Many people from this and adjoining counties attended the Meadow township fair. The display of exhibits was said by the judges of each department to be very good. Our first fair was a success. Let's begin now for a bigger, better fair next year.

The program on Friday evening of the fair was greatly enjoyed by all present. The Poplar Grove club gave a very amusing automobile stunt, after which Mr. A. G. Glenn, the new Meadow principal, made a sort talk. Mr. Glenn urged

one hundred per cent attendance for at least the first few days and every day as far as possible. He also stated that he desires the hearty cooperation of all the patrons of the school. Mr. J. L. Lee made a short talk in which he thanked the people for their services rendered during the fair. Prof. Anderson of the State College of Agriculture and Engineering, delivered an excellent address, his subject being "Where Are We Going in North Carolina Rural Life?" He put forth four ideals which the rural life should attain. They were: a higher moral and ethical character in which the churches should be the dominant force; better educational advantages for the rural boys and girls; more healthy and sanitary environment in country homes; and more cooperative activities. He made his message very interesting by using the story of the Wise Men as told in the Bible for an illustration. After this Mrs. R. E. Mosley made a short talk. The Benson orchestra furnished delightful music for the occasion.

The farmers of Meadow who have taken stock in the Benson Creamery attended the organization meeting at Benson held recently.
