known by people all over the county.

A few days ago it was reported that the road leading from the Clayton Iron bridge to Archer Lodge had not been worked in ten months, and was getting in wretched condition. Mr. J. H. Price, the rural delivery carrier, says that he will have to resign unless the road is put in better condition.

There was a very enjoyable picnic held near Mr. W. B. Garner's one day last week, so a correspondent informs us. Quite a large crowd attended and all enjoyed a fine dinner. Mr. Henry Starling treated the crowd to a load of watermelons. Those present appreciated very much the kindness of Mr. Garner in preparing the picnic grounds so that all could have a good time.

The two warehouses here are having big breaks daily now. People are bringing their tobacco here from far and near because they get good prices. Our Warehousemen are doing all they can to help the farmers to get the worth of their tobacco and the buyers seem to be very willing to co-operate with them. That the farmers who sell their tobacco here are well pleased is the strongest evidence that our market is a splendid success.

Miss Ora Pool has accepted a position in the millinery department of Mr. W. G. Yelvington's store. She left this week for Baltimore where she will buy a large and varied stock of millinery for the fall and winter trade.

Mr. H. H. Penny was in town yesterday with a load of tobacco that sold for over \$130. Mr. Penny raised some fine tobacco this year and good tobacco always sells well. He sold one lot yesterday for 25 cents per pound and another lot at 30 cents.

As is usually the case a large crowd was here Wednesday to attend the show. Let a circus be advertised to give a performance here and a large crowd will be sure to come to town. The show given here Wednesday was not like the usual one—it was a regular Wild-west affair, picturing life on the plains in the days of stage-coaches and Indians and horse thieves.

Rev. D. P. Bridgers, of Lumber Bridge, Bobeson county, spent Monday night here, and preached at the Baptist church. Mr. Bridgers delivered a very good sermon from the text: "For I am not ashamed of the gospel of Christ; for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek."—Romans 1:16.

Mr and Mrs. J. E. Stevens have been spending a few days here with relatives. They have been living in Greenville, S. C., for sometime where Mr. Stevens had a position with the Western Union Telegraph Company. He has received promotion and now goes to Atlanta, Ga., where he has a very responsible position with the same company. Mrs. Stevens will go to Atlanta in a few days.

The one paramount method in advertising is through the newspapers. We now aim to do in a month what was done in a year; to perform in an hour what formerly delayed us a month; finally to accomplish in a minute the labor of an hour. This condition has been largely brought about by newspaper advertising. You wish to sell something—you say so in the newspaper—it is sold. You wish to buy something—you say so in the newspaper—it is bought. The newspaper tells the people about what you wish to buy and sell—quick action—positive results.—Merchants Journal.

Wednesday afternoon a citizen of the county who had come to town to attend the circus, became a little dry, and approaching a young negro on the show ground near the depot, asked him if he could get him a little whiskey. The negro replied in the affirmative. Whereupon the before-mentioned citizen gave the negro 25 cents and asked him to bring the liquid that inebriates as quickly as possible. The citizen waited and became dryer and dryer, but the negro never came back. A certain old adage about money might with appropriateness be applied.

Mr. Paul Duncan, of Princeton, is spending a few days here with his sister, Mrs. John S. Barnes. Mr. Duncan has just returned from a month's stay in Europe. While abroad he visited many places of interest in England, Holland, Belgium, Germany, Switzerland and France. Mr. Malcolm McKinne, of Princeton, accompanied Mr. Duncan on this interesting trip. They encountered a hail and snow storm off the banks of Newfoundland Thursday, August 23rd. The HERALD would be glad to publish an article or two from these young men descriptive of their journeyings in a foreign land.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

T. O. Edgerton sold three barns of tobacco at the Farmers Warehouse for \$359.85.

Letter to W. L. Woodall, Smithfield, N. C.

Dear Sir: A man fed his hens half meal and half sawdust; he thought they wouldn't know the difference. He concluded they did when the eggs hatched woodpeckers.

Another man painted his house with a paint that was made of half paint-substitutes. He didn't know the difference—not till he paid the painter.

He had 20 gallons to pay for, 20 instead of 10. Got fooled \$12.50 on the paint.

He had 20 days' wages to pay for, 20 instead of 10. Fooled \$30 in wages.

He got a poor job besides. He paid too much for his eggs, and they hatched woodpeckers.

Yours truly
F. W. DEVOE & Co.

P. S.: Smithfield Hardware Co. sell our paint.
