

Paint keeps the Home Bright

A little paint here, a touch of enamel there, a brushful of varnish yonder—everyone can see a dozen such opportunities for brightening and beautifying the home. Perhaps it's the outside of the house that needs protection from the ravages of the weather; perhaps it's a chair, or dresser, the floor or woodwork that has become worn and shabby, or perhaps it's the family carriage, the farm wagon or the lawn swing that has ceased to be a source of pride. But no matter what it is that has become marred and unsightly from age and wear, there's an Acme Quality paint, enamel, stain or varnish that will exactly fit the need. We are agents in this vicinity for

ACME QUALITY PAINTS AND FINISHES

—the most scientifically prepared, the most satisfactory in appearance and wear, made in the largest paint and varnish plant in the world. Simply tell us what you want to do, ask for the proper Acme Quality goods for that purpose and you are sure to get the best that can be made.

The Acme Quality Text-Book on Paints and Finishes tells what Acme Quality Paint, Enamel, Stain or Varnish to

use, how much will be required and how it should be put on. It not only enables you to tell your painter or decorator exactly what you want, but makes it easy for you to refinish the many surfaces about the home that do not require the skill of the expert—the jobs that a painter would not bother with. "AUNT 'MIMA" CALLED AT 112.

Death at Glen, Md., Removes Montgomery county's Oldest Resident.

Rockville, Md., Nov. 7.—Jemima Dorsey, colored, probably the county's oldest resident, died of general debility last week at her home near Glen. According to Dr. William T. Pratt, who signed the death certificate, which gave her age, and who made special inquiry about her history, she was 112 years old.

"Aunt 'Mima,'" as she was called by every one, was born in Loudoun county, Va., and belonged to the well-known Hickman family of that county. Upon being set free she removed here.

Buster Brown's Philosophy.

Resolved, that the love of money is surely the root of all evil. It makes folks hate, murder, lie and commit all kinds of crimes. And what good is it? We cannot eat it or drink it or breathe it or sleep on it or wear it. If you were on an island alone with a billion dollars you would starve to death. The love of money pollutes politics and creates wars. There's enough in the world for all, but most people are not satisfied with enough. I can't help it. Beware of dishonest money, it can't buy happiness or peace of mind. You can only get a solid and pure happiness out of money you honestly worked for. It's a law of nature. So don't envy anybody their money. Get busy and earn your own. Don't gamble.—R. F. Outcault.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by Hood Bros.

A Successful Box Party.

Clayton, Nov. 8.—The box party at the Clayton Graded School was a success. A large crowd was present. The children present enjoyed themselves by "going a fishing." Sometimes they would catch a doll, a whistle, an apple, an orange or some peanuts and candy.

The three or four dozen boxes were neat and appetizing in appearance. They sold well, and after the sale they were heartily enjoyed by the groups about the hall.

A very interesting feature of the occasion was the voting contest to decide who was the prettiest girl present. The young ladies receiving the three highest number of votes were Miss La Rue Williams, Miss Zilphia Massey and Miss Katielbet Morris. There was much rivalry among the voters. Miss Massey and Miss Morris received over 200 votes each. Miss Morris, of Franklinton, a teacher in our Graded school, was awarded the cake by vote as being the prettiest young lady. The proceeds of the box party were \$46.60.

GETS NEW CHEEK FROM ARM.

London, Man, Undergoes a Delicate but Successful Operation.

A special from London to the Washington Post says:

Making a new cheek out of a man's arm, was the remarkable operation recently accomplished at Guy's Hospital. The man had lost most of the flesh of his cheek by an operation to remove a growth of six years. To take its place a piece of skin was partially removed from the right biceps, remaining attached to the arm by one edge. The arm was then raised and bent over his head.

The free end of the flap of skin was then drawn over the sunken part of the cheek, and stitched into place. Then bandages were firmly swathed around the arm and head, and the whole covered by a thick coating of plaster of paris, making the arm immovable. After three weeks the plaster and bandages were removed, when the piece of skin had successfully grafted itself onto the man's cheek. It was then cut away from the arm, to which it had remained attached, so that it could get blood supply until the grafting was complete.

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasner of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured. Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion,

PENNY POSTAGE HIS PLAN.

Hitchcock's Project Involves Higher Rate for Magazines.

Penny postage for first-class mail matter undoubtedly will be established, if Postmaster General Hitchcock is able to effect an increase in postal charges for advertising matter carried in magazines, which is now charged for at the one-cent a pound rate. The Postmaster General believes that if the magazine publishers are forced to pay three or four cents a pound for the advertising pages of their publications, the additional revenue will permit of letter postage being cut in two.

It will be a simple matter, according to officials of the Postoffice Department, to compute the postage to be paid on advertising pages of magazines, separate from the pages containing reading matter. It is intended to continue to charge for the latter at the present rate of one-cent a pound.

The plan to make this change in the magazine rate has not progressed far, but it was started at the department yesterday that the rate on advertising pages will be at least 3 or 4 cents a pound, and perhaps more.—Washington Post.

Prohibition in Atlanta.

Figures don't lie, and consequently they are the most effective weapon that can be used in combating the claims of distillers and brewers that prohibition does not prohibit.

Judge R. H. Preston has prepared statistics from Atlanta's official records which show that the number of drunks and disorderlies in that city has fallen off at an amazing rate since prohibition went into effect in 1908.

Arrests for drunkenness in Atlanta in 1907, the last wet year, totalled 6,508. In 1908 they numbered 2,650. In 1909 the arrests for the same cause were 3,741, and for the first nine months of this year they have amounted to 1,120. Granting that they continue at the same rate for the rest of this year, the total number will be 2,920.

These figures, in the face of the bitter fight the divekeepers have made to continue their unworthy traffic through so-called soft drink stands, show that efforts to break down prohibition have been futile and the sentiment for law enforcement is gradually banishing drunkennes.—Nashville Tennessean.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure, 25c at Hood Bros.

Adds Triplets to Her Dozen.

Already the mother of 12 children, Mrs. William Jones, of No. 1233 Locust street, Camden, yesterday gave birth to triplets, all girls. Last night all the new arrivals were doing finely, and their mother, who is 41 years old, was in excellent spirits. The father of the triplets is employed as a driver for a Camden manufacturing concern, and he went about his regular duties yesterday just as though nothing unusual had happened at his home. They have been married 21 years.—Philadelphia Record.

BANK DEPOSITORS SUFFER.

Failure of English Concern for \$12,500,000 Causes Woe.

London, Nov. 5.—The failure of the Charing Cross Bank, with liabilities of \$12,500,000 and assets estimated nominally at about half that sum, has brought forth many harrowing tales of distress from small depositors who had been tempted to place their all in the bank by the offer held out of high rates of interest on deposits withdrawable at long notice, say a twelvemonth or more.

There is one hard-headed Scotsman who has no need to join the chorus of lament. He put a few thousand dollars into the Greenock branch of the bank at long notice, the interest agreed upon being 7 1/2 per cent per annum. Then he insured his deposit with Lloyds for a 2 1/2 per cent premium. The consequence is that his capital has been restored to him intact, and he has had a safe 5 per cent dividend on his money all the time it was invested.

Stomach Troubles Cured by Vinol

HERE IS PROOF

"I suffered so long from stomach trouble and indigestion, that I lost flesh rapidly—VINOL cured me after everything else had failed. It strengthened my digestive organs—gave me a hearty appetite, and I can eat anything without the slightest distress. I do not believe anything equals VINOL for stomach trouble and indigestion."

W. E. WATERHOUSE,

Portland, Me.

Mr. Thos. G. Wallace, of Detroit, Mich., writes, "I suffered for years from a chronic stomach trouble. VINOL entirely cured me after everything else had failed."

It is the curative medicinal elements of the cod's liver, combined with the strengthening properties of tonic iron contained in VINOL, which makes it so successful in restoring perfect digestion, and at the same time building up the weakened run-down system.

Try a bottle of VINOL with the understanding that your money will be returned if it does not help you.
