#### Where He Wanted to Go.

A man went into the ticket office of the Colorado Midland Railway, at Seventeenth and California streets, recently, and said to Mr. Whitley, the ticket agent: "I want to get a ticket to Lame Water, Col."

"To what place?" asked the perplexed ticket man.

"Lame Water—it's a mining camp."

Whit put his head in his hands and thought deeply a moment. "Oh," he said finally, "you mean Cripple Creek, don't you?"

"Yes that's the place," said the man. "I got it wrong."—Denver Post.

#### GLENMORE NOTES.

The farmers of this section are beginning to sow cotton.

Some of our people returned from Mr. Vestus Hall's school close which was out Saturday, April 2nd, a good time, nice exercises, speaking and well-furnished table. The speaker was Prof. L. T. Royal, of Benson High School, who was enjoyed by all.

Miss Mary Rose, of Mill Creek, returned home Sunday afternoon after spending a few days with Miss Cleo Rose, of New Hope.

Miss Dannie Hood has returned home after spending some time with relatives and friends of Smithfield.

Miss Ophelia Weaver is home from I. C. College, Kingston, N. C., to spend a few days with her parents and friends of Mill Creek.

Miss India George spent Saturday night at Mr. P. B. Johnson's, of upper Meadow.

New Hope school closed Friday, April 1st, with a nice address from Prof. Canaday, of Smithfield. We were pleased to have him with us, for he always relates something good.

Mr. Jim Strickland left last week for South Carolina.

M. C. F. Bagley made a business trip to Kenly last week.

Mr. W. T. Wellons made a flying trip to Massey's Chapel Sunday.

#### OLD SPORT

There had been a domestic squabble at breakfast.

"You monster!" snapped the matron, who was always scolding; "you are not like my two former husbands. They were tender men."

"I never doubted that they were tender, Maria," ventured the meek man, "when you kept them in hot water all the time."—Tit-Bits.

## Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emergency of constipation and indigestion, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

#### MICRO NOTES.

Farmers in our section are nearly done planting corn and are preparing to go to planting cotton.

We are sorry to learn of so much sickness around here.

A great host of our friends left this morning for the Sunday School Convention at Wilson where they will remain until tomorrow afternoon.

We are sorry to note that Mr. Joe Pittman is in bad health and does not seem to be getting any better.

Mr. Fremont Eatten's wife has a cancer upon her upper lip which is giving her trouble. She is at Goldsboro now for treatment.

We have learned that Mr. Ira Blackman sold two acres of land for the purpose of a colored school college.

Smallpox has been raging around here rapidly for some time. It has been about through Mr. P. D. Holland's family but has not left many scars.

There will be services at the Missionary Baptist church next Sunday morning at 11 o'clock and also Sunday night at 7.

Remember prayer meeting every Sunday night and every Wednesday night at the Missionary Baptist church.

Micro, April 5.

#### Met His Death on Railroad.

Clayton, N. C., April 5.—Early Sunday morning some colored children while crossing the railroad at the crossing between Mr. R. H. Gower's and Mr. C. P. Ellis in West Clayton, discovered a man lying face downward on the cross ties of the railroad. They reported the matter to other parties who upon investigation found that the man had been killed by something striking him on the back of the head supposed to have been an east bound Southern freight train.

Later on others came and he was identified as Edus Chappell, living near Ebenezer church in Wake county. Mr. Chappell went to Raleigh Saturday morning and paid his taxes for last year and then came to Clayton where he remained until late in the afternoon when friends started home with him. On the road home he became angry with his would-be friends and began to stone them and to throw rocks at others that he passed on the road. Finally he left them saying that he was going back to Clayton and then to Raleigh, on No. 111 west bound Southern train due about 11 o'clock at night. Nothing more was seen of him until discovered by the colored children Sunday morning lying cold in death's embrace.

From the position in which he was found it seems that he had sat down on the railroad and went to sleep and it is supposed that an east bound freight train that passed between ten and eleven o'clock Saturday night struck his head and fractured the skull which resulted in death. A half pint bottle was discovered in his pocket with only the dregs left.

Dr. Noble, County Coroner, was notified and arrived on a freight about two o'clock and decided at once that the deceased came to his death by being hit by a Southern train.

Relatives and friends had arrived and immediately after the arrival of the coroner the body was turned over to J. I. Barnes & Bro., local undertakers, and prepared for burial which took place at the cemetery at Ebenezer Tuesday afternoon.

#### STOMACH MISERY.

Get Rid of That Sourness, Gas and Indigestion.

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Mi-o-na stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will brood nausea, dizziness, biliousness, nervousness, sick headache and constipation will follow.

Mi-o-na stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back.

Fifty cents a large box. Sold by druggists everywhere and by Hood Bros.

For constipation there is no remedy so satisfying as Booth's Pills—25 cents.

#### Three Men Get License to Marry One Girl.

Recently Register of Deeds Moore issued a marriage license for a certain couple in this county. That license has not been returned to indicate that the marriage had taken place. Last week another license was applied for and issued for another young man and the young lady whose name appeared in the previous license. Neither has this second license been returned, and today there was a third application from still another young man for a license to wed the same lady. This makes three licenses in the hands of three different men, all wanting to marry the same woman, and the question is which one of them will get her. Evidently two of the young men are going to get left.—Greenville Reflector, March 28.

The administration of police, and justice for a year costs London \$10,000,000.

"What harm has Wall Street ever done you?"  
"A whole lot," answered Farmer Cornstossel. "I got so excited talking about its doin's down to the store that I lose about seven hours a week right in the busiest season."—Washington Star.

The new main line railroad track built in the United States in 1909 amounted to 3748 miles. In 1908 3214 miles were laid.

#### The Oldest Newspaper.

Of the many thousands of newspapers in the world to-day, the Pekin Gazette is probably the most ancient. The Pekin Gazette is the lineal descendant of a daily news bulletin which made its bow to the public in the year 1340. In the more than five centuries of its life this newspaper has passed through many changes and appeared in various forms, but the paper that the Chinese read today is literally the same that was founded in the fourteenth century. It was not until European countries had begun newspapers on their own account that it was discovered that in Pekin the Chinese had superseded them in the newspaper business by many years.—Ex.

## The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak"; the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."
