

NEWS FROM WILSON'S MILLS

Wilson's Mills, July 5.—Mr. Noah Wilson spent Tuesday in Raleigh. Miss Odessa Massey spent the week end in Smithfield with Miss Ruth Brooks.

On Friday afternoon at the home of Mrs. W. G. Wilson a "Good Time Club" was organized. The membership of this club will consist of the young people of the town.

As a result of the State convention at Wilmington a Christian Endeavor Society has been organized at the Christian church.

Attending the Smithfield-Wendell ball game Monday were Messrs H. M. Wilson, J. A. Wilson, C. K. Parrish, O. H. Ellis, Leonard Massey and Charles Wilson.

The Wilson's Mills people have every right to be proud of its younger citizens. In one distinctive place or another they soon find a realm and fill it.

Miss Viola Todd, who holds a position in Goldsboro spent Sunday and Monday at the home of her parents, Mr. and Mrs. J. A. Todd.

Miss Lillian Corbett, of Selma spent the week end visiting Miss Beatrice Smith.

Miss Nellie Massengill and Mr. Delma Massengill of Pine Level spent the week end visiting Misses Eula and Mildred Todd.

Mr. Wilbert Wiggs and Mr. Albert Oliver of Pine Level visited friends here Sunday evening.

Miss Libby Ellis has returned home after a week's visit to Goldsboro.

Miss Pauline Ellis who holds a position in Goldsboro is spending the week at her home.

Mr. and Mrs. J. D. Smith of Rocky Mount are spending several days with Mr. and Mrs. Dave Parrish.

Mrs. Dave Parrish returned Tuesday from Rocky Mount where she visited relatives and friends.

Carpentier To Follow Orders

Manhasset, N. Y., July 5.—Georges Carpentier will spend several weeks just following the doctor's orders, Francois Descamps, his manager announced today.

This, Descamps said, precluded the possibility of a bout between Carpentier and Tom Gibbons in the big Jersey City arena on Labor Day.

Tex Rickard, promoter of the recent encounter, announced that he might arrange such a bout on the day named but said he had not conferred with any official of the Frenchman's camp.

Carpentier's plans are somewhat indefinite, but it was learned that he is seriously considering taking a trip to France before he engages in another bout in this country.

JACK DEMPSEY LEAVES NEW YORK FOR SALT LAKE CITY.

Trouble Comes For Champion From Two Directions; To Take Vacation Probably In California.

New York, July 5.—Jack Dempsey, world's heavyweight boxing champion quietly left his hotel here late today and short time later was aboard a train bound for Salt Lake City, Utah.

The title holder will visit his mother, Mrs. Celia Dempsey, to whom he addressed a telegram announcing his victory shortly after he stepped from the ring.

Line Highway With Trees

This county is several hundred years ahead of France in many particulars, but when it comes to good roads the French can teach us many things.

This State is going to spend \$50,000,000 for good roads. Our roads will be as fine as any State's or country's but wouldn't they be better, prettier, and more impressive if they were flanked on either side by rows of huge, immense trees?

The State will provide mile posts for the new roads, and if we understand the law correctly, only the official sign post will be allowed. That is right.

Roads and Heavy Traffic

Interests having to do with transportation by motor truck are naturally eager for good roads. So is the public. But unfortunately the good road that will stand heavy traffic has not yet been evolved.

But would that help much? How long does a pavement last on Kentucky Ave. or any of the Indianapolis thoroughfares where very heavy hauling is the rule?

History and a few well known facts seem to point the way to more satisfactory road making. Many of the Roman roads on the continent of Europe and in England are still in existence.

Mr. and Mrs. W. H. Hipps are spending some time with relatives in Asheville.

CLUB GIRLS' SHORT COURSE

By NORMA HATCHER.

(Second Prize.)

The club girls of Johnston county were given a most unusual opportunity when they were permitted to attend the State Short Course at Peace Institute, Raleigh.

We arrived in Raleigh about four o'clock Monday afternoon. The rest of the afternoon and evening was spent in putting our rooms in order and getting acquainted with the girls from other counties.

Tuesday morning we were rested and ready to begin our work. We all met in the chapel at 8:30 o'clock to hear what we should do first.

Wednesday morning at 8:30 we went to our classes. Six of the girls were selected to cook a breakfast and six others to eat it.

Thursday morning we carried out our usual program for our lessons. About two o'clock Colonel Olds, a well known man in Raleigh and all over the state, came to take us to see the many sights of our capital city.

Friday afternoon we all went shopping. The crowd was divided into groups of eight girls each. We visited several department stores and took special notice of the arrangement of certain articles in the stores.

Saturday morning we arose and began to get ready to go home. We had enjoyed our trip so well, we felt a little sad to have to leave just then.

Micro, N. C. "The shipping of Elbertas will start in a few days. This variety of peach is grown more extensively in Moore county than all others combined and brings a better price.

Moore County Peaches

Bad Breath

A Healthy person's breath is without odor, unless he has recently been eating something like onions or strong cheese. A sick person's breath is often charged with certain volatile products that make it most disagreeable.

The causes of constant bad health are numerous. The most common are bad teeth, catarrhal conditions, of the nose or pharynx, indigestion, constipation and certain diseases of the lungs and of the bronchial tubes.

A writer has distinguished five types of bad breath. The first type he calls the putrefactive, which is perhaps the most common. The odor is like that of strong cheese and usually points to chronic nasal disease, in which crusts are formed and decompose, to disease of the antrum, in which the secretion accumulates in that cavity and to neglect of the hygiene of the mouth.

Anyone whose breath is persistently bad should consult a doctor, for it may mean the beginning of some constitutional affection that can be cured if taken in time.—Youth's Companion.

Postal Savings

The Postmaster General is on the right track in seeking to bring into circulation and profitable employment the \$1,000,000,000 which he claims is now being hoarded and therefore lost to industry.

Mr. Hays has no design to put the postal savings system in competition with private savings banks. He recognizes that that would be an unfair as well as a disastrous policy.

The intention is to inspire courage and confidence in the small capitalist, who through timidity does not patronize a bank of any sort and who keeps his money where it earns nothing and where it is an easy prey to loss, waste or "wildcat" schemes.

It is conceded that here is a great era of expansion and prosperity ahead and if an extra billion of capital can be put profitably to work, the beneficial results can scarcely be imagined.

Cooperation Necessary

There are some good people who seem to think that the farmer should not concern himself with matters of marketing. They look upon him as a man whose scale of business is to produce.

Senate Not to Take Recess

Washington, July 5.—The agricultural bloc of the senate today caused the defeat of a proposal for adjournment of the senate next Saturday for four weeks while the house is considering the tariff bill.

By a vote of 27 to 24, an adjournment resolution offered by Senator Lodge, of Massachusetts, the Republican leader, was voted down.

Chairman Norris and Senator Kenyon, Republicans, Iowa, of the agricultural committee, with the assistance of Senator Simmons, Democrat, North Carolina, urged immediate action to aid agricultural interests and to aid the opposition to adjournment.

After defeating the adjournment resolution, the senate agreed to proceed tomorrow with the soldier's bonus legislation. Four senators, Un-

derwood, Myers, Montana and Glass of Virginia, Democrats, and Warren Republican, Wyoming, voted against giving the bonus measure privileged status.

In behalf of agriculturists, senator Norris urged early action on his bill to create a \$100,000,000 government corporation with power to issue \$1,000,000,000 of tax-exempt bonds to aid exportation of farm products.

Senator Underwood declared the Norris bill would not be delayed by adjournment. He declared, and Senator Norris conceded that it would take several months for organization of the proposed finance corporation.

14 Presidents Farmers

Nine presidents of the United States were not college men. Nine were sons of farmers, and five of planters.

Three were sons of merchants, and three of clergymen.

Two were sons of lawyers, and one of a jurist.

Eight presidents were born in Virginia and seven in Ohio.

Three were born in New York, and three in North Carolina.

Two were born in Massachusetts.

The others were born one each in New Hampshire, Pennsylvania, Kentucky, Vermont and New Jersey.

Only one president (Grant) was a graduate of West Point and none of Annapolis.—Capper's Weekly.

Lightning Kills Young Lady

Shelby, June 28.—During a thunderstorm yesterday, Miss Maude Gold, 24 year old daughter of Mr. and Mrs. J. O. Gold, was instantly killed by lightning as she sat on the porch with other members of her family.

Her younger sister, Miss Ethel Gold was badly shocked by the lightning but soon recovered. Miss Gold was a splendid type of young womanhood and her death was a source of sorrow throughout the community where she was known.—Greensboro News.
