## SPECIAL AUTOMOBILE EDITION

*"And--step by step--  
Since time began,  
I see the steady gain of man!"*

--Whittier

**A**s long as Ambition's celestial spark kindles the fire of Determination in the heart of Man -- Progress is the inevitable result. And as we look about us, we see that spirit of Progress marching onward! Unchecked! Unabated!

**For proof this, we cite that modern vehicle of transportation -- the AUTOMOBILE!** First, let your imagination wander back through the pages of its history and picture its "horseless buggy" infancy. Next, turn slowly those pages through the days when the Automobile had rear doors, no roof and folks held their breath if they saw one going faster than fifteen miles an hour!

**Then -- follow up its Progress through to the present day.** Recall how the skilled technicians of the Automotive trades -- sheerly by their ambition and determination to give us better, faster and more comfortable transportation -- have transformed that awkward gasoline chariot of old into the veritable "palace on wheels" of TO-DAY!

**Verily, it has been a Progress that passeth all understanding.** A Progress that in many ways -- too numerous to recite here -- has brought to us all a Greater and Sounder Prosperity!

And it is to that spirit of Progress that we humbly dedicate this Special Automobile Edition of
