Boards Consider School Budget

Commissioners Spend Large Part Of Yesterday Ordering Tax Releases; Other Items.

The County Board of Commissioners met in regular session here yesterday with every memher present. In the afternoon, the County Board of Education met with the commissinoers and the school budget which was presented at a September meeting was taken under consideration. No formal action was taken regarding the budget but it is inferred, from the fact that the county superintendent of schools was asked to figure the rate, that the budget will be approved as presented.

At the meeting yesterday the commissioners approved the sale of \$160,000. The notes were sold to George Craven at 4.59.

The most of the day was spent in listening to tax complaints and the following releases were or-
