PHILADELPHIA DIAMOND GRID BATTERY

With the PHILCO Slotted Retainer
Guaranteed For Two Years

MOST Automobile Starting and Lighting Batteries are not guaranteed at all. Some are guaranteed for short periods. Others are guaranteed by the Service Stations that sell them and not by the manufacturers.

None of these gives you the business-like protection and assurance of continuous, satisfactory service that you should have.

Mind you, we do not claim that there are no other good batteries—for there are. But we do claim that the Philadelphia Diamond Grid Battery, with its two exclusive engineering features—the Diamond Grid—built like a bridge for strength—and the Philco Slotted Retainer, is more than a "good" battery—

It is a battery whose engineering betterments justify the manufacturers in backing their confidence in it by its Two Year Guarantee.
