Picnic and Addresses at Corinth School House.

We intend to have a picnic at Corinth school house on Saturday, Mar. 19, 1910. It is in District No. 1, Ingrams Township. We want to have an educational address, and also an address by a representative of the Farmers' Co-operative Union.

We want, not only all of the neighbors and patrons of the school to come and bring dinner but any others who are in search of a day of pleasure and profit combined. And this is not all. We want our school to be the center of interest in the neighborhood, and in order that it may become a joy forever, we must make it a thing of beauty. Our plan is this: Each woman who will be so kind as to help shall ask some gentleman of her acquaintance. (Let the married ladies ask their husbands and the single ladies, young and otherwise—their brothers or their beaux) to accompany her to Corinth school house on Saturday, March 19. She must carry dinner for the gentleman and herself. She must also bring some flower seed, a plant or a shrub, to place in the soil of our school grounds.

Now flowers will not flourish in unimproved soil, so it follows if she wants the plant to flourish (and we think she will, for she will have the privilege of naming it) she must bring a sufficient amount of suitable fertilizer. The gentleman's part will be to prepare a suitable bed for the plant. We will not name the tools that he should bring, but will state for his benefit that the ground will need to be cleared of shrubs and small stumps.

This is a work in which every one can take part and find pleasure. Many hands make light work, so let many come and enjoy the addresses and the dinner and help beautify the grounds.
