**Stump Blasting At Wendell.**

As already announced in our advertising columns, a representative of the Du Pont Powder Company will give a demonstration of Stump Blasting in the town of Wendell. (Call at Wendell Hardware and Furniture Co.) In addition to showing how to blow out stumps, the representative of the above company will also demonstrate how to plow land with dynamite, that is, subsoil blasting, an operation which has been performed with wonderful success in certain parts of the country, particularly by Mr. J. H. Caldwell who used dynamite with excellent results for subsoil blasting, on some farm land of his, near Spartansburg, S. C., prior to planting it with corn this spring. These results have shown that subsoil blasting is no longer an experiment, and it will be worth while for every farmer interested to be on hand and see just how the operation is performed.

Dr. W. H. Wakefield, of Charlotte, will be in Smithfield at The Hotel on Wednesday, December 7th. (At Four Oaks on the 6th and Kenly on the 5th.) One day only.

His practice is limited to the medical and surgical treatment of diseases of the Eye, Ear, Nose and Throat and Fitting Glasses.
