

BRYAN TAUGHT LARGEST BIBLE CLASS IN WORLD

Elder in Presbyterian Church. Made Money in Florida Real Estate—Often Preached

Miami, Fla., July 28.—William Jennings Bryan was an elder in the First Presbyterian church of this city and teacher of its open art Bible class, which was conducted in Royal Palm park every Sunday morning. This class has the distinction of being the largest of its kind in the world and is frequently attended by thousands of persons.

Bryan was active and influential in the business, social and religious life of Miami. He frequently filled the pulpit of the First Presbyterian church and occasionally preached in other churches here.

Thursday afternoon teas in the Bryan home were probably the most largely attended social functions conducted in or near Miami. His home at Coconut Grove was the mecca of thousands. Recently these teas had been discontinued because of the ill health of Mrs. Bryan.

Mr. Bryan is credited with having prospered greatly in his ventures here in the real estate field and is estimated to have made from \$250,000 to \$1,000,000 in the sale of real estate. His home Villa Serena, south of Miami, was recently sold by him at a considerable profit, and he bought a less expensive suburb of Miami, near the home of his daughter, Mrs. Reginald Owen.

BILIOUS ATTACKS

From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky.—Mr. J. P. Nevins, a local coal dealer and farmer, about two years ago learned of the value of Thedford's Black-Draught liver medicine, and now he says:

"Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times a day. I would be very

relieved. I had me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. "It seemed to cleanse my whole system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep and could do twice the work." Mosquitoes Never Bite in This Town

In a small town near the coast where mosquitoes have ever been famous folks found a way to keep them tame. Their secret is to use a nice white stainless salve called Cru-Mo. It comes in tubes and only costs a few cents. Mosquitoes never pester these folks who use Cru-Mo. It is unlike anything you ever used for mosquitoes. Has no bad odor, does not evaporate, and loses its effect like old fashioned oils do. Spread it lightly over the skin and you'll never get a mosquito bite. How the children love it. Best for fishing, camping, or home use. At all drug stores.
