COLD WAVE SWEEPS COUNTRY.

Heavy Snowfall Delays Traffic—The Northwest Blizzard With Thermometer Below Zero.

New York Feb. 5.—Ten inches of snow fell last night and today in New York and vicinity, equaling the record for twenty-four hours. The railroads suffered severely in demoralization of traffic, and late today the situation had not materially improved. The cross-town car lines were tied up completely and the elevated roads were badly hampered. As a consequence the subways, which are not affected by surface conditions, were more largely patronized than usual.

Philadelphia, Pa., Feb. 5.—The snow, which began in this vicinity early Monday, developed into a genuine blizzard, the worst since February, 1899. More than twelve inches of snow has fallen, and the high wind has drifted it in places to a depth of three or four feet. The storm has seriously interfered with all kinds of transportation. In many parts of the surrounding country the snow drifted so badly that no attempt was made to run trains on the schedules, and consequently many were abandoned.

Chicago, Feb. 5.—The heaviest snow-storm of the winter commenced last night, and was still in force today. The Western railroads were badly delayed, the through trains from California arriving five and six hours behind time, and on the shorter runs trains were from one to four hours late.

St. Paul, Minn., Feb. 5.—With few exceptions there has been below zero weather in this section for seventeen days, and for three days thermometers have registered 22 degrees below zero.

In North Dakota 30 degrees below was common, and this was coupled with terrific blizzards.

Winchester, Va., Feb. 5.—A storm that last night and this morning bore every appearance of a severe blizzard, has turned out to be the heaviest snowfall of the winter and the deepest February snow for several years. Snow has fallen to a depth of twelve inches.

Nashville, Tenn., Feb. 5.—Advices from Middle Tennessee report a deep snow, followed by bitter cold weather.

Boston, Feb. 5.—The traffic of Greater Boston was seriously hampered by the storm, which developed last night, bringing with it the heaviest snowfall of the winter. The snow made rapidly and was caught up by the northeast wind into troublesome drifts.

Train Killed Man at Four Oaks.

Our Four Oaks Correspondent sends us the following: Last Friday night about 8:30 o'clock Mr. Isaac Strickland, about 60 years old, was in Four Oaks and started to cross the Railroad tract. As he was on the crossing a local freight while shifting and running backward ran on him and cut off his left arm at elbow. He was taken at once to the depot building where Drs. Stanley and Wellons amputated the crushed arm. Mr. Strickland seemed to be getting along nicely for a day or two but it seems that there must have been some internal injuries, for notwithstanding the amputation was healing nicely, he died Wednesday morning about 8 o'clock. Mr. Strickland leaves a family to mourn their loss.

Hunting for Trouble.

"I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at Hood Brothers drug store. 25c.

BEWARE OF "DIGESTIVES"

The Only Way to Cure Stomach Disorders is by Strengthening the Digestive Organs.

The ordinary "dyspepsia" tablet has ruined more stomachs than all other causes combined. Giving temporary relief, it leaves the digestive system weaker than ever, and the tablets must be continued with increasing frequency.

The only way to completely cure stomach troubles is by strengthening the digestive organs with a Mi-o-na stomach tablet taken before meals. Used in this way, Mi-o-na excites the secretion of gastric juice, and when the food is swallowed, the stomach is ready to digest it. Mi-o-na stomach tablets are never sold in bulk, but in a neat box convenient for the purse or vest pocket, at 50c.

A guarantee is given by Hood Bros. with every box of Mi-o-na, that money will be refunded if the remedy fails to give satisfaction. This shows their faith in the merits of the remedy.

Clayton News.

The recent sleet tore the shade trees badly and broke down some of the telephone lines. Things are now in pretty good shape.

Owing to the very bad weather, things are pretty quiet there. Nevertheless the several industries here are going right along at the same rapid pace.

Mr. Ralph Johnson, one of Clayton High School's students, after an illness of several weeks at the home of his parents, has returned to resume his studies.

Mrs. Piety Barbour, an aged lady who lived at the home of Mr. and Mrs. J. E. Page, died after a few minutes illness on last Sunday morning about one o'clock.

Tonight (Wednesday) at the Baptist church, the marriage of Mr. Vernon Williams to Miss Maud Turley, will be celebrated. The marriage program as planned will be a very pretty affair.

Misses Ethel Creech, Daphne Williams, and Maud Broughton, students of the Baptist University at Raleigh, are here to attend the marriage of Miss Maud Turley to Mr. Vernon Williams.

If you haven't taken stock with the new cotton mill you will do well to confer with one of the subscription committee at once. You may learn some very important facts that will help you in the future.

Yelir.

The corrupt and graft-steeped dispensary of South Carolina is doomed. The people of that good state have disowned their kinship with the polluted creature of politicians' fancy and have decreed that thereafter the matter of whiskey or no whiskey shall be left with the several counties. That is Democracy, and it means, we are pleased to say, that instead of a solid whiskey State a great part of South Carolina will hereafter be under prohibition laws.—Charlotte News.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by Hood Bros., Druggists. 50c. and \$1.00. Trial bottle free.

Information received by the government from various Greek provinces indicates that the migration to America is increasing.

Raleigh, N. C., Feb. 2.—The Corporation Commission received this afternoon official notice from the Southern Railway that beginning Sunday, February 10th, an entirely new passenger train will be operated from Greensboro to Goldsboro, meeting every demand the Commission has made in the noted Selma Connection case, requiring the road to maintain connection with the Atlantic Coast Line. This train will leave Greensboro at 10 A. M., arrive at Raleigh, 1 P. M. and Goldsboro, 3 P. M. Leave Goldsboro at 4:30 P. M., leave Raleigh, 6:30 P. M. and arrive at Greensboro at 9:30 P. M. It is understood that since the decision of the Southern to put on this new train the Corporation Commission will withdraw all pending suits in connection with the Selma case.—Wilmington Star.

CATARRH GROWING LESS.

Due to the Use of Hyomei. Cures Without Stomach Dosing.

There has been a marked falling off of sales of catarrh cures in the local stores the past year. Medicines which were formerly purchased in gross lots are now seldom called for, and the druggist rarely buys more than a dozen at a time.

Hyomei is a notable exception to this decrease in sales. It is, in fact, largely responsible for the lessened sales of catarrh medicines, as it has cured so many people of catarrhal troubles that naturally there is less call for remedies for that disease.

There is no disagreeable stomach dosing with Hyomei. It is breathed through a neat pocket inhaler that comes with every Hyomei outfit. Hood Bros. gives their personal guarantee that the money will be refunded unless the treatment cures, so that you run no risk at all in buying this reliable remedy.

The complete Hyomei outfit costs but \$1. extra bottles if needed, 50c.

Legislatures all over the country are making an effort to reduce railroad rates. The Alabama Legislature has passed a bill fixing passenger fares at 2 1/2 cents the mile. The Indiana Senate has passed one making the fare two cents and allowing no excess charges for failure to purchase tickets.

COUNTY WITHOUT FUNDS.

The Shortage of Sheriff Aman Larger Than Expected—His Whereabouts Unknown.

Clinton, N. C., Feb. 5.—Further investigation into the affairs of A. W. Aman, defaulting sheriff and treasurer of Sampson county, and general merchant of Clinton, shows his shortage with the county to be larger than was at first supposed. It looks as if it will reach \$25,000 which, added to his mercantile liabilities of \$10,000 will amount in all to total liabilities of about \$35,000. His assets, consisting of mercantile stocks will approximate \$12,000. Sheriff Aman has absented himself since filing his deed of assignment and his whereabouts are unknown. His bondsmen have appointed incoming sheriff D. C. McPhail tax collector and he has taken charge of the tax books and is collecting the balance standing uncollected on them. The failure of Sheriff Aman is deplorable in many ways. There is no money in the treasury to meet the current expenses of the county or to pay vouchers of the public school teachers. But provision is being made to meet these obligations and it is hoped that the most pressing will presently be discharged. This is the worst failure of an individual nature that has ever occurred in Sampson county.—Wilmington Messenger.

Secretary Sherrill's Daughter to Wed.

We acknowledge with thanks, receipt of the following invitation:

Mr. and Mrs. John B. Sherrill request the pleasure of your presence at the marriage of their daughter, Mary Lilly, to Mr. Doyle Burkett Privett, at half past six o'clock, Tuesday evening, February twelfth, nineteen hundred and seven, Concord, North Carolina.

Marriage at Clayton.

Wednesday evening at eight o'clock at the Clayton Baptist church, Mr. Vernon Williams and Miss Maud Turley were united in marriage, the ceremony being performed by Rev. C. W. Blanchard, pastor of the church. The church was beautifully decorated for the occasion and presented a lovely appearance.

The bridal party entered the church to the strains of Mendelssohn's march skillfully rendered by Miss Daphne Williams, sister of the groom. First came the ushers, Messrs. Foster Barnes, Arthur Blanchard, Hezzie Jones and Tom Cook. They were followed by the attendants: Miss Lona Gully with Mr. Thurman Smith, Miss Mae Gully with Mr. John T. Talton, Miss Maude Broughton with Mr. Donnie Creech and Miss Pauline Hales with Mr. Ira W. Medlin. Then the groom with his best man, Mr. Will Weathers, entered the right aisle while the bride, leaning on the arm of her maid of honor, Miss Ruby Barbour, advanced up the left aisle. Meeting at the altar the vows were spoken which made them husband and wife.

Immediately after the ceremony the bridal party went to the home of Mr. D. H. Williams, father of the groom, where an elegant reception was tendered them.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at Hood Bros., druggists. Price only 50c.

It is said that the person for whom the bill was passed was in the capitol at one of the sessions when the subject was discussed.—Raleigh Correspondence.

Whiskey the Cause.

Most of the crime and misery in the world can be traced directly or indirectly to drinking and drunkenness. The New Bern Journal quotes Judge Walter H. Neal, who is holding Craven court this week, said, to quote the Journal: "that during the past ninety days he had tried sixty-three criminal cases and of these forty-seven were directly or indirectly crimes caused by the use of liquor. He told of the trickery used by men to evade the law in order to supply men with drink. He made the law clear and their duty was plain." —News and Observer.
