Mr. Cheatham was formerly rector of the church here and has many friends who will be glad to hear him again. The public is cordially invited to attend the services.

Next Monday week is to be a great day for Smithfield and Johnston County. This is the day which has been set apart as Educational Day. It will be a Red Letter day in the history of education in this County. Representatives from all the leading schools in the county will be here and take part in the Athletic-Declamation-Music contest. But that is not all. Our eloquent Governor, Hon. William W. Kitchin, will be here to make an address. Let everybody throughout the county who can attend be here to help make the day a memorable one. A program of the exercises was published in our last issue.

Board of Education Meets.

The Board of Education was in session here Monday with all members present. Ten petitions asking for special tax elections were passed upon by the Board and the County Commissioners ordered elections held in each on May 16th. Those who presented the petitions expressed themselves as being confident that the elections would be carried with very little opposition. What a great day for education in Johnston! The spirit abroad in the land is bit an earnest of the greater day ahead.

The Millinery Openings.

All the millinery stores of Smithfield held their spring millinery openings last Tuesday. Many beautiful designs of spring and summer head-gear were shown on that day and much favorable comment was heard from those who visited these stores. The proprietors say that the openings were a complete success in every particular. A number of people from out of town were here to see the new styles that are to be worn this season. No town in the county can make a better showing than Smithfield and we bespeak for our enterprising merchants who carry a line of millinery a liberal share of the patronage of the public. They are all advertisers, using the columns of The Herald. It might interest our readers to look out for their future announcements.

Concerning a Former Johnston County Man.

We regret to see Johnston County people leave the County, but some of them will get out and try other sections of the Country, to live and do work or business. When they do leave us, we are always glad to hear of their prosperity. Most men who have gone from Johnston County have succeeded, we are glad to say.

Mr. James W. Benson, who moved from Benson to Troy, N. C., some time ago, is well pleased with his location and is doing a fine business. He runs a drug store at Troy and has recently bought another drug store, as will be seen from the clipping printed below, which is taken from The Troy Montgomerian:

"J. W. Benson, our progressive druggist, has bought the Biscoe Drug Store and will operate it in connection with the Troy Drug Store. The new business will be known as Biscoe Pharmacy. Biscoe is a thriving town on the A. & A. Ry., noted for its excellent high school and good citizenship. It has one cotton factory, one chair factory and the A. & A. R. R. shops."

Appointment.

Rev. W. T. Hurst is expected to preach the second Sunday afternoon in April at the residence of Mr. J. Shep Johnson, at 3:30 o'clock.

Mr. C. G. Temple, of the Archer section, was in to see us Monday. Mr. Temple says that he heartily endorses the letter of Mr. W. M. Sanders in the last issue of The Herald in regard to the recent road legislation for this county. He says that a great many people are very much disappointed over the action of our Representatives in failing to give the road legislation asked for by the mass meeting of the citizens of the county held here on February 6th. He says that if our Representatives had given the opportunity to vote on the bond issue for roads, he is confident that three-fourths of the people of his section would have voted for it.

Mr. J. P. Pittman, editor of the Dunn Guide, was in the city yesterday.

VEGETABLE LAXATIVE

No. 82

CREECH'S LAXAGESTINE

If you never washed your face, you could not expect to have a handsome, clear complexion.

Uncleanliness on the inside means that the poison and dirt penetrates your system and you cannot be healthy. At times nearly every one needs a laxative to tone the stomach, stimulate and invigorate it, as well as clean it out.

A purgative does not remove the cause of the trouble, but cleans out the juices and fluids of the stomach and intestines, leaving them in an unnatural condition, so they cannot properly perform their functions and thus the trouble is aggravated and the digestive organs are weakened.

Our laxative—CREECH'S LAXAGESTINE—is entirely a vegetable compound. It is gentle but sure in its action, thus assisting nature in overcoming the trouble. Its use will make you healthier and often save discomfort, stomach disorders and even serious ailment.

EVERY BOTTLE GUARANTEED.
