INSTITUTES FOR FARMERS.

Three To Be Held in Johnston County the First Week in August. Well Known Leaders in Farm Work Will Be Present and Deliver Addresses. Farmers Are Urged to Attend and Join in the Discussions.

Farmers' Institutes will be held in Johnston county as follows:
Kenly, Wednesday, August 4.
Smithfield, Courthouse, Thursday, August 5.
Benson, Friday, August 6.
The object of a Farmers' Institute is to bring together the farmers in order that they may discuss and study the subjects relating to their business, such as the best methods of using fertilizers on various crops, the preparation and cultivation of the soil, stock raising and stock feeding, diseases of stock, grain and grass growing, trucking, fruit growing, improvement of worn soils, etc.
In addition to local speakers, Frank In Sherman, Jr., State Entomologist; W. A. Petree, Farmer and Tobacco Specialist, of Stokes county, and Dr. W. J. McLendon, of Anson county, will be present and discuss questions of interest.
An interesting program has been arranged.

All farmers and those interested in farming are invited and urged to come and ask questions and join in the discussions.
Morning session will open at 10 o'clock sharp, and afternoon session at 1:30. Bring pencil and blank-book to take notes.

W. A. GRAHAM,
Commissioner of Agriculture,
T. B. PARKER,
Director of Farmers' Institutes.

Dr. Edmundson, of Wilson, spent Sunday with Mr. R. H. Alford.

Mr. L. Z. Woodard is gone to Richmond on a business trip.

Mr. D. B. Sasser has been remodeling his planing mill and will start up again next Monday.

Mrs. J. C. Grady and Miss Eva High spent a few days last week at Middlesex.

The writer was sorry to have to omit last week's items. Sickness was the cause.

On last Friday evening we had biggest rain and most severe electric storm ever witnessed by our oldest inhabitants. The lightning struck the High school building damaging it right much. It also struck and set fire to the dry kilns of the Dennis Simmons Lumber Company, burning them to the ground. Their loss is estimated at \$15,000. Had it not been for heroic work done the whole plant would have gone up in flames.

We are pained to have to chronicle three deaths in our town since our last report: That of the little baby of Mr. and Mrs. C. W. Edgerton; Miss Menda Godwin who died last Saturday and Mrs. J. V. Watson who died Sunday night. This is quite a shock to our town as it is as many deaths as we usually have during a whole year.

Kenly, July 21, REPORTER.

Sees Mother Growing Young.

"It would be hard to overstate the wonderful change in my mother since she began the use of Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at HOOD BROS., Druggists.

Plenty of Hogs in That Town.

In one Johnston county town there are said to be as many or more hogs than inhabitants. The people not only raise their own meat, but sell hundreds of pounds of it. Of course the hogs scatter a few thousand fleas and are objectionable as citizens of the town in many other respects, but all this counts but little when the pleasure of owning hogs comes up. In June when giving in his tax there one man gave in forty head of hogs. He does not seem to be right sure that he listed enough but thinks forty is somewhere near the right number. He carries on a good deal of business and does not devote much time to hog raising or he would have more. Hogs from the country frequently come in to visit the town hogs. It is said the pigs go almost everywhere. When the grown hogs enter a store for groceries they are usually polite enough to go in at the back door.

How to Build up Rural Telephone System.

MR. EDITOR:
We desire to thank you for the kindly interest you have always shown in the development of rural telephony in Johnston county, and the aid thus given the Independent Exchanges.

We, the Johnston County Telephone Company, began business two years ago, to supply telephone exchange service for the town of Smithfield and build rural telephone lines. Now as to what we have accomplished we ask your readers to judge us by results. We have today 100 telephones installed in the town of Smithfield and 27 on our rural lines, with 20 more rural telephones to be put in just as soon as we can put up the wire.

We do not claim to be competitors of the Bell nor its allied companies, but we do claim that our mission is among our own people and the building up of the rural telephone lines. This cannot be accomplished though if our people set idly by and let the Bell companies undermine them as they have other companies that opposed their monopoly.

The Carolina Company, a sublicense company of the Bell, would not listen to the appeal of our citizens two years ago, to lower rates, but now they offer phones at almost any rate to get them in; hoping thereby to again control the field. We would say to each and every one of our citizens beware of the wolf in sheep's clothes. For is it not a known fact that these same people are now advancing the rates in Wilmington and Asheville but not one word do you hear from Raleigh although they are cities of near the same importance and population? And why? The reason is not far to see Raleigh has an Independent Telephone Company and these other cities have not. Stand by your home company and aid it to make our county a net work of wires as Union county is today.

In conclusion let us say that if the Bell company installs their phones under any pretense, that it will mean the forcing out of our phones and the same or worse condition will face us than at any time heretofore.

Yours truly,
Johnston County Telephone Co.

A Note of Thanks.

We desire to thank our friends and neighbors for their kindness shown us in the recent illness and death of our little son, Clyde Omax. J. L. BASS and WIFE.

It's Always Bad

The Best of Backs Are Bad When They Ache, and Smithfield People Know It.

A bad back is always bad. Bad at night when bedtime comes. Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill!

If you don't, some Smithfield people do.

Read a case of it:
Mrs. Fred Sasser, Second street, Smithfield, N. C., says: "I willingly recommend Doan's Kidney Pills as I used them and received the most beneficial results. Dull, nagging backaches caused me considerable suffering and often I could hardly get about to perform my work. I was restless and was caused much annoyance by the too frequent passage of the kidney secretions. A short use of Doan's Kidney Pills banished my backache and disposed of the kidney difficulty."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Just received a new supply of Letter Heads, Note Heads and Envelopes, linen finish, ruled paper. Place your orders with us and be pleased. Beatty & Lassiter, Smithfield, N. C.
