Stores to Close Thanksgiving Day.

Our merchants, at least most of them, have decided to close their places of business next Thursday, November 26,—Thanksgiving Day—and take a day of rest and recreation. The President of the United States and the Governor of North Carolina have both issued proclamations setting this day apart as a day of thanksgiving and have called on the people to assemble at their respective places of worship and give thanks to the All-Wise and beneficent Ruler of the Universe for His goodness and mercy to us.

We are glad to see our merchants take this step. It is nothing but meet that we should turn away from business cares and worries at least one day each year and render thanks to the Giver of every good and perfect gift.

RECEIVER'S SALE OF ROLLER MILL.

As Receiver of The Nense Milling Company, I will sell at public auction at the court-house door in Smithfield, N. C., on Wednesday December 16, 1908, at 12 o'clock noon, the entire plant and property of the said Company, which property is situated in the town of Smithfield, N. C.

This plant is new and complete in every respect. The machinery has been installed within the past twelve months, and in all it has not been operated more than two weeks. It produces a very satisfactory output both as to quantity and quality, and it is a money making proposition for any one with capital sufficient with which to operate it. It is equipped with the Barnard and Lens system of flour milling machinery, with a capacity of seventy-five (75) barrels patent flour per every twenty-four (24) hours, and a capacity of twenty (20) bushels corn meal per hour.

The power plant consists of a Weber gas producing engine, and is probably the most satisfactory and cheapest power except water power.

There is no better plant of its size in North Carolina, and this furnishes an excellent opportunity for some one to secure a big bargain that will undoubtedly prove profitable. This county produces more than forty (40,000) thousand bushels of wheat yearly, and if it was generally known that a regular market for wheat would be maintained here, the acreage in wheat would be increased. I will be glad to show prospective purchasers through the plant at any time.

Remember the date of the sale, December 16, 1908, at 12 o'clock. Terms cash. W. M. SANDERS, Receiver.

Dated November 16, 1908.
